HAYNES GIVES UP; DENIES MURDER

Merriam Budget Totals More Than Half Billion

GOVERNOR IS OPPOSED TO NEW TAXES

Expects Expenditures of
170 Million Over
Last Biennium

SACRAMENTO, (AP)—A budget for the next two years, calling for the expenditure of more than a half billion dollars, was in the hands of the legislators today, having been presented by Governor Merriam personally at a joint session of the two houses late yesterday.

The sum total, including state funds and federal grants to California, will reach \$504,588,697 in expenditures during the coming biennium, the governor estimated. Of this sum \$446,266,507 will be state money and the balance federal grants.

Local Payments Higher

In presenting his message to the legislature, the governor said: "During the next biennium, 1937-39, approximately \$233,000,000 will be required to meet the payments to local governments within the state."

"Total payments and grants to local governments during the 1937-39 biennium are estimated at \$21,028,065 more than the amount of such payments during the present biennial period."

Includes School Aid

"Included in this total are payments for support of public schools; payments for aid to the aged, needy, blind and orphans; apportionments for county roads and city streets; together with other items of support and apportionment."

"Payments to minor civil divisions represent charges against the state government which are beyond executive control. They are fixed charges written into the constitution."

ASSERT FROZEN FRUIT PACKED

A complaint against an Orange county citrus packing house for alleged violation of state laws involving shipment of frozen fruit was reported to have been issued today.

Frank M. Kramer, supervising inspector for the state department of agriculture, was quoted in Los Angeles as saying that a complaint was issued against a shipping group in Orange county and another in Riverside county. "The fruit involved was packed after the first of last week-end," Kramer said. "We will insist that it pass inspection and if it appears that shippers were violating the law, they will be prosecuted."

Nine carloads of fruit, suspected of showing frost damage, were seized for inspection by officials of the state department of agriculture yesterday.

Yesterday it was learned that fruit in a Fullerton packing house is being held up by state inspectors for check on damage.

District Attorney W. F. Menton said that no complaints had been issued up to noon today.

Uncle Sam Offered Bowl Job

Uncle Sam likely will be asked to aid the city of Santa Ana in extensive improvements on the Santa Ana Municipal bowl.

The Journal learned today that a WPA project is being set up by the city for submission to the government agency. Work now is centering on figuring out the ratio of cost of material to labor, which must be satisfactory to the WPA before a project is accepted.

Recently the city council revealed plans for improvements and expansion of the municipal bowl at a cost of about \$6000. At that time it was said that the bulk of the work planned would not be done until after the next fiscal year, so that the expense to the city could be arranged for in the city budget.

Students Revolt 12-Month Term Gets 'Bird'

By BOB GUILD

"The short school day, the five-day school week and the three months vacation were designed for the manual age when children were expected to do farm chores when not attending school. Now we have moved off the farm there is no longer need for so much leisure."

Dr. Peterson, if you listen to the school-going Santa Ana youth, you're all wet.

The school pupil of today has his work to do just as the school boy of the "manual age" had his to do.

Thumbs Down
Dr. Peterson advocates a school day from 8 a. m. to 6 p. m., six days a week, 12 months out of the year, for everyone between the ages of 6 and 21.

But Santa Ana school kids think differently, no matter what the age—from grammar school to junior college.

Brent Wahlberg, student at Santa Ana High school, had an immediate reaction.

"Terrible!" he cried. Then he reconsidered.

Must Work
"It'd be a good idea," he said—"after I get out of school."

"We wouldn't have any time for making any money, you know. You've got to work sometime."

Ralph Guzman, of Willard Junior high school, was emphatic: "Naw. I wouldn't like it. I'm

going to quit as soon as I get out of junior high anyway. I got to go to work."

Take Jimmy Brown, of Fullerton High school:

"Holy cow! That's be terrible! I have enough trouble as it is."

Or Johnny Honan of Spurgeon school in Santa Ana:

"Oh, I'd like it. I think 'if you didn't have to do so much work afterward.'"

You see, they have to work—all except Jimmy Brown—and I expect he has home work to do.

Would Be Boring
Billy Selby of McKinley school said he "wouldn't like it so good."

"It's too late at night," he said, "and who's going to start it, anyway?"

Paul Rossiter, Santa Ana Junior college student, had ideas:

"But like it. I think school would become too boring, and you wouldn't have time to do your studying."

"Besides, students working their way through school wouldn't have time to make their way. How'd they get an education?"

And listen to Ira Cole, McKinley school:

"Why, heck, no! I'd rather have that time to work on my model planes and my radio. I got a swic invention coming up—I'm going to get London, France and Germany on a crystal set."

"How could I do that if I had to go to school all the time?"

SIX DEAD IN FLOOD FEARS OIL BLAST GRIP EAST

4 Women, 2 Men Burn to
Death When Pipe
Line Explodes

PRYOR, Okla. (AP)—Four women and two men were burned to death last night near Strang, when an oil line of the Gulf Oil & Refining company exploded while a crew of seven men was attempting to repair a leak.

Five others were burned seriously and were brought to a hospital here.

The dead: Mr. and Mrs. Carrie Barnett, Guthrie, Okla.; Mr. and Mrs. Arthur Gilliam, Stroud, Okla.; Mrs. John Estes, Avant, Okla.; Mrs. John Lamb, Seminole, Okla.

The women, all of them wives of the workmen, were trapped in their motor car as flames leaped up from the pipe line.

Leaking oil became ignited from an acetylene torch being used in welding operations.

Ex-Kaiser in
Bed With Cold

DOORN, The Netherlands. (AP)—Former Kaiser Wilhelm was confined to his room at Doorn House today because of a cold. He will be 78 years old Jan. 27.

The former kaiser caught cold while chopping wood during recent raw weather.

Many Rivers Go Out of
Banks; Families Are
Evacuating Homes

CHICAGO. (AP)—Rain-swollen streams surged over their banks in the Middle West and East today, flooding lowlands and menacing a wide expanse of territory from Missouri to Pennsylvania.

Torrential rains which reached cloudburst proportions created the most acute flood conditions in years in many communities.

Streams approached or reached flood stage in Ohio, Pennsylvania, Indiana, Missouri and Illinois.

Many Ready to Flee
Forecasters of colder weather raised hopes for abatement of rains in some sections. Meanwhile, many families prepared to evacuate their homes if indicated rises in river stages materialized.

More than 100 families near Hamilton, Ohio, a like number in Poplar Bluff, Mo., 75 in Williams-ville, Mo., and hundreds in Indiana fled from their homes yesterday.

Police and firemen used boats to rescue families marooned by flood waters near Indianapolis, Dayton and Columbus.

Schools Closed
Schools were closed by flood waters in some southern Indiana and Ohio communities. Water covered the business district of Portland, Ind. Herrin, Ill., was virtually isolated by water which covered some southern Illinois highways to a depth of three feet.

Thousands of acres of eastern Illinois lowland were inundated when the Wabash rose to 20 feet, four feet above flood stage.

Backwaters from the Allegheny river threatened the business district of Oil City, Pa.

Some streets were flooded in Louisville, Ky.

Pope Has Another
Night of Pain

VATICAN CITY. (AP)—Pope Pius XI, resting on his wheeled divan, applied himself to affairs of state today after another night of intermittent pain.

The pontiff discussed church affairs at great length with Eugenio Cardinal Pacelli, papal secretary of state.

Although his fitful sleep was troubled with pain during the early morning, the Pope's condition was officially reported as stationary.

COUNTY GETS HUGE STATE ALLOTMENT

\$3,500,000 School Fund
Allocated; Roads Get
\$805,782 Gas Taxes

Orange county will receive more than three and one-half million dollars from the state for support of schools in the next two years.

State aid for county roads will amount to \$805,782 in the same period, an increase over the amount allowed in recent years.

Last Year Same

These were announced today by Associated Press in a review of Governor Frank F. Merriam's budget.

The allocation for Orange county schools is approximately the same amount per year as now in effect, and may vary according to average daily attendance, Superintendent of Schools Ray Adkinson said.

Double Road Fund

It provides \$1,944,155 for elementary schools, \$1,392,935 for high schools, and \$216,435 for junior colleges during the 1937-39 biennium. This year's allocations were \$959,805.34 for elementary schools, \$660,972.86 for high schools, and \$131,710 for junior colleges.

Road funds, coming from motor vehicle registration fees and from the gasoline tax, provide \$805,782 for the coming two years as compared with \$340,000 for this year.

ORMISTON IS DEAD IN L. A.

LOS ANGELES. (AP)—Kenneth G. Ormiston, 41, radio engineer who figured in the inquiry into Aimee Semple McPherson's mysterious disappearance in 1926, died today of a heart attack.

Ormiston underwent the operation last Sunday at the Queen of the Angels hospital.

Ormiston had been radio engineer for the Columbia Broadcasting Company for several years.

His name came up during the investigation into Mrs. McPherson's abrupt disappearance from an ocean beach near Los Angeles.

The evangelist re-appeared in Mexico six weeks later with the story she had been kidnapped and held in a Mexican hideaway by unidentified persons.

An investigation was made into a report that Mrs. McPherson and Ormiston had been seen together in a Carmel, Calif., cottage during the period of her strange absence. Both Aimee and Ormiston denied the report.

Free Band Leader
On Murder Charge

NORWICH, Conn. (AP)—Robert A. Simpson, band leader, was acquitted of charges of murder and rape today by a court of three judges.

Prosecuting Attorney Arthur M. Brown earlier today asked dismissal of the charges against Simpson, charged with attacking and murdering 17-year-old Ellen Sullivan.

Did You See:

Washington Town to Test
\$200-Month Pension Plan

CHELSEA, Wash. (AP)—Isom Lamb, Townsend club supervisor

sponsoring and financing a six-months test of the ability of elderly persons to spend \$200 a month, today appealed to the nation for suggestions on the fairest way to choose the spenders.

He said complications had arisen in the balloting method of selection, set to end Saturday.

Lamb posted \$1200 in the bank to be released to the lucky person, over 60 years old, chosen to spend the earmarked money. He said Chelsea merchants almost unanimously had agreed to cooperate by paying a 2 per cent transaction "tax" on each earmarked dollar spent with them.

Call Auto Strike Truce; Negotiations to Begin

G. M. PLANTS
HAVE 114,000
MEN IDLE

Basis for Discussion
On Terms Accepted
By Workers

LANSING, Mich. (AP)—Gov. Frank Murphy announced today that a "truce" had been declared in the strike of United Automobile Workers in General Motors plants, and that negotiations for a permanent settlement will open in Detroit Monday.

The governor, emerging from conferences with representatives of both sides which began at 11 a. m. yesterday, said the union accepted the basis for the negotiations proposed by General Motors and pledged that "sitdown" strikers of five of the corporation's plants will be removed "not later than Monday morning."

114,000 Workers Idle

The negotiations at Detroit, Murphy said, will be for a "permanent settlement" of the strike, which has left more than 114,000 employees of General Motors idle.

Governor Murphy said that national guardsmen dispatched to Flint, Mich., after an outbreak of rioting at a General Motors plant, there will remain temporarily "but I don't consider this necessary."

"Negotiations," said General Motors, "shall continue until a satisfactory settlement shall be effected, if possible. Unless such a settlement is concluded sooner, there shall be no termination of efforts to effect a settlement for at least 15 days from the date of commencement of negotiations, it being understood that the negotiations shall be conducted with the utmost dispatch and every effort shall be made by both parties to bring about a speedy settlement."

Loss Is \$10,000,000

General Motors promised there would be no discrimination against union workers.

An Associated Press survey indicated the strike already has cost corporation and employees about \$10,000,000 in wages and profits. Uncompensated was the loss of trade by merchants in 18 Michigan, Ohio, Georgia, Missouri, Tennessee, Indiana, New Jersey and Wisconsin cities where workers were made idle.

William S. Knudson, vice president of General Motors, has told newsmen that the company's idle employees now are losing about \$1,000,000 a day in unpaid wages.

Luther Scouts
Europe War Talk

NEW YORK. (AP)—Dr. Hans Luther, German ambassador to the United States, said upon his return to this country, that there is little likelihood of war in Europe at this time.

"What I have seen in European countries in my absence of six weeks has amazed me by the strong feeling of all masses of people for peace," Dr. Luther said. "There is no possibility of war. Yet, last spring I was told here in America war would come. I tell you, my friends, they do not want war. Peaceful measures shall prevail."

To Welcome Visitors
At 10 a. m. the meeting will be called to order by President Chief Harry J. Douglas of Huntington Park. The Rev. Harry Evan Owens will give the invocation. The firemen then will sing "America." Mayor Fred Rowland, scheduled to welcome the visiting firemen, may not be able to do so because of illness. The response is to be given by Chief E. J. Tobias.

In the morning session H. C. Carel will give a paper and lead a discussion on treatment of burns. Two other addresses will be given on the morning program, one by David H. Merrill, secretary-manager of the Pacific Coast Uniform Building Code association and by Chief Frank Scovel of the state fire marshal's office. The latter talk will be on "Home Dry Cleaning."

To Elect Officers
The visiting firemen will pose for the official photograph immediately after the noon adjournment, and then will lunch at Daniger's.

The afternoon session, starting at 1:30 p. m., will feature two addresses, one by Herbert G. Ufer of the Underwriters Laboratories and one by J. C. Beswick of the state department of vocational education. A round table discussion, reports of committees and election of officers also will be on the afternoon program.

An inspection tour of the Bowers Memorial museum is scheduled for the afternoon. A banquet and dance at the American Legion hall will conclude the convention program in the evening.

QUIZ FORMER H. B. MAN ON KIDNAPING

First Man to Be Named
Definitely by U. S.
Agents as Suspect

TACOMA, Wash. (AP)—Fred Orin Haynes, former California convict, walked into the Seattle police station today to submit to questioning in the kidnap-slaying of Charles Mattson.

"They've got me all wrapped around this kidnaping," Haynes told Detective Captain Marshall Scrafford, "and I didn't have anything to do with it."

Formerly of H. B.
The former inmate of Folsom prison had been sitting unrecognized for 15 minutes on a bench in the police station before Scrafford arrived.

(Haynes, former Huntington Beach man, had been the object of a short, but spirited manhunt throughout Southern California, after federal authorities had announced he was wanted for questioning. He faces prosecution on 14 counts of burglary in Long Beach.)

Since Tuesday, Folsom officers, various Washington police and federal agents have been seeking him. Early today, Washington state patrolmen were combing the territory between Seattle and Everett, Wash., for Haynes and a woman companion who they believed disappeared from a furnished cottage near Seattle Wednesday.

Used Three Names
Tentative identification of the cottage renter had been established by persons who saw photographs of Haynes.

Three names were used by the man and a woman companion who lived in the house, officers said. One was used in renting the cottage, another in buying fuel and the third in telegrams intended for the man after he and the woman had left. Though the tenants apparently left suddenly, the house was "spotlessly clean."

Named as Suspect
Officers began seeking the couple during their intensive search of the area around Everett, near where young Mattson was found slain Monday, 15 days after he was abducted from his Tacoma home by a lone man who left a

(Please turn to Page 2, Col. 2)

'GOOSE CREEK PARSON' DIES

HOLLYWOOD. (AP)—The homely voice of Josiah Hopkins, for three years broadcast by a national radio network from the Country Church of Hollywood, was stilled today.

Josiah Hopkins, the Goose Creek Parson—in real life the Rev. William B. Hogg—died in a hospital here last night from complications after two major operations. He was 56.

Born in Hazlehurst, Miss., and educated at Mississippi and Tulane universities, Mr. Hogg became a religious circuit rider in the Tennessee hills. After pastorships in Little Rock, Ark., and El Paso, Texas, he started a series of philosophical and religious broadcasts in Chicago.

Samuel, Noted
Composer, Dies

LONDON. (AP)—Harold Samuel, pianist and composer who won musical renown by giving six separate weeks of Bach recitals in London, died today. He was 58.

\$5000 Pension to
Mrs. Coolidge

WASHINGTON. (AP)—President Roosevelt signed a bill today granting a \$5000 annual pension to Mrs. Grace G. Coolidge, widow of President Calvin Coolidge.

BILL REMOVES LICENSE ON ANGLERS

Pier and Surf Fishing Would Be Free Under New Measure

Angry anglers who last year argued vociferously against enforcement of the state \$2 fishing license law, which forced them to buy licenses to fish in salt water, are finding solace in a bill presented Wednesday in the state assembly.

Assemblyman Stream does not expect a bill which will allow ordinary, run-of-the-mill fishermen to drop their lines from piers or in the surf without donating \$2 to the state in the form of a shiny new license. More prosperous seekers of finny prizes, who can afford to fish from boats, must ante up the usual amount into the state "pot," however.

Two Areas Excepted

Assemblyman Stream does not include waters of San Francisco and San Diego bays in his proposed exemption from payment of the \$2 license. The San Francisco edict, of course, is aimed at catchers of the very popular striped bass, which are propagated, protected and maintained by the state fish and game commission.

Reason for the San Diego exception to the rule is more obscure. Sloughs, streams and lagoons also are excepted.

This action on the part of the assembly clinches a year of intensive argument, pro and con, on advisability of requiring licenses for salt water angling. Supporters of the plan point out that, under the old arrangement where anyone might fish without payment of the fee, commercial fishermen carried the entire burden of division of fish and game protective and research work.

And—an embarrassing paradox—the commission usually was placed in the position of hounding the commercial men and protecting the sport angler.

Opponents of the salt water license, which was useful both in the ocean and in mountain streams, claimed it was unfair, that no propagation or other upkeep expense was necessary for ocean fish, and that potential visitors to Southern California resorts would go elsewhere when they learned they must pay \$2 license fee for one day's fishing.

Under the proposed arrangement, operators of boats carrying passengers would still find it necessary to require all excursionists to obtain licenses. But the shore angler—the man who sits all day on the pier, or who wets his feet in the surf or fishes from rocks, would escape payment of the license.

Approved Here

Political observers forecast a bitter battle over the sardine legislation, controlling floating reduction plants, which will be presented within the next two or three days by Senator Young. Certain commercial interests, with plenty of money behind them, are staging a stiff fight to defeat the measure, it is reported.

Many Orange county organizations and official bodies approved the proposed law, which would bring the "floaters" under state control through licensing of seiners serving the huge boats, which operate outside the three-mile limit, although taking sardines for reduction into meal and oil within state waters.

Orange county's three new legislators, Sen. Harry C. Westover and Assemblymen Clyde Watson and Tommy Kuchel, have been very active in furthering interests of sportsmen and residents of the county, it was reported today by John P. Cassidy, assistant secretary of the Fish and Game Development association. Cassidy is in Sacramento in the interests of sportsmen's organizations.

Fate of a bill to re-create a fishing preserve along the county's coastline still is unknown, although Assemblyman Watson is expected to present the measure within a short time.

Jaysee Hears Nazi and Fascist

The regular Thursday assembly of students of Fullerton Junior college was addressed by three students from the University of California on the subject "Civil Liberties under Various Forms of Government."

The speakers were Ursula Schaefer, a German Nazi who told of conditions in her own country; Dr. P. M. Pasinetti, who did the same for Italian Fascism; and Gerald White, who spoke of the state of civil liberties in the United States.

Next Thursday's assembly will be addressed by three other students from the university, Jere King, a Caucasian; Carlton Goodlett, a negro; and Masayoshi Morino, a Japanese. Their subject will be "Race Relations in California Community Life."

Newport Doctors to Observe 50th Year of Service

Everybody in Newport harbor district was talking today about one man—Dr. Conrad Richter. For 50 years a practicing physician, Dr. Richter will celebrate his golden jubilee in medicine Feb. 11, and on that day all Newport-Balboa plans to do him honor.

From the days of the flu plague in 1921 when Newport was just a village and the bay a maze of sandbanks, Dr. Richter has been a harbor for those in ill health—and in ill-fortune, too. They say, do his patients and praise him, that he continues to drive an old model car that he may continue to be a benefactor—when a bill might be an embarrassment. He feels none. True to his calling, is the trib-

ute to Dr. Richter, general practitioner. Graduate of Rush Medical college in 1887, he has a long history of hard work in hard places. He came to California in 1895 and went through the San Francisco earthquake and fire. He was associated with Dr. Gunn in San Francisco in the fight against the invasion of Oriental diseases.

The nature of the work took him to China where he met and married Mrs. Richter, whose death came in Newport a few years ago. One time mayor of Newport, Dr. Richter was helpful in bringing street paving, sewer and water lines to the then young city growing at the head of Newport bay.

POPPY PLANTING GROUPS MEET

A final meeting of the poppy planting commission for this year will be held Tuesday at 10 a. m. in the council room of the city hall, it was announced today by Mrs. R. G. Tuthill, chairman.

All service club and fraternal representatives are urged to attend, to make final reports, and to take back to their organizations a summary of work accomplished.

Work on the plowing, weeding and planting of South Main street, First and Fourth streets, is progressing rapidly from the fund raised by men's service club contributions. Mrs. Ora K. Heine, chairman of that committee, said today.

Mrs. Tuthill also announced that the children of Dr. Joseph's parochial school are devoting their morning recess periods to planting poppies in the two vacant lots they have taken over in the project. One of the lots is across the street from the church and the other is in the next block.

GAS SALESMEN CHURCH EDIFICE HOLD DINNER

Over 100 members of the sales organization of Southern Counties Gas company attended the 26th annual sales dinner held in Los Angeles at the company headquarters last evening.

F. S. Wade, president and general manager of the company, in reviewing the sales activities for the year 1936, expressed appreciation for the substantial increase in modern gas appliances added to the company's lines. He particularly praised the work of the dealer organization, and pointed out that thousands of new automatically controlled appliances were sold in all districts. An all-time high in both company and dealer sales was recorded during 1936, exceeding even the high record made in 1929.

Principal speakers at the dinner were Dr. Frederick P. Woelmer of the University of California at Los Angeles, F. S. Wade, LeRoy M. Edwards, general counsel for the company, and Norman R. McKee, vice president in charge of sales. Clyde H. Potter, commercial manager, acted as toastmaster.

The following men from Santa Ana attended: W. J. Ferris, James Merigold, F. G. Merker, L. G. Merker, L. G. Moore, John Ott and Harold Smith, and C. E. Fenton, Robert F. Gibbs, W. N. Holmes, Carl Johnson, Ernest Long, Gerald Rapp and John Schwamborn, from this territory.

MORE ABOUT MATTSON BOY

(Continued From Page 1)

ransome note demanding \$28,000. Captain Scafford summoned federal bureau of investigation agents and more than an hour later, the man was still in the captain's office undergoing questioning.

Haynes was the first man named definitely by officials as being sought for the questioning in the case. His supposed connection with the kidnapping was not disclosed.

Clothes in Shack

Haynes' appearance climaxed 24 hours in which officers discovered what they believed might be the clothes of the slain boy in a shack five miles from the place his body was found, investigated human bloodstains on an automobile at Everett and arrested half a dozen suspects, in the Northwest, California, Wyoming and Texas.

They were apparently seeking more than one person, since a "conspiracy" charge—with its indication of at least two fugitives—was included in a "John Doe" warrant issued here Wednesday.

Blood on Clothes

The boy's bloodstained clothing and a sack of men's apparel were found late yesterday. The shack lay southwest of the barren chicken ranching district where a farm youth found Charles' body.

Officers said the boy's clothing was slightly larger than Charles normally wore, but might have been given him to replace the light garments he wore when snatched from the living room of the Mattson home.

Human blood also stained tire chains and a handkerchief found in the automobile which remained impounded in the Everett police garage. The machine, stolen from an Everett residence after midnight Tuesday when the household reported presence of the bloodstains. A lipstick was imbedded in snow on one running board.

Completion of specifications was all that stood in the way today of actual construction on the new \$50,000 Presbyterian church here. Actual building may be under way within a few weeks.

George S. Smith, chairman of the finance committee, said today specifications were being completed and would be submitted to the building committee within a short time. "Then plans and specifications will be submitted for bids to contractors, and beginning of construction work will follow."

The new church, to be built on the present site at Sixth and Sycamore streets, will include a main auditorium seating 900 persons. A new dining room seating more than 150, a kitchen, ladies' parlor, office, study, choir rooms and Sunday school rooms also are included in the plans.

Appraisal Work Districts Set

James B. Utt and Howard Irwin, new inheritance appraisers for Orange county, will divide their work as far as possible on assembly district lines, they announced today.

They asked that attorneys handling estates of persons residing in the seventy-fourth assembly district name Utt as appraiser, and that estates of persons residing in the seventy-fifth district go to Irwin.

Both will use the former office of the late John N. Anderson, 201 Ramona building, for the time being.

Two Admit Guilt On Theft Charges

Arrested two weeks ago for thefts of merchandise from three Fourth street stores in Santa Ana, Edward E. Givant and Dorothy D. Givant today pleaded guilty to three charges of shoplifting.

Superior Judge James L. Allen allowed them to file application for probation, which will be heard Jan. 29.

Grapefruit production is now at the highest point in American history.

Every Child Loves DONALD DUCK He too is bringing to you CREAMED COTTAGE CHEESE Through Your Grocer or the Excelsior MILK MAN in Your Neighborhood

PLAN SURVEY FOR TRAVEL FACILITIES

Residents of Orange county interested in improving transportation facilities in the county and to and from Los Angeles today were considering seeking a WPA project for a county-wide survey on the transportation problem.

The idea was discussed at a meeting of the Orange county transportation committee, attended by members of the Orange County Planning commission, in the Hotel Laguna yesterday afternoon.

A committee comprised of Secretary Howard I. Wood of the Santa Ana Chamber of Commerce; Ben W. Spencer, Laguna Beach; Harry Welch, Newport-Balboa, and William Gallienne, Huntington Beach, was named to meet with the planning commission on Jan. 28 to take up the matter in further detail.

The Orange county group believes that Orange county is in the metropolitan area, and that great benefits can be secured by this county through speeding up of traffic between here and the Los Angeles area.

The position is taken that if speedier transportation were effected more wealthy residents of the Los Angeles area would make their homes in this county, thereby increasing the flow of wealth into this county.

FLIES HERE FOR SON'S FUNERAL

S. E. Charlebois, Venezuelan oil man, will be present at the funeral of his son, Stanley Charlebois, 9, in Anaheim tomorrow, after a frantic dash by air from the South American country. He was expected to arrive at 4:30 o'clock this afternoon after his trip by air over the Mexican Airways system.

The youngster, who had been living with his grandparents, Mr. and Mrs. Lee S. Geiselman, Anaheim, died Jan. 8 from pneumonia. His mother, who also had been in Venezuela, reached his bedside an hour before he died.

Services will be held in the Backs, Terry and Campbell chapel in Anaheim at 2 p. m. tomorrow, with the Rev. D. Howard Dow officiating. Interment will be in Rose Hill mausoleum, Whittier.

Snow Hampering Rescue Party

LAS VEGAS, Nev. (AP)—New snows hampered the efforts today of a rescue party seeking to reach a party of snowbound men and women, one of whom is dead and three in need of medical attention, in the Gold Range mining district.

The rescuers, equipped with a tractor, were making their way through six-foot drifts at the rate of about three miles an hour. Lee Prettyman, operator of the Nevada-Maryland mine, whose wife is one of those marooned, was in the rescue party.

Dentist Brothers Sue Each Other

LOS ANGELES (AP)—Two dentist brothers were divided today by a \$62,000 assault and battery damage suit.

Dr. Louis C. Schildwachter filed the action against his elder brother, Dr. Harry B. Schildwachter, who he alleged beat and kicked him during a quarrel over their dental practice.

Scouts to Sell Tickets for Ball

Boy Scout troop 23, sponsored by the Kiwanis club, will take over a block of President's ball tickets to sell as a troop "good turn." Scoutmaster G. W. Bassett, Jr., announced today.

Members of the troop voted to conduct the ticket sale at a meeting last night.

SATURDAY ONLY! BULK Chocolates OUR BEST GRADE lb. 39¢ Gum Drops lb. 15¢ CANDYLAND Exclusive Candies Corner Fifth and Broadway MILDRED DECKER

Start Search for Woman's Children

Investigation as to the whereabouts of Mrs. Ernestine Taylor and Mrs. Agnes Taylor, formerly of Orange, was launched today with news of the death of their mother, Mrs. Dora Bliesener, widow of the late Julius Bliesener, pioneer of Orange.

Mrs. Bliesener, 56, had been a patient at Norwalk State hospital for the past years, and died there yesterday.

Funeral arrangements are being arranged, pending communication with her daughters, by the Shannon Funeral home in Orange.

CRIMINAL IS RECOGNIZED BY PATIENT

NEW YORK. (AP)—Recognition of a wanted criminal, lying in the next bed in a New York hospital, brought a \$100 reward today to Jacob Bastacky, 22, a heart disease patient.

The check presented by District Attorney William C. Dodge, was donated by John Shuttleworth, editor of a nationally circulated detective story magazine.

Bastacky was reading the magazine last Oct. 19, glancing over the section devoted to "wanted criminals," when he was startled to see a photograph in the magazine which he recognized as that of the man in the bed beside him.

That man was identified as Joseph P. Martin, 53, owner of a dozen aliases, wanted in Los Angeles on six forgery indictments. He is now in the prison ward at Bellevue hospital, recovering from a mild heart attack.

PROBE REFUSAL TO INDICT

WASHINGTON. (AP)—The senate civil liberties committee summoned an Alabama detective chief today after hearing testimony that a grand jury failed to indict in a famous flogging case because of the Tennessee Coal, Iron & Railway company.

G. C. Giles, chief of detectives at Birmingham, Ala., followed to the stand J. W. McClung, a state police investigator, who declared yesterday evidence presented in the flogging of Joseph S. Geidens, former Alabama university professor, was sufficient for grand jury action.

McClung, who said he investigated the case for the governor, declared the grand jury did not act because the prosecuting officer "kept throwing cold water" on the case.

He said the chief reason, however, was that "the T. C. I. (the coal and iron company) owns about fifteen-sixteenths of the country around there."

Any decision against Capt. Walter J. Hanna, a defendant in the flogging case, he said, "might bring a civil suit that would antagonize the T. C. I."

HOSPITAL TO ELECT NEW OFFICERS

Following re-election of the board of directors of the Santa Ana Valley hospital, the board will meet Feb. 12 to elect officers, it was announced today by Dr. G. Emmett Raitt, chairman of the board.

The entire wage scale of hospital employees has been increased 10 per cent to the point where it now is at pre-depression level, Dr. Raitt announced. The wage scale now is equal to that of any other hospital in the state, it was stated.

Members of the board of directors are Dr. Raitt, board chairman; W. B. Hellis, vice president; Dr. Horace Leecing, secretary; W. E. Baker, C. E. Walker, the Rev. E. Scott McFarland and Dr. Paul Esslinger. Miss Mary Ford is business manager.

Dr. Raitt announced today that at a cost of about \$1000, the most modern and improved Castle automatic sterilizer was installed and put in operating shape yesterday at the local hospital. The sterilizer is used for sterilizing dressings, instruments, gloves, etc., in the most exact and scientific manner possible today.

Upon sterilization depends the safety of operations and surety of technique, Dr. Raitt said. The new sterilizer is automatic, electrically operated and is the best available, he said. All equipment in the hospital is second to that of no other hospital, he stated.

LEMON HOUSE DIRECTORS RETURNED

Market Review and Frost Damage Reports Given At Annual Meet

Four speakers appeared on the program of the annual meeting of the Central Lemon association, which followed a turkey dinner at the Orange Woman's club, Thursday noon, and was presided over by Hugh T. Thomason, president of the association. The yearly report was read by Roy Runnells, secretary-manager.

The group re-elected the entire board of directors, consisting of Hugh T. Thomason, W. H. Flippen, F. B. Browning, M. B. Allen and J. L. Clayton. The board will organize and elect officers within the next few days, it was announced. Floyd Watson, O. K. Anderson and William Maag, acted as tellers.

Reviews Market
Clarence Skiles, speaking for the Orange County Fruit exchange, said that all of the state and county facilities will be used in separating the good from the frozen fruit of the present crop. He reviewed the conditions of the past years' market, saying that a better market was the result of increased buying power, hot summer weather in the East, use of lemons in mixing drinks, use of lemons in treatment of colds and influenza.

Fred Mayer, lemon sales manager of the exchange, stated that the Jan. 1 estimate of the 1936-37 crop of 19,647 cars of lemons, with 408 boxes to a car, has been materially reduced by the cold weather, and foresees no surplus for this season. However, due to increased planting, he predicts a large surplus in about two years, and a cool summer would demoralize the market, he added.

The supply company of the exchange took care of all demands for heating oil, he said, rendering a valuable service to growers.

Predicts Loss
H. W. Nixon, field department manager, said that the extent of the frost damage has not yet been determined, but personally he predicted a loss of 10 to 15 per cent higher loss than has been estimated. The damage cannot be outlined by elevation, he added, and locally heating has saved what crop has been saved, as well as the trees themselves.

T. Cassell, Ontario, manager of the exchange by-products company, told of the huge salvage of surplus fruit, as it is made into citrate of lime and lemon oil. In 1935, a year of great surplus, 120,000 tons of lemons were processed against 10 tons in 1936. He dubbed the business a "drunken job," as the managers do not know from year to year how much they will be called upon to produce and sell, and when a market is established, whether raw material will be available or not.

By-Laws Changed
In the past 20 years that the by-products plant has been in operation, six and one-half millions of dollars have been returned to growers above all expenses. In that time, the Central Lemon association has sent 33,430 tons to be processed, or more than 2000 packed carloads. The average return was just under \$10 per ton. It was voted to change the by-laws of the association, on the motion of Felton B. Browning; the change to refer to the time of withdrawal from the association. Formerly members could withdraw only during the first 10 days of January, but now they may withdraw at any time during the first 10 days of January, or 45 days before the final returns for the fiscal year.

GETS PROBATION
C. W. Triplett, who admitted last week that he passed a fraudulent check, was granted three years probation today by Superior Judge James L. Allen on condition he spend one year in the county jail.

COURT BRIEFS

Hugh M. Sowden has petitioned the superior court to terminate the interest of his late wife, Mary Sowden, in property the couple owned jointly at Anaheim. Mrs. Sowden died Dec. 25.

Townsend News, Views

By WALTER R. ROBB

(This is a non-political, non-partisan column, dealing in Townsend news and views, and written by a prominent Townsend leader. Any opinions which are expressed herein are not necessarily those of The Journal.)

The advisory board of Santa Ana club No. 10 met at the home of Mr. and Mrs. W. H. Paul last evening. They discussed methods and means by which the attendance and interest in the club work could be promoted.

Santa Ana club No. 3 held its weekly meeting in Townsend hall at 509 West Fourth street last night. Dr. U. G. Littell presided. At the last meeting of the club, officers and standing committee chairmen were elected. Last evening an installation service was conducted. The new national set-up of which this column wrote sometime ago was outlined to the club by a bulletin from national headquarters.

Santa Ana club No. 1 met in the Roosevelt school last night for the regular weekly business session. A musical program was followed by an address by Clarence Sprague on "The Duties and Responsibilities of the District Attorney's Office." President W. D. Barnard presided.

Santa Ana club No. 7 will meet at 7:30 tonight in the Orange Avenue Christian church, Orange avenue and McFadden street. Important matters are to be decided. President Peter Bentheim will preside.

The Associated Press dispatch appearing on the front page of yesterday's Journal stating that Federal District Judge David J. Davis of Birmingham, Ala., had ruled the social security act unconstitutional under the "general welfare" clause is an important decision from the standpoint of the Townsend plan cause. Such rulings on the part of the lower courts if later concurred in by the supreme court pave the way for similar rulings in favor of the Townsend plan when it is enacted into law.

Townsend club No. 4 of Tampa, Fla., doesn't leave any opportunity overlooked which could be used to impress upon J. Hardin Peterson, their congressman, the Townsend plan. The club recently had Mrs. Grace B. Evans, secretary, write the following letter to him when it was heard a certain district judge had made application for a retirement pension: "Honorable Sir: It has come to our attention that one of our honorable district judges, who has been on the bench for about seven years at the nominal salary of \$10,000 per year, is desirous of retiring provided the congress of the United States will pass an emergency bill allowing him a retirement pension."

"The depression is still on. There are thousands of men in your district who have served their country just as faithfully as has this honorable gentleman and for less than \$1,000 per year, but who if they want to retire, must do so without a pension. Our club of more than 350 members therefore desires to go on record in opposition to the granting of this pension until such time as all men of the gentleman's age can retire, and then let him live on the same amount the others must live on."

Credit is given to the Townsend National Weekly for this bit of news concerning Townsend plan sentiment. The writer is of the opinion that when men are privileged to occupy places of honor and service in the states and nation, usually rewarded additionally by salaries and other methods of compensation of generous amounts, that such should not serve as a basis for retirement on unduly large pensions. If the frugality and good business judgment of those so fortunate to be so employed is not sufficient to enable them to save sufficiently to insure a continuation of living on their accustomed scale, then they should share with others of the business world who, too, become the casualties of the economic system's hazards. But for them and all others who live honorably the reward in old age should be a pension as generous as the \$200 per month Townsend-advocated pension.

Mexican Offered Freedom Choice

Superior Judge James L. Allen, who offered to suspend sentences of jailed strikers on condition they go to Mexico, today made the same offer to Leonardo Contreras, Mexican, who pleaded guilty to a felony charge of drunken driving.

Contreras was granted three years probation with one year in the county jail, or the alternative of voluntary deportation. Contreras admitted driving intoxicated on Dec. 26 and causing an accident in which Mrs. George Edwin Hughes was injured near La Habra.

Name Directors Of Mining Firm

Three Santa Ana men are directors of a new mining firm which today filed incorporation papers with County Clerk J. M. Backs. East Belt Mining company, the new firm lists \$45,000 in 6 per cent preferred stock, and 50 shares of common stock at no par value. Directors are E. P. Stafford, A. S. Prescott, and John Knox, Santa Ana; Chester D. Stafford, North Hollywood; and Foster C. Phelps, Los Angeles.

About Folks

News of Your Family and Friends Is Important. The Journal Welcomes It. Telephone 3600.

Claude Van Antwerp, former well known business man, more recently living at Balboa, is a patient at a Covina hospital and is seriously ill.

Ben Warner, proprietor of the Central Auto Body Works, was looking after business interests in San Clemente yesterday.

Art Shipkey, of the Shipkey & Pierson Rio Grande Oil Co., distributing organization, was calling on Santa Ana service station dealers yesterday.

The annual winter picnic under auspices of the Illinois association will be held all day Saturday, Jan. 22, in Sycamore Grove park. Each of the counties will establish its own headquarters and will open registers. Hot coffee will be served. A program of music and addresses will follow the basket dinner hour. All Illinoisans, residents or visiting, are urged to attend and a special call is always made to tourists and visitors to meet friends this way.

George Jeffrey, Irvine, was in Santa Ana today in business.

Rehearsals of the Santa Ana Community Players new production, "The Importance of Being Earnest," will get under way next Tuesday evening at the home of Mrs. Charles Briggs, 801 Spurgeon street. Selection of the cast is not entirely complete, Director Gladys Simpson Shafer said.

Kenton Case, Long Beach, visited friends in Santa Ana yesterday.

Mr. and Mrs. Ray Tarr, Santa Ana, will be guests of Mrs. Tarr's parents in Long Beach Sunday.

Mayor Fred C. Rowland still is ill at his home on McClay street. He has been in bed for the past week with influenza, but is reported to be in an improved condition today.

Mrs. Howard Anderson, 807 South Parton street, entertained with a bridge party this week. Guests included Mrs. Francis Norton, who won first prize; Mrs. George Horton, Mrs. Harold Veira, Mrs. Edward Sugden, Mrs. Marilyn Adams, Mrs. Mike Tisener and Mrs. Howard Tibbets.

Lester "Bud" Beck, Mildred Veira and Mr. and Mrs. R. F. Adams plan to take a trip to Los Angeles tonight to attend the theater. The party is in honor of Beck's birthday.

Mrs. Thomas Jentges is spending a week in Los Angeles with her sister, Mrs. Howard Harland.

Mrs. Ernest Fortier of Glendale, former resident of Santa Ana for many years, spent yesterday in this city with Mrs. C. H. Stanley of 1135 West First street.

Secretary Howard I. Wood of the chamber of commerce went to Los Angeles today to attend a chamber of commerce meeting.

Executive Secretary R. D. Flaherty of the Farm Bureau was back in his office today after spending the last few days in organization and membership work.

Bob Speed and Walter Nelson drove up to Berkeley yesterday to resume their studies at the University of California.

Miss Barbara Davis, daughter of the C. V. Davises, and Miss Ruth Warner, daughter of Mr. and Mrs. Wade Warner, left together last

Prosecutor in Play

MYRON MARSH

This is the gentleman who will prosecute the prisoners in the play, "It Might Happen to You," on the stage of the high school auditorium on the evenings of Jan. 19 and 20.

Without fear or favor, Myron Marsh, in the character of District Attorney Charles W. Barratt, hurls accusing questions at persons charged with the commission of crimes. The defendants deny a lot of the accusations, try to evade anything to wiggle out; but Mr. Barratt hangs on.

Santa Ana Council of Parents and Teachers, under whose auspices the play is being presented in Santa Ana, asks everyone in Orange county to come and see how District Attorney Barratt does it.

night for the return trip to the University of California at Berkeley, after a month's vacation over the holidays.

Miss Mary Lou McFarland, who attended the University of California at Berkeley last semester, is transferring to U. S. C. and will take up her studies at the southern campus early in February.

Cecil Marks of the Orange County Farm Bureau office was in Anaheim on business today.

W. D. Waltman, jr., Los Angeles, was a visitor in Los Angeles this morning.

Miss Lois Franke, Miss Eva Bergee and Miss Margaret Peacock, among the Santa Anans departing this week for the University of California at Berkeley after a holiday visit in their homes here. The three went up by train Wednesday night.

Miss Marjorie Lindsay, Miss Audrey Granas, Miss Dorothy Guthrie and Miss Lucille Grist have all returned to their studies at Berkeley after a holiday in Santa Ana.

Mrs. John Shaffer of 1710 Heliotrope drive, underwent an emergency operation at St. Joseph's hospital yesterday morning.

Miss Janet Diehl, daughter of the Ellis C. Diehls of 1714 Heliotrope drive, left yesterday morning for Berkeley, driving up with four of her Alpha Delta Phi sorority sisters to resume her studies at the University of California after the holiday.

Mr. and Mrs. W. P. Hill left today for their home in Luma, Texas, after spending 10 days in California. While in Santa Ana, they visited Mr. Hill's aunt, Mrs. A. A. Jones, 1401 Bush street.

Mrs. Guy Penn is reported somewhat improved after an illness of two weeks, though still confined to her home at 2035 North Main street. She is able to be up for a short while every day and is seeing a few visitors.

Tonight and Tomorrow

TONIGHT
Orange County Philatelic society, Weber's bakery, 7:30 p. m.

Homesteaders' Life association, Hoffman hall, 8 p. m.
Santa Ana lodge, No. 241, F. and A. M., Masonic temple, 8 p. m.
DeMolay-Job's Daughters dance, Veterans hall, 8 to 11:30 p. m.

TOMORROW
Bowers museum open 10 a. m. to noon, 2 to 4:30 p. m.
U. D. C. "Robert E. Lee" luncheon, Los Angeles Women's Athletic club.
Laurel encampment, I. O. O. F. hall, 8 p. m.
B. and P. W. conclave, California hotel, Fullerton, banquet at Hughes cafe, 6:30 p. m.

Evangelists to Conduct Services

The McIntosh evangelistic party will conduct a special service tonight at the Four Square church, the Rev. W. C. Parham announced. It is composed of nationally known radio singers, who accompany themselves on tenor and Spanish guitars, and who have traveled extensively during the past five years.

Dorothy McIntosh, former pastor of the Anaheim Four Square church, will preach the sermon on the topic "A Call to Arms."

A deer killed by William Appel of El Campo, Tex., had a third horn. It was a 10-point buck with four on one prong, five on the other and a spike about six inches long growing from the forehead.

Happy Birthday

The Journal today congratulates:
ORVILLE BARTON, 501 East Chestnut street, Santa Ana.
LESTER J. CARDEN, 201½ Twentieth street, Santa Ana.
MRS. W. F. CRODDY, 1420 North Broadway, Santa Ana.
C. E. STEWART, 401 East Fourth street, Santa Ana.
MRS. CLARA JACKSON, Villa Park.
LESTER BECK, 410 North Broadway, Santa Ana.
ORIN COLTRINS, 507 North Olive street, Santa Ana.
And to one more for yesterday: KATHRYN MATHER, 2022 North Ross street, Santa Ana.

McFARLAND DUE HOME
The Rev. O. Scott McFarland, pastor of the First Presbyterian church, was expected home today from San Francisco, where he has been attending the annual synod council of Presbyterian churches.

CHURCH HEAD HONORED AT MEETING

Catholic Women Plan to Reorganize Council in Southland

Several leaders among Santa Ana's Catholic women attended the luncheon meeting of the Council of Catholic Women yesterday in the Women's Athletic club of Pasadena, at which the Archbishop John J. Cantwell of Los Angeles was honored guest.

Purpose of this gathering was to organize the Arch-diocesan Council of Catholic Women, formerly known as the diocesan council, and which prior to this change has been composed of eight counties. Henceforth, only Los Angeles, Santa Barbara, Ventura and Orange counties will be included, and the arch-diocese will be divided into 16 districts instead of counties, it is announced.

Each district will have a chairman of its own, Santa Ana district, which includes Laguna Beach, Newport Beach, and Santa Ana, being headed by Mrs. Ashby Turner of this city, former Orange county council president. Mrs. Ernest Ganahl of Anaheim was named head of the Anaheim, Fullerton and Whittier district.

Mrs. E. J. Nunenschloss of Eagle Rock is president of the new arch-diocesan council, officers of which also include three vice presidents, secretary, treasurer, executive secretary and chairman of altar societies, study clubs and P.T.A.'s. Mrs. J. P. Murphy of Santa Ana heads this last committee for the arch-diocese.

The aim and object of the new council, according to state purpose, is to promote Catholic activities in every phase. Santa Anans attending this meeting were Mrs. Murphy, Mrs. Ethelbert Johnson and Miss Dora Kolba, the latter a visitor here from Dubuque, Iowa.

MORE ABOUT BUDGET

(Continued From Page 1)
situation by action of the people, or written into the statutes by actions of previous state legislatures and are therefore, beyond executive control."

Urges No New Taxes
The governor said he recommended no new taxes, and asked that present taxes be retained unchanged for another two years.

"All groups of our population will welcome a guarantee of no new taxes," he said.

Revenues expected to be obtained from the existing tax program and schedules will provide sufficient funds to operate the state government during the next two years, the governor said, despite the fact that his budgeted expenditures are about \$170,000,000 above those for the last biennial period.

School Fund Larger
He pointed out, however, that of the total only \$146,700,000 will be required as the state's share during the next two years.

Total requirements for school funds for the coming two years have been fixed at another \$146,790,250, an increase of \$5,200,000 over the past two years.

In presenting the bulky budget, which covered 738 printed pages, the governor said:

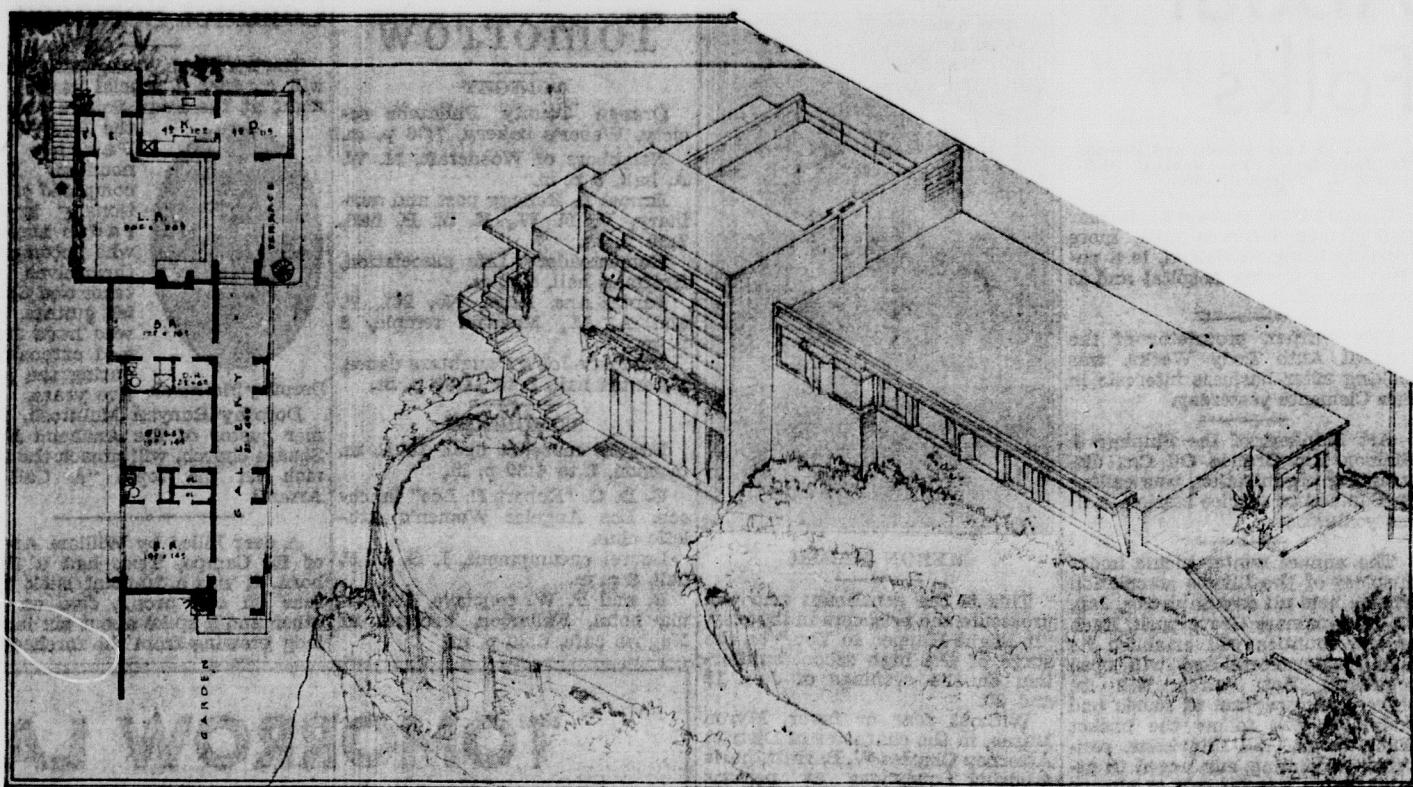

"Detailed figures setting forth the state's payments to the needy aged, the blind and for the support of needy children, show that California is well towards the top in all of these divisions of public support."

Old Age Aid Large

"Including contribution by the state of California, the federal government and the 58 counties of this state, more than \$71,000,000 will be disbursed in this state under the old age security act during the biennium of 1937-39. This sum, when compared with the total of \$9,100,000 paid under the act by the state and counties during the period from July 1, 1933, to June 30, 1935, indicates the tremendous increase in such aid to men and women of advancing years in California."

"Liberalization of the California old age security act has increased the state's payments for aid to the needy aged by roughly \$15,000,000 in three biennial periods. This amount is entirely exclusive of old age payments which the state will disburse as an agent of the federal government under title 8 of the social security act. During the 1933-35 biennium the state contributed \$4,550,000 to the support of an average of 18,000 persons who were 70 years of age or over and who had resided in this state at least 15 years. During the 1937-39 biennium the state government alone will pay approximately \$19,700,000 to an estimated average of 100,000 needy aged who have reached the age of 65 and have been in California at least five years. A similar contribution will be made by California's 58 counties, while \$31,960,000 will be added by the federal government on the basis of present legislation. "The latest available report from the federal social security board,

Famous Authors Build House on Canyon Rim

Architect's drawing and floor plan of the unusual home for Paul Mooney and Richard Halliburton, well-known authors. The Laguna house will embody engineering skill in addition to the modern concrete earthquake-and-fire-proof construction and will command the view of the ocean from Palo Verde to Dana Point. It will also stand on the brink of a 400-foot drop into Aliso canyon with the vista to the east of Saddleback mountain and the San Bernardino range.

ORDER ON JOBS GIVEN HEARST

WASHINGTON. (P)—The labor relations board ordered William Randolph Hearst and five Hearst companies today to offer Frank M. Lynch and Philip Everhardt Armstrong their former positions on the Seattle Post-Intelligencer.

Discharge of these employees last summer led to a strike called by the Seattle chapter of the American Newspaper Guild and suspension of the paper's publication from Aug. 13 to Nov. 25, 1936.

The guild complained the discharges resulted from guild activity on the part of Lynch, a photographer, and Armstrong, dramatic critic.

After the strike was settled by agreement last November, John Dettiger, a son-in-law of President Roosevelt, was appointed publisher of the paper, and Mrs. Dettiger, the President's daughter, took a position with the paper's editorial staff.

corrected to Nov. 25, 1936, relative to old age assistance in the various states. Calling the list of all the states in its payments for aid to the needy aged. The average payment per recipient for California is \$31.45 per month while the average for the nation is \$18.50.

"While the state government will pay more in aid to aged during the coming biennium than during the present period, the contributions in support of needy blind and children will drop \$220,000 as a result of federal participation in this field of governmental activity. During 1937-39 the state will assist an average of 5000 needy blind persons with an estimated total of \$1,275,000. It will provide further assistance for over 26,000 orphans and other needy children with an expenditure of \$4,618,000. In each case an additional payment will be made by the counties and federal government."

California's needy blind will receive a total of \$4,260,000 in assistance from the government during the next biennium, as compared with \$3,485,000 in 1935-37, and \$2,400,000 in the 1933-35 biennium. Similarly, needy children will be supported with governmental assistance of approximately \$9,000,000 during the coming biennium as compared with \$8,000,000 this biennial period and \$7,200,000 in 1933-35.

Highway funds
"Revenues shared with local governments for street and highway purposes will total \$42,965,000 in the 1937-39 biennium, of which amount \$35,715,000 will be allocated to counties and \$7,250,000 will go to cities for expenditures on important city streets. It should be remembered, however, that these sums do not include an additional \$7,250,000 which will be spent by the state department of public works in the construction or improvement of through highway connections within cities."

"Among the other purposes for which the state will apportion funds to local governments are the salaries of superior court judges, support of local fairs, and the support of local government. Fifty per cent of the revenue collected by the state from liquor licenses will be apportioned to the localities in which the fees were collected. Under this provision the cities of California will receive \$4,029,345 during the coming biennium while unincorporated areas will be paid \$945,155. When provision was made for a state property tax on motor vehicles—the so-called lieu tax—it was provided that 25 per cent of the net revenue should be returned to cities and that 12 1/2 per cent should be paid to counties. The sharing of this revenue by the state with local governments will entail a payment of \$5,950,000 to California cities and \$2,975,000 to counties during the next two fiscal years."

UNUSUAL DESIGN USED IN NEW HALLIBURTON HOME

Outstanding as an important building improvement at Laguna Beach, and also noteworthy for its construction and design, the new home being built for Richard Halliburton, famous traveler and author, and Paul Mooney, his collaborator, has been attracting considerable interest as work progresses.

The home, named "Hangover," is to be made of concrete, and has been designed by Alexander Levy of New York. The building work will be done by Smith Construction company of Laguna, Larkin electric at Capistrano, and C. C. Caley, plumbing, of South Laguna. The improvements will represent about \$10,000, although Mooney has recently purchased 80,000 square feet above the site and expects to build another house in the future.

Private Road
The site consists of an acre and a quarter, with unobstructed view of the Pacific to the west from Palo Verde to Dana Point, while to the east it is a 400-foot drop to Aliso canyon, with Saddleback and the San Bernardino range in the distance.

A private road to the canyon rim has been completed, and a 75-foot retaining wall of original plan design has been installed preparatory to the construction of the building.

It is planned to use modern fixtures and materials throughout, with the entire shell, including floors, roofs and most of the partitions of reinforced concrete poured in one piece, assuring high resistance to fire and earthquake. For appearance the exterior will depend wholly on its dynamic form and concrete surface, relieved only by flower-boxes designed as an integral part of the appearance.

Electric Fixtures
Interior walls will be left almost as they emerge from the forms, though all the rooms will gain color through the use of redwood, cork and other materials. Floors will be troweled concrete, stained and waxed or of linoleum. All heating and mechanical equipment, including such devices as a garbage disposer, will be electric. Furniture will be built-in wherever practical.

To assure privacy, only the minimum openings pierce the short end walls, but on the east and west, where no future buildings can be erected, the facades have been planned chiefly in glass.

Gallery on Canyon
Thus the living room (27 feet long) has two unbroken glass areas—one a window 20 by 9 1/2 feet, which gives access to the ocean balcony, the other a disappearing panel 16 by 8 1/2 feet, which opens the entire end of the room onto a terrace that projects into space above the canyon.

Along the canyon rim, from the living room to the garden, runs a 54-foot gallery. Sheltered by sliding glass panels from floor to ceiling, alternating with bays of glass brick, it will serve as an open loggia, which can be closed against weather. Three bedrooms open directly from this gallery.

Under the living room will be a double garage and a workroom, while the roof above, reached by a spiral iron staircase from the canyon terrace, will afford a large semi-covered sun deck.

Fear for Safety Of Pair in Plane

LOS ANGELES. (P)—Fears for the safety of Allan Barlow, 18-year-old plane pilot, and his passenger, Mrs. Margaret Lamons Detwiler, 25, were expressed today by the youth's father, Deputy Police Chief Harold L. Barlow.

The two took off from Bradford, Pa., Jan. 5 for Los Angeles, and have not been heard from since.

Mrs. Detwiler is the wife of N. H. Detwiler, medical student at Loma Linda. Detwiler recently purchased the plane, employing young Barlow to bring it to Los Angeles.

Gordon Bishop to Head Buccaneers

Second semester officers for the Buccaneers, Santa Ana Junior college service club, were elected at a meeting held last night.

Those elected were Gordon Bishop, president; Al Pickhardt, vice president; Max Galusha, scribe, and Bob Bradley, boats-

room onto a terrace that projects into space above the canyon.

Under the living room will be a double garage and a workroom, while the roof above, reached by a spiral iron staircase from the canyon terrace, will afford a large semi-covered sun deck.

OSA JOHNSON TO CONTINUE EXPLORING

LOS ANGELES. (P)—Mrs. Osa Johnson, widow of Martin Johnson, noted explorer fatally injured in an airplane crash Tuesday, said today, through her mother, Mrs. W. S. Leighty, that she will continue the exploration work alone.

"My daughter said we must keep Martin's camera and that she intends to go on with his work alone, and to make further films in Borneo and the South Seas," said Mrs. Leighty after talking to Mrs. Johnson, who is in a hospital with a fractured knee.

Mrs. Johnson was one of 11 persons injured in the crash of the Salt Lake-Los Angeles airliner, Johnson and James A. Braden, Cleveland, Ohio, business man, were fatally injured. Four of the injured, A. L. Loomis of Omaha, Neb.; Earl E. Spencer of Chicago, Co-pilot Clifford Owens, and R. T. Anderson of Buellton, Calif., are in a serious condition.

Kidnaping Case Has Local Angle

Kidnaping and slaying of 10-year-old Charles Mattson near Everett, Wash., had peculiar significance to a Santa Ana Junior college co-ed here today. She is Betty Lee, secretary of the Associated Students.

Miss Lee's aunt, Mrs. Thore D. Orr, was a teacher in the grammar school where young Charles was a student. She was also a teacher of George Weyerhaeuser, who was abducted in much the same manner as Charles in May, 1935.

Last summer Betty Lee visited her aunt in Tacoma. Mrs. Orr lived within a block of the Weyerhaeuser and Mattson homes.

They replace Bill Sheppard as president; Bob Bradley, vice president, and Hal Pottorf as boatswain.

The Buccaneers will have a booth in the Penny fair which is being held tonight. The club won the trophies for the best booth and for taking in more money last year.

COPS BAN FUNNY NOISES But They Can't Define 'Em

Sometimes it's all right and sometimes it's all wrong. You've got to be careful about your noises.

Officers Charles Wolford and E. E. Lentz can tell you when it's all right. Last night they investigated a call from 1112 East Third street.

Star Coming Here

ROSE BAMPTON

Of exceptional range is the voice of Rose Bampton, above, Metropolitan opera star, who will sing in concert here on Friday, Jan. 22, under the auspices of the Musical Arts club. Her program, one of the Behrman-Wilson artist series, is to be presented at the high school auditorium.

Corset Stylist At Ward Store

Miss Faye, a nationally known New York corset stylist, will visit the local Montgomery Ward and company store on Monday, Tuesday and Wednesday, Jan. 18, 19 and 20.

She will give four talks daily, at 10 a. m., noon, 2 p. m., and 4 p. m., on the subject of correct style and fitting of all foundation garments. Her talks will be supplemented by demonstrations.

Myles Standish, store manager of the Montgomery Ward and company store here, feels fortunate in being able to afford the women of this city the opportunity to get first-hand the expert advice from a stylist such as Miss Faye.

Miss Faye's talks and demonstrations have created much interest in the Eastern cities. This is her first visit to the Pacific coast.

L. A. Police to Shoot in Mexico

MEXICO CITY. (P)—Police Chief James E. Davis and his seven teammates from Los Angeles sharpened their sights today for a test of skill with Mexican marksmen in an international sharpshooting tournament beginning Sunday.

PITTED AGAINST BLAZING OIL-WELL

"Smoking Camels helps to keep my digestion in trim," says Patton, oil-well fire-fighter

CLAD in an asbestos suit (left), "Pat" Patton tackles a blazing oil-well. "After that I can tuck away a hearty meal provided I have Camels handy," says Patton, enjoying a hasty bite (right). "Smoking Camels helps keep my digestion in proper trim. And Camels don't get on my nerves." Camels increase the flow of fluids—alkaline digestive fluids so vital to a sense of well-being after eating. Camels are mild!

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

"A BRONC BUSTER takes a terrible jouncing," Alice Greenough (left), explains. "But Camels help me enjoy my food. Smoking Camels with my meals smooths things out for my digestion. I like Camel's mild, delicate flavor."

SPORTS REPORTER AGREES 100% with "Pat" Patton that Camels help digestion along. James Gould (right), speaking: "My job's a strain on nerves and digestion too. And my smoke is the same as 'Pat' Patton's. Camels set me right—give me a cheery 'lift.'"

"CAMELS ARE GRAND at mealtimes," says this New York matron, Mrs. Vincent Murray. "I smoke them during meals and afterwards."

ALL-AMERICAN Hockey Star, Phil La Batte says: "Good digestion and healthy nerves are 'musts' in this game. So I smoke Camels."

'IN LIEU' TAX LAW ON CAR EXTENDED

Two Bills Introduced in Assembly Seek Gas Fee Changes

SACRAMENTO (AP).—The California assembly late yesterday re-enacted the "in lieu" tax on automobiles and extended the law until Dec. 31, 1939.

Two bills introduced by Assemblyman E. V. Latham, Alhambra, would change the provisions of the gasoline tax law. One would provide that highway bond interest be paid out of the gas tax fund. In the event that this fails Latham hopes to get through his second measure reducing the gasoline tax one cent. Latham declared he had introduced the bills because he believed that the motorists paid the heaviest taxes of any group in California.

Assemblyman Fred Reaves, San Pedro, introduced a measure legalizing slot machines. Under his bill the state would take half of the profits.

The pure elections law of the 1935 assembly was again introduced with several features removed. It provides for pre-election reports of contributions to campaigns and complete reports afterwards. Sources must be named. The measure introduced this year eliminates requirements that candidates are responsible for the acts of their committees and the clause forbidding solicitation of funds from candidates by organizations.

SCOTTY BROKE, SAYS BACKER

LOS ANGELES (AP).—Death Valley Scotty's partner, Albert M. Johnson, says the famous old desert rat is broke.

"Not only broke," said Johnson, "but he owes money from New York to China."

"I've loaned him a good deal of money over a 30-year period. The Chicago millionaire insurance man and backer of evangelistic activities made this declaration in connection with the recent suit at Long Beach of Mrs. Josephine Scott in which she asked \$1000 a month separate maintenance and division of community property of Death Valley Scotty, whom she married in 1900.

The mystery prospector's wife said she believed he had a gold mine and property worth more than a million dollars, of which she wanted half.

Couple in Gun Battle Succumb

GRASS VALLEY, Calif. (AP).—Thomas Jefferson Thomas and Mrs. Lillie Schofield Thomas died in a hospital here of gunshot wounds. Sheriff Carl Tobiasson said Thomas shot himself and his wife in a domestic quarrel Wednesday night.

State and county highway crews were called out in full force through northern Minnesota to battle huge drifts piled high by a brisk wind after a heavy storm. This plow met with lots of difficulties even close to the city limits of Duluth. (Associated Press photo.)

Joe Bighorse Stays in Jail as U. S. Debates Alimony

WASHINGTON (AP).—"Marrying Joe" Bighorse has an outside chance to go down in history as something of a hero if he will stay in jail a while longer.

Joe already has spent seven months behind bars in Tulsa, Okla., and the government hopes he will agree to sacrifice a little more of his freedom. He is an Osage Indian with plenty of money in the United States treasury. His plight may settle for all time the legal issue: can any decision in a state court separate a wealthy Indian from some of his cash?

Bureau Says No
The bureau of Indian affairs said "no," but the Oklahoma courts replied by putting Bighorse in jail until he pays \$2,000 alimony to one of his ex-wives. Now the bureau is burning midnight oil to decide whether Joe's domestic spat is a flawless case to carry to the federal courts.

Here's a synopsis of the Indian's history taken from a two-inch volume in the bureau of Indian affairs:

Joe is 35, and early in life showed a tendency to marriage. All went well until he wedded Ethel, wife No. 2, in 1933. Within a year he had been married again and been widowed. In another month he had married wife No. 4.

Wife Wins Alimony
But in June, 1935, wife No. 2 won a divorce and \$2,000 alimony. The government let Joe employ legal counsel to fight payment and the case went to the Oklahoma supreme court.

Joe lost the decision there but his lawyer pleaded he had no money for alimony purposes. Seven months ago Bighorse was held in contempt.

A rehearing is scheduled Saturday, but meanwhile, the word from Tulsa is that Joe is not interested in heroism.

TEACHER PLANS BIBLE SECTION MIDWAY HOME HAS MEETING

MIDWAY CITY.—Miss Margaret Bliss, faculty member of the Huntington Beach high school, has purchased two lots on Wilson street and plans to start construction of a new home immediately. Mr. and Mrs. H. C. Salisbury have taken possession of a new home on Jefferson street, recently purchased from Mr. and Mrs. Floyd Wright.

GARDEN GROVE.—Members of the Bible Study section of the Woman's Civic club met Tuesday afternoon at the home of Mrs. W. O. Broady for their first meeting with the new class teacher, Mrs. Lewis Gall, of Santa Ana. Attending were Miss Mary Thomson, Mesdames P. S. Virgin, J. H. Kirkham, Allen Goddard, C. C. Violett, E. E. Nichols, W. M. Adland, Edward Chaffee, G. R. Reyburn, E. F. Hadley and a guest, Mrs. J. L. Dion, Berkeley.

Baer's Former Wife Drops 5th Husband

OAKLAND (AP).—Much-married Mrs. Dorothy Dunbar Maurice Wells de Garson Baer Costa held an annulment today of her marriage to Tino Costa, French artist, who, she testified, was "too temperamental and cold," and "never intended to live with me." Superior Judge James J. Quinn dissolved the one-time actress' fifth marriage here yesterday. Husband number four was Max Baer, former heavyweight boxing champion. The suit stated she married Costa at Yuma, Ariz., last May. She testified they separated June 25.

Oil Company Depot Razed By Blaze

WOODLAND, Calif. (AP).—Fire, which Fire Chief George Hazeman suspects was incendiary, destroyed the Union Oil company depot here last night. Loss of four tanks, an office building, other equipment and 20,000 gallons of gasoline was set at \$35,000 by Chief Hazeman. Efforts to fight the blaze were hampered by a series of terrific explosions.

Visitors Honored By Grove Legion

GARDEN GROVE.—Guest night was observed by Garden Grove American Legion post members Wednesday evening with the Orange county 40 et 8 attending in a body. The evening's program was furnished by a magician, Clyde Day, of Westminster, and Joe Kozina, Villa Park, banjo player. Climaxing the evening the hosts served a spaghetti supper.

SALON IS TOO BUSY
TALLAHASSEE, Fla. (AP).—Fred H. Davis, who wrote the legislative act establishing Florida's electric chair, has never seen the device work. "I never found time to go to the state prison when an execution was scheduled," said Davis, now a justice of the supreme court.

RETURNS FROM VISIT
WINTERSBURG.—Mrs. Arlington Lewis, who left last summer to spend several months with her daughter in Syracuse, N. Y., and a son in Iowa, has returned to her home.

IN NEW HOME
COSTA MESA.—Mr. and Mrs. Roy O. King have moved into their new home at Fairview and Nineteenth street. They formerly lived on Rochester street.

Fathers' Night Slated by P.-T. A.

HUNTINGTON BEACH.—Fathers' Night will be observed Monday night by members of the high school P.-T. A. with a potluck supper in the cafeteria at 6:30 o'clock. The general meeting in the auditorium at 7:30 o'clock will be in charge of the Hi-Y and the subject of sports will be discussed, including their relation to the school, financing and equipment, care in case of injury and health examination.

Plan Gym Class At Laguna Beach

LAGUNA BEACH.—Another activity will be inaugurated at the high school gym tonight with formation of a woman's gym class to be held at 7 p. m. each Thursday evening. A varied program of gymnastic sports will be offered should the class prove popular, according to Paul Colburn, director of the adult education program at the high school.

Art Section Of Club Meets

COSTA MESA.—Members of the Arts and Crafts division of the Friday Afternoon club held their regular meeting Tuesday in the clubhouse, with Mrs. Merwin J. Fickas in charge. Present were Mesdames S. A. Meyer, C. G. Huston, J. L. Chase, Agnes Rustad, L. R. Daughenbaugh, L. C. Bixler, Merwin Fickas, J. O. Tallman, J. C. Payne and G. Miller.

VISIT IN CANYON
OCEANVIEW.—Mrs. Lew Noble, her daughter Catherine, Mrs. Martin Murray and her houseguest, Mrs. C. W. Kiser of Pittsburgh, spent Tuesday in Silverado canyon.

VISIT DESERT
COSTA MESA.—Mr. and Mrs. N. O. Mellott and their house guests, C. Jamison, Ashland, O., and Mrs. H. Stentz, Fort Wayne, Ind., visited Palm Springs, El Centro and San Diego this week.

VISIT RELATIVES
COSTA MESA.—Mr. and Mrs. E. H. Douglas, Duluth, Minn., arrived recently at the home of their daughter and son-in-law, Mr. and Mrs. George Grupe, where they will remain until spring.

WILL DEPORT SMUGGLER OF DOPE

LOS ANGELES (AP).—Maria Wendt, dark-eyed Eurasian drug smuggler, was sentenced to 10 years in prison yesterday, but told that she probably would be deported to Shanghai, China, instead of going to the penitentiary.

She is suffering from an incurable disease, Dr. Benjamin Blank, county jail physician said. Sentence was levied by Federal Judge Albert Lee Stephens, who then granted a stay of execution until Feb. 1, in order to permit

December Liquor Business Heavy

SACRAMENTO (AP).—Liquor stamp sales by the board of equalization were 33 per cent higher last month than December, 1935. The sales increased \$256,065 to \$1,017,817.

MUSEUM HEAD DIES
OTTAWA, Ont. (Canadian Press).—Dr. William Henry Collins, 58, director of the Canadian geological survey and acting director of the national museum, died yesterday.

Immigration officials to carry out an order received yesterday, that Miss Wendt be deported. The girl was convicted of bringing a \$100,000 load of narcotics into Los Angeles harbor.

DRUNK DUCK NABBED IN S. F. Drake Was Guiding Traffic

SAN FRANCISCO (AP).—San Francisco police had their duck troubles yesterday.

There was no question a drake found directing traffic was inebriated. But police disagreed as to how he got that way.

Sergeant Thomas Murphy claimed the duck's breath smelled of Scotch whisky. Radio Policeman Joseph Albrecht insisted it was cheap wine. Officer Keith Griswold said that a "wino," or wine bibbler, fell forward from intoxication, while a Scotch imbibber fell backward, and suggested a test.

The duck, placed on his own, promptly sat down. Sergeant Murphy ordered the bird jailed and booked for drunkenness.

"He was down at an intersection of Bayshore and Oakdale directing traffic," said Griswold, who assisted Albrecht in making the arrest. "When we told him to move on, he quacked at us."

AIRLINE BUSINESS BETTER
OAKLAND (AP).—The Oakland airport handled 35,947 passengers in 1936, an increase of around 24 per cent for the year.

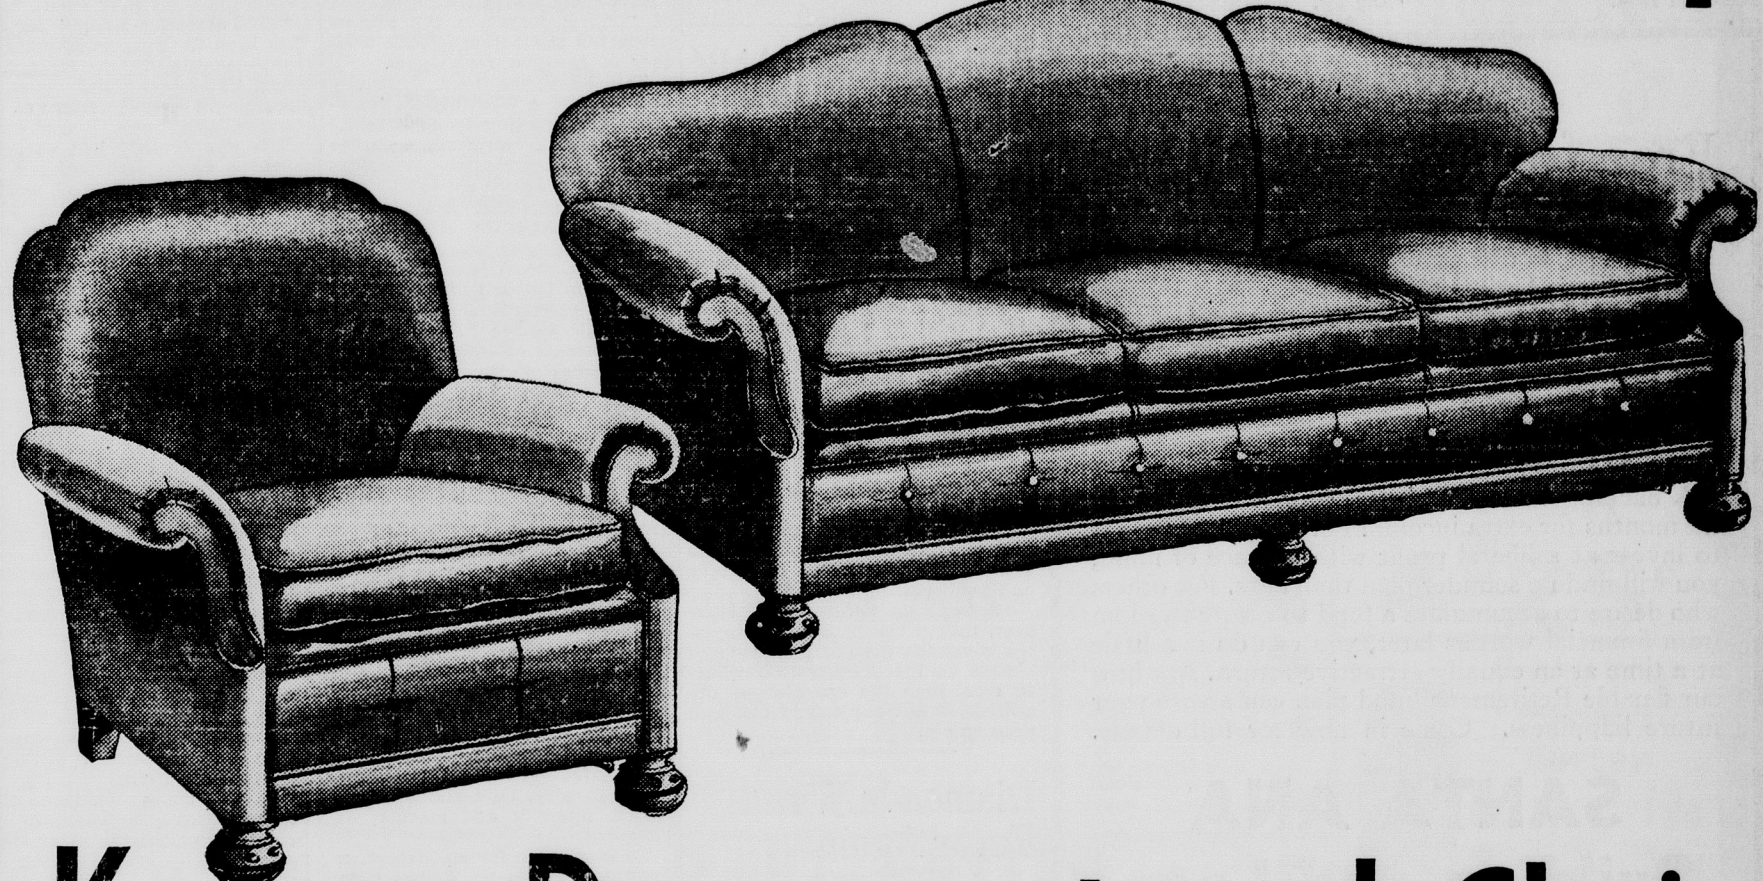

Navy Sends Ship Of Food to Samoa

WASHINGTON (AP).—The navy filled the U. S. S. Arctic with food, mail and supplies today to relieve conditions in American Samoa, whose normal supplies have been affected by the west coast shipping strike.

The Arctic will sail from San Francisco Jan. 30 and go by way of Hawaii bound for Pago-Pago in Samoa. The ship is due there Feb. 23.

RETURNS TO CAREER
HOLLYWOOD (AP).—After nine years as a housewife, Marcia Ralston, whose husband is Band Leader Phil Harris, is returning to an acting career. She has signed to appear in the film version of the English stage play, "Call It a Day."

CALIFORNIANS INTRODUCE SIX BILLS

WASHINGTON. (AP)—Six bills were introduced to the house today by California representatives.

Rep. Clarence F. Lea, Santa Rosa, Democrat, authored a bill donating two bronze cannons to a Eureka American Legion post from the Benicia arsenal. Another asked the expenditure of \$130,000 to aid in putting up school buildings at the Hoopa Valley Indian reservation.

Rep. Byron N. Scott, Long Beach Democrat, introduced three bills—one requiring radio license holders to keep records of all applications for and rejections of time; refuse to permit censorship, and require regular periods of non-profit radio time.

Rep. Charles Kramer, Democrat, Los Angeles, would make it unlawful to pay ransom for the release of kidnapped persons.

Government statistics say grasshoppers caused \$250,000,000 damage in the United States between 1925 and 1934.

Ariel Insists on Career

The opposition of "Caliban" John Barrymore to the stage ambitions of his wife, "Ariel" Elaine Barrie, caused the present rift in their marital relations. But Miss Barrie remained determined upon appearing in a play to be staged at San Francisco. Here she is with her leading man, Jerome Lawler, as they started rehearsals in Los Angeles. (Associated Press Photo.)

LED TO SCHOOL 'BY THE NOSE'

Over in Turkey they lead folks to school by the nose—or virtually so.

Calvin Flint, Santa Ana Junior college lecturer and traveler, told the folks about it Wednesday night at the federal forum meeting in San Juan Capistrano High school. He spoke on "The Turkish Transformation."

"I have seen policemen acting as truant officers leading to school men over 50 years old," said Flint. He said a fine educational system has been developed in Turkey.

Flint told of Turkey's relations with other nations, the new interpretation of the Moslem religion, government control of railroads and mines, and Great Britain's loss of prestige in Turkey.

NAB EXTORTION NOTE WRITER

MOUNT VERNON, N. Y. (AP)—Mount Vernon police announced they had taken into custody a 16-year-old boy they said had confessed sending extortion notes to Bert J. Young, indicating knowledge of the whereabouts of Young's 16-year-old missing son, Robert.

Lieutenant Herman Mattes said the sender of the notes was Austin Ryan, a schoolmate of Robert at Mount St. Michael school, in the Bronx. Robert disappeared from the school on Jan. 4.

Police said Ryan admitted he knew nothing of the whereabouts of his schoolmate, except that he had heard the youth in a conversation at school, declare he was going to "cut loose and go to Cuba."

Trotsky Gains Mexican Refuge

Leon Trotsky, exiled former Soviet Russian leader, and his wife are pictured as they arrived at Tampico, Mex., on the tanker Ruth after their deportation from Norway for continued political activity. Trotsky, offered a retreat in Mexico, said his health had been improved by a nice ocean voyage. (Associated Press Photo)

Napoleon's Son Ends Own Life

MELUN, FRANCE (AP)—Count Hadot de Vennes, illegitimate son of Napoleon III and one of the emperor's last descendants, is dead here. He was 72 years old.

Forced to resign from his position in the French cavalry when he injured his leg in a fall, he ended his life as a minor government employee. He lost a once considerable fortune.

SKILLED LABOR

From one to five hundred able bodied men over 55 years of age, active, experienced, in perfect health, offer their services at one dollar a day and board.

They are mechanics in all lines of duty, such as bricklayers, bookkeepers, barbers, bankers, carpenters, druggists, clerks, plumbers, tile workers, cooks, ranchers, tailors, laundry workers, watchmakers and meatcutters.

MANY EX-UNION MEN!

This is a nationwide movement and is formed for the purpose of furnishing skilled labor at a reasonable price and give elderly mechanics a job.

The idea is spreading and will cover the nation. No salaries officials.

RULING ON BANK NIGHTS MADE

SAN FRANCISCO (AP)—The institution of "bank night" is illegal unless tickets are distributed free of charge, Attorney General U. S. Webb ruled in a new opinion on the controversial subject, answering a query of District Attorney Leslie A. Cleary of Modesto.

Webb defined the lottery as a scheme which must include a prize, a chance and a consideration paid for the chance.

If a chance at the prize is given only to those who buy tickets to a motion picture or other entertainment, then the scheme falls under the classification of lottery and is illegal, he said.

The opinion pointed out, however, that if the bank night registry is outside the theater door and tickets on the prize are distributed free, then the operator of the scheme is not subject to criminal prosecution.

Diamonds Win Favor Again

NEW YORK. (AP)—Diamonds, always the most popular of gems, are heralding a new wave of prosperity for jewelers.

New York jewelers, calling their business "distinctly one of luxury in the upper brackets," said today there was a marked upswing in the demand for fine gems, with diamonds leading the way.

'TRAFFIC JAM' IN ETHER CAUSES FREAK WEATHER

WASHINGTON. (AP)—The weather bureau blamed today a pair of "traffic jams" in the atmosphere for the nation's freak weather of the last few weeks.

The East has been unusually warm, but the West battled snowdrifts and freezing temperatures.

Charles L. Mitchell, weather bureau meteorologist, explained that high pressure zones had persisted since about Jan. 1 over both the Atlantic and Pacific oceans.

He said the Atlantic area had sent warm tropical air northward over the eastern half of the country, while in the Pacific zone a frigid stream of Polar air flowed

southward from Canada as far as Texas and west over California.

"The amazing thing," he said, "has been the narrow boundary or front consistently maintained between these cold and warm air streams in the interior of the country."

The temperature has varied as much as 60 degrees within a single state. Mitchell said weather data indicated the freak period may be ending with colder weather moving eastward.

J. B. Kincer of the weather bureau classed 16 of the last 19 winters as "warmer than normal." The cold exceptions were last winter, 1918-19, and 1919-20.

Army Will Seek Recruits Here

Sergeant M. J. Joyce of the army recruiting service, will be here on Jan. 20 for the purpose of interviewing persons who may be interested in enlisting in the regular army. He will make his headquarters at the postoffice building between the hours of 8:30 a. m. and noon.

Vacancies exist for service in the Hawaiian islands and for various posts in California, with practically every branch of the service represented in these openings. Air corps, cavalry, field and coast artillery, infantry and medical department.

To be eligible for enlistment, an applicant must be between the ages of 18 and 35 years, a citizen of the United States, of good moral character, of sound health, must be able to pass the prescribed intelligence test and must be single and without dependents.

Wants 'Hot Oil' Law Extended

WASHINGTON. (AP)—Senator Tom Connally (Dem., Tex.) has asked congress to extend indefinitely the so-called "hot oil" act which prohibits interstate shipment of oil produced in contravention of state conservation laws.

Connally said continuation of the act, which expires in June, was sought by Secretary Ickes, who administers it; the state railroad commission of Texas, the Independent Petroleum Association of Texas, and many other oil associations.

Big Eaters Get Elastic Vests

CINCINNATI. (AP)—At last—a vest for the heavy eater!

A style show presented by members of the International Association of Clothing Designers featured the item.

It is sewed with elastic thread "to permit greater girth while eating or breathing."

Finds Pearl, But Still He Doesn't Like Oysters

BOSTON. (AP)—"I don't think I'll like them," said Harry B. Paul, Akron, O., match company sales executive, but he ordered his first raw oysters on the half shell anyway, just for a trial.

Five minutes later his teeth closed on something hard. It was a pearl. Assistant Manager John J. Clabby of Paul's hotel estimated its worth at several hundred dollars.

Paul put it away for a souvenir, but his opinion of oysters was unchanged. "I still don't like them," he said.

Coolie Confesses Slaying Woman

NANKING. (AP)—The 15-month-old mystery of the death of Dr. Susan Waddell Hsu, formerly of Berkeley, Calif., was solved today with police announcement a rickshaw coolie had confessed her slaying.

The body of the American woman, wife of Dr. Hsu Shih-Chu, was found in a ditch beside a lonely Nanking road Oct. 15, 1935.

Police said Liu Yung-Hsing, the coolie, had confessed strangling and robbing her.

Liu was being questioned about other slayings in which he was believed implicated, after which his death by strangulation was ordered.

Lost Painting Is Uncovered

ROME. (AP)—An original painting of Raphael, lost for generations because of alterations by some later artist, was exhibited today in Rome's Borghese Gallery.

Labeled "uncovering" of the painting of a young woman with a long nose, long curls and a quizzical expression, disclosed it to be a work of the great master.

Listed in the gallery's catalog for 100 years as a "St. Catherine," it had been attributed variously to Del Perugino, Ghirlandajo, Francesco Granacci and Michele di Rodolfo.

Road Builders Honor Pasadena

NEW ORLEANS. (AP)—William M. Michael of the California Institute of Technology, Pasadena, today held a vice presidency in the educational division of the American Road Builders' association. He was elected yesterday at the annual convention.

Revise Act on Unemployment

SACRAMENTO. (AP)—Employees of cooperative farm organizations will hereafter be included in provisions of the unemployment reserve act.

Whistlers Face Fines If They Tweak Old Tunes

KNOXVILLE, Tenn. (AP)—Knoxville whistlers found out today they are subject to a \$50 fine if caught publicly tweeting "Ta-Ra-Ra-Boob-De-Ay," "After the Ball" or "Two Little Girls in Blue."

WPA workers codifying the city's laws found an unrecalled 1893 ordinance making a misdemeanor of "singing or whistling superannuated tunes."

Jaysee Students to Frolic At Penny Fair Tonight

Tonight's the night for Santa Ana Junior college students.

Why? Because the third annual penny fair sponsored by Los Gauchos, men's service club, is being held in the armory on Fifth street starting at 7 p. m.

Weeks of intensive preparation are being brought to a close as booths for the carnival are being constructed. There will be 15 booths in which the students and the general public will be able to play games, buy refreshments and participate in many other features.

The greatest inducement to the carnival, according to General Chairman Paul Christ, is its cheap price. A price of 1 cent has been set for each concession. There

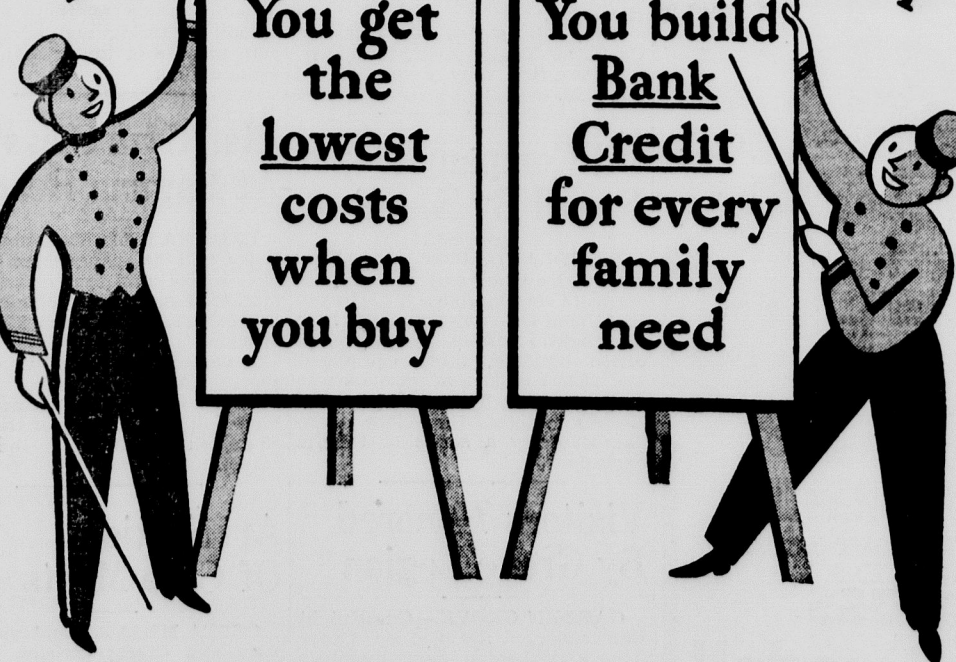

will also be dancing, according to Chairman Christ.

The fair will last until midnight, thus giving fans who attend the Santa Ana-Pullerton basketball game time to have a little fun.

Each year Los Gauchos sponsors the carnival, and with the proceeds contributes something to the college. The club having the most attractive booth wins a trophy. And the club selling the most tickets wins a five-pound box of candy.

Clyde Files has been heading the advertising committee, Leo Snedaker is in charge of tickets, Don Randall, music, and Charles McIntyre, booths.

TWO BIG REASONS WHY

There are extra advantages to financing your car through Bank of America—extra advantages which come to you at no extra cost.

Bank of America Timeplan—which pioneered low-cost, modern automobile financing—still assures you the lowest costs obtainable in California. Add to this the convenience of doing business in your own neighborhood, through your own branch... and the outstanding advantage of Timeplan bank credit.

When you finance a car (new or used) through Bank of America you automatically establish a bank credit relationship which, under Timeplan, can serve your every personal and family financial need.

LIMIT RIGHTS RESERVED

MIAMI TURF CLASSICS ON KVOE

Hialeah Park Broadcasts Exclusive with MBS Start Tomorrow

Chalk up another "first time" to the credit of the new nationwide network of the Mutual Broadcasting system!

Mutual has been granted the exclusive rights to broadcast from beautiful Hialeah Park, Miami, Fla.

With Bryan Field, noted racing authority and turf broadcaster, calling the turn, the winter racing season at the Florida oval will thus be inaugurated with the broadcast of The Fort Dallas handicap and the secondary event on the day's card, tomorrow.

The opener will be broadcast by KVOE and other stations in the coast-to-coast network of the Mutual Broadcasting system from 12:30 to 1:30 p. m., and this will be followed on subsequent Saturdays by other notable turf events, culminating March 6, in the \$50,000 Widener Challenge Cup hialeah juvenile championship.

With a view to promoting a greater familiarity with the thoroughbred horse, a novel prize contest in which listeners are invited to participate without buying anything, or incurring any obligation, will be initiated and its details explained during tomorrow's broadcast.

Generally, listeners will be given an opportunity to select the winners and the one finishing the winter season with the highest total score will be awarded a free trip to the famed Florida resort, the week-end of March 6 when the \$50,000 Widener Challenge Cup race will be run.

'Explorer' Back Next Sunday

Long known as one of the best educational programs on the air... the "University Explorer" will, next Sunday launch a new series that will serve many thousands of additional listeners.

Two factors make this possible... one, that the ubiquitous and ever-curious "explorer" of the University of California, will henceforth recount his discoveries twice per week at the earlier and more convenient hour of 8 p. m. ... the second, that he is to be heard over the increased facilities of the Mutual-Don Lee Broadcasting system.

Starting on the date mentioned, the "University Explorer" will be heard on KVOE Sundays and Wednesdays from 8 to 8:15 p. m.

'Devil's Name' Concludes Tonight

The second and concluding episode of "In the Devil's Name" will be heard on the "Witches Tales" program to be broadcast by KVOE from 7 to 7:30 tonight.

Once again, "Old Nancy" will open the half-hour with her raucous, cackling conversation to "Satan" her black cat, calling upon the fiery-eyed feline to witness what eerie events are brought to pass "In the Devil's Name."

SKEETER VS. SNAKE
JACKSONVILLE, Fla. (P)—Officials of the Florida board of health in effect say: The bite of the malaria carrying anopheline mosquito is more dangerous than the Florida snake's. The board reports that from 1923 to 1931 malaria caused the death of from 205 to 470 persons annually in Florida.

UNIQUE TEST PLANNED BY SCIENCE

Astronomers Will Make
Comparison of Moon
and Arizona Rock

ITHACA, N. Y. (P.)—Cornell astronomers want to look at an Arizona desert, so they're going to take a telescope to the top of a 13,000-foot mountain and look down.

Then they will point the telescope upward and look at the moon.

They hope to discover whether the airless, waterless moon is like the Arizona desert in any way.

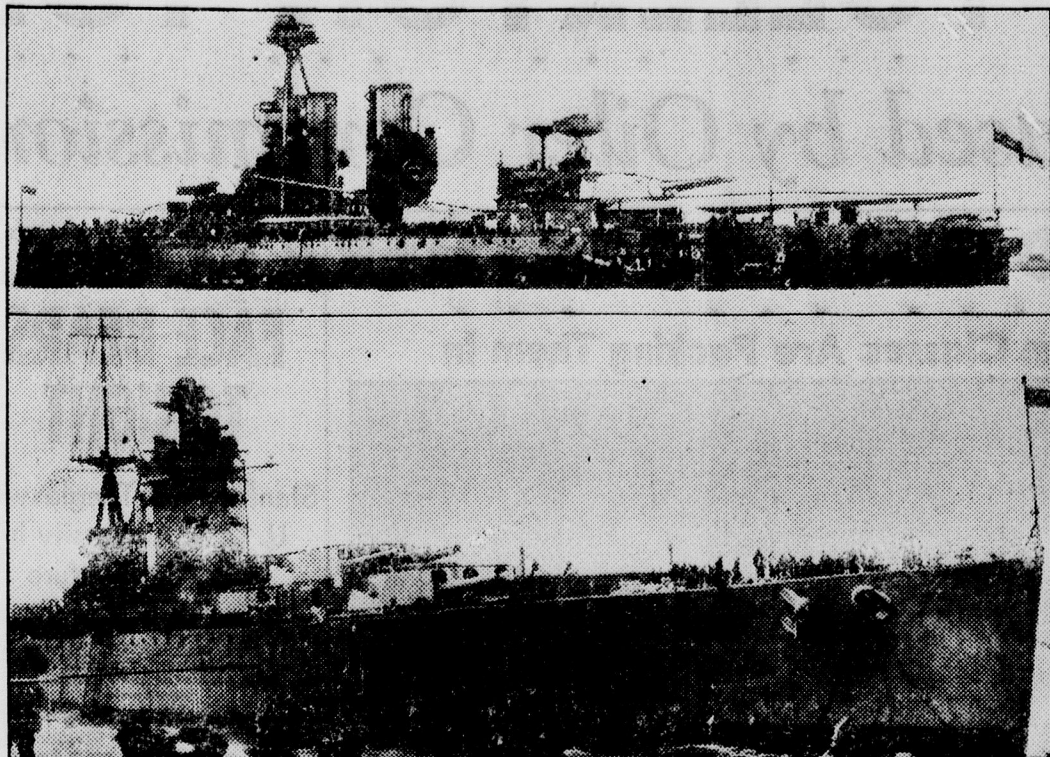

To Use Spectroscope
The Cornell scientists will take the telescope, now being built, a mile higher than any such instrument ever has gone.

In their research, the astronomers will use the spectroscope, the instrument which identifies the kind of atoms present in far off stars. They will see what the "desert" rocks in Arizona look like in the spectroscope. If they spot similar rays coming from the moon's yellow face, then one of the mysteries of all time will be solved.

The new telescope, with an "eye" 24 inches in diameter, came from the same pot of glass which produced the 200-inch mirror for the world's largest telescope now being ground at the California Institute of Technology.

Arizona Air Exception
The other parts of the sky telescope are made of airplane stuff, mostly duralumin. That is why the instrument can be taken

British Warships Sent to Spanish Waters

These two powerful British battleships, the Nelson (top) and the Rodney (below) were among 94 English fighting ships dispatched to Spanish waters by the admiralty. They were expected to stand by in the eastern Mediterranean in case of trouble arising out of developments from the European crisis caused by the Spanish civil war. (Associated Press Photos)

to heights heretofore unattainable. Most lofty mountain air is too turbulent, but the Arizona air is one of the world's rare exceptions. It is the highest of the twin San Francisco peaks, one 12,600 feet, the other 11,500, eight miles north of Flagstaff, where the Lowell observatory, at 7300 feet, is the world's highest.

Eighty-seven per cent of farm women never have vacations, a recent survey showed.

Willard Junior High News

Mrs. M. D. Scott's L 7 social science class, in connection with communication, made a very interesting visit to the telephone company.

The class was divided in groups of 11. Each group was conducted through the building by a supervisor who explained the workings of the telephone. The local calls,

long distance calls, service department, cable room, teletype and battery room were among departments shown.

The students were also allowed to use the card index to find their numbers and were shown how calls were charged on their card.

Next week a trip will be made to the Santa Ana Register.

There is a very just reason why the sports fund has been cut so that the sports department may have a handball court. Every month the sports department gets money for equipment and they have been putting it away so that they will have enough money to have one. According to Mr. Mitchell, the catch is, "The school board has to okay the plan first."

The low nine Senior Glee club, instructed by Miss Glancy, will sing Thursday, Jan. 21, at McKinley school. They will be accompanied by Alice Jean Irvin, a member of the class. The program will be divided into three different parts—the first, southern, the second miscellaneous, and the last military.

The program runs as follows: The full glee club singing "Can't You Hear Me Calling Caroline"; a reading by Beth Mitchell, titled, "Ebeneszer's Mistake"; a piano solo by Lucille Lambert, "Rustle of Spring"; a musical reading by Carroll Jean Brinkerhoff, titled, "The House of Fortune"; the full glee club singing "Sweetheart"; by Victor Herbert; a piano solo, Alice Irvin, "Rippling Brook"; a duet, Margaret Fields and Numma Hasette, "At Sundown"; two vocal solos, Dorothy Van Horn, "On the Trail of the Lonesome Pine" and "With Irish Eyes Are Smiling"; the full glee club, "Dance Ye Gypsies"; a tap dance, Kathryn Hambricht; tap dance, Lois Green; full glee club, "Parade of the Wooden Soldier." This will conclude the program.

"Come on Joe," "What's wrong Bill?" "Step on it Gus." These cries and similar ones were heard emerging from Mr. Schmid's, low 9-W, algebra class, recently.

In this "House of Fortune" students are now holding a inter-row contest.

The names of the contestants are, the "Orange Panthers," the "Dazies," the "Stooges," the "Algebrains" and the All Stars." At the present the "Stooges" are leading the class and day by day strengthening their already sufficient lead.

The boys in Willard P. E. classes started their regular one a quarter, decathlon, Monday, Jan. 11. This contest will go on for one week and then the boys will continue playing basketball as their regular schedule.

This classic is held to test the skill of the individual boy and the events include the pull-up, the push-up, the 75-yard dash, the running high jump, the tennis serve, the basketball for goal, the basketball for distance, the baseball strike and the standing broad jump.

The present decathlon champs, for the first quarter, are Jim Wilson in the "B" division, Jack Parton for the "C's", Lara in the "D's", George Platt in the "E's", and Freddy Rosenbaum for the "F's."

"In case of rain, or extremely cold weather the boys will temporarily discontinue this contest and the groups will take P. E. in the Willard cafeteria," Coach Lund stated.

"Come one, come all," cries Mr. Mitchell as he gives pupils a chance to enter those great orchestras, popular, advanced, and beginners.

The advanced orchestra started with 15 members—now there are 25. He hopes for a goal of 35 members next semester and 45 next year, it is understood.

"Due to the fine cooperation of the school board the instrumental department has grown considerably," Mitchell said. Instruments have been purchased by the board, which are available to students wishing instrumental instruction. As a result the seventh grade orchestra has a membership of 35, who will become members of the advanced orchestra next year.

Moving pictures pertaining to different kinds of diseases and how they were discovered were recently

shown to the P. E. classes by Mr. Froeschle, science teacher.

The pictures were very interesting in the respect of disease prevention. The pictures also gave a brief summary of the history of science in its attempts to find the source and controlling powers of contagious diseases.

The poor L 9-W social studies class has been tearing their hair again trying to get their chosen subject reports finished. The chosen subject reports are assignments that are due every semester.

These reports have to show two hours of work and can't be from encyclopedias. Some of the subjects are about such dictators as Hitler and Mussolini and their countries, and what changes they have made.

Attendance at Willard has been very poor for some time and every student should make a determined effort to improve it. The absentees have been caused by colds and some students that have other hand attractions. Because of so many pupils coming back to school without sufficient reason for their absence, there will be a detention room held daily in room 103. A faculty member will be in charge of this room after school every evening.

This will cut down on the incomplete that some students have received. When a student receives an absence slip with "not excused" written in red ink you will know that work should be assigned that student. The detention teacher will keep a record of the time made up, the work done and the name of the teacher who assigned the work. If the detention room has been discussed for a party to be given as soon as the weather is suitable. After considering several suggestions, Orange park was decided on as the best site. A menu, consisting mainly of wieners, was prepared.

In addition the troop considered plans for attending both a convention and a skating party to be held in the near future.

Each pupil in the L 9-W English class, under the direction of Mrs. M. L. Scott, has chosen a "World Hero" about which to write a long theme, at the end of the semester.

"This theme will determine, to a great extent, the pupil's final grade," Mrs. Scott said.

Each student is to choose a famous man who he thinks has nobility of character, self-sacrifice, devotion for a great cause, and work of a permanent character for humanity.

Pasteur, Fulton and Lincoln are among those chosen. The pupils are to get their material from five different sources. A bibliography was handed in Jan. 13 by the students.

The Latin students are getting their notebooks ready for the quarter to be handed in on Jan. 15. The students are required to hand in a notebook containing five Latin phrases, five identicals, and 25 derivatives each quarter.

The classes get their material from newspapers, magazines, books and other printed matter. Mrs. Budd was very pleased with the notebooks turned in the last quarter.

An announcement was made Tuesday, Jan. 12, to the students of Willard concerning their book lockers. The students may go to their lockers only during 8, 11, 12, 12:45 and 2:45. This order was made by Principle Lyle B. Mitchell.

A home room meeting was called to notify the students of this change. Also the girls were notified that they must use the library door to avoid crowding. This order was made in order to have the halls more quiet.

A ninth grade Girl Reserve cabinet meeting was held Monday Jan. 11, in Miss Anderson's office to discuss the dance which will be held Friday, Jan. 15, in the Y. W. C. A. club rooms.

It was decided to have the Willard popular orchestra, directed by Mr. Mitchell, play for the first half of the dance, while the amplifier will be used the last part. The prize dance will be the feature of the evening, when the lucky couple winning will receive a box of candy. Other novelty dances will include a grand march, boys' cheat, girls' cheat, book cheat, coat hanger cheat and a broom dance.

Refreshments of ice cream cups and cookies will be served at the end of the evening.

Lucille Crawford, Frances Page and Betty Ellen Mitchell comprise the reception committee, while Mary Lou Mann is in charge of decorations and Barbara Prelinger is in charge of the tickets.

Dramatics are being studied in Miss Elliott's L 7Q English class. The girls are giving skits from "Little Women," while the boys are giving them from "Tom Sawyer." Both these skits are enjoyed immensely by the pupils and teacher and are very educational.

The new tennis club had its first meeting Jan. 7 in Coach Lund's office, with most of the members present. The tennis ladder was arranged by Mr. Mitchell, who announced that the fellows could challenge two players above their own standing.

Basketball will start as soon as the weather permits it. The home room managers are beginning to organize their teams. The playoffs will be as usual, with home rooms matched and losers matched. There will be only one test, to a home room. The contests will be between seventh, eighth and ninth grades. So far a good turnout is expected.

HORTON'S JANUARY FURNITURE SALE

Trade in your old living room group as payment on one of these!

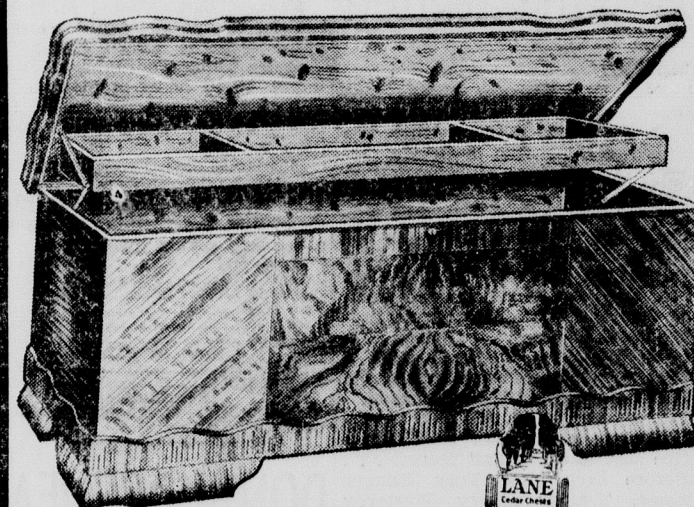

Special Purchase! SPRING SAMPLES

Bought from a Spring Style Showing, the accepted patterns for spring, the styles of living room furniture that were used by the manufacturer as his sample line for buyers' inspection! Six styles in living room groups, mostly modern, semi-modern and Charles of London. Included are 21 chairs in damasks and mohairs, at great savings, occasional and fireside types. All fine furniture... all subject to prior sale... all purchases on our usual convenient terms.

By PAUL WRIGHT

Joe E. Brown, the funny man with the Grand Canyon mouth, will be unable to attend next Tuesday night's banquet honoring Santa Ana Jaycee's southern grid champs at the Green Cat cafe. Doctor's orders prohibit too many speaking engagements for the comedian, Santa Ana committeemen learned. . . Elaborate plans for a program to attract 400 fans have fallen through, although the dinner, now in complete charge of the Associated Students, will be open to the public at 75 cents a plate. . . Leo Calland, San Diego State's popular coach, will be the principal speaker.

Blond Leonard Stafford, the Santa Ana all-time record-holder in the pole vault and a pretty fair halfback who receives his prep sheepskin next month, plans to enter U. C. L. A.

Free throws: Jim Blewett, the Los Angeles coach who is recognized as an A-1 basketball official, didn't know until well along in the first half of the Riverside-Santa Ana J. C. game here this week that he was officiating for junior colleges!

The size—or lack of it—of Blanchard Beatty's "Dons" led Blewett to believe he was refereeing a prep game. He discovered the difference when he inquired "How much longer is this 8-minute quarter (as played in high schools)?" The junior colleges play 20-minute halves without intermission.

Ray Arguello, sports editor of the Orange News, credits Norman Burbridge, sophomore, with a great deal of the success of Hod Chambers' prep circuit.

Stage-fright, rather than lack of ability, has contributed to the downfall of Santa Ana's Class B Saints in games with San Diego and Long Beach Poly, believes Joe Koegler.

Incidentally, Coach Koegler got a big laugh out of Official

Red Lee's attempt to hit him during a red-hot argument in the Santa Ana varsity overtime conflict at Long Beach this week. "Lee (who coaches at Compton) can be excused because he became a bit excited. He apologized after the game. I was wrong in rushing onto the playing floor."

Leonard (Call Me Stub) Allison, California coach who made a comeback on the gridiron last fall, will be in Santa Ana Tuesday noon for a brief talk before Orange county alumni of the Berkeley institution at the Home cafe.

"I've been trying to get Allison down here for the past three years," said energetic John Lutz, prominent alumnus of the Bears. "He'll be here for sure this time."

Allison plans to spend a week in Southern California, and will take in the U. S. C. Bear basketball games in Los Angeles tonight and tomorrow night. He and Floyd Blower, Santa Ana's 1931 grid captain who has been appointed head of the Bear alumni association in Southern California, probably will go into conference while Allison is here.

Blower is spending a few days in Santa Ana before going north for special schooling in the University's main office of the alumni association. He is slated to assume his duties as "contact man" for the Bears at Los Angeles headquarters sometime in April.

Rubber bands for bait? They work. A Florida angler used the synthetic bait and hauled in a fine catch of perch.

Bobby LaRue, the scintillating back who played havoc with Washington's Rose Bowl hopes, was "turned down" by Hunk Anderson at Notre Dame before migrating to Pittsburgh. So said Tom Lioy, Loyola's entertaining coach who addressed Elks and their guests here this week.

VAN MUNGO WANTS \$15,000 Schmeling Tour Threatened

By EDDIE BREITZ

NEW YORK. (AP)—The Brooklyn directors may as well know it now as later: Van Mungo wants \$15,000 to toss that horseshoe this season—and not a dime less, gents. . . Billy Stevens is picking up "Bang," the boxing magazine, where Eddie Borden left off last week. . . Looks like old age will catch up with Betsy Grant before he gets a well deserved chance on the Davis cup team.

Well, well . . . they're going to give the Boston Bees a regular place to eat in St. Pete this spring! The hotel where the club was quartered last year had everything but a dining room . . . so Freddy Bob Quinn gave each player \$6 per day and told him to put on the feed bag where he pleased. . . Needless to report, most of the money went into slot machines. . . This year the Bees will move into a hotel down the block. . . If the anti-fight boycott goes through, Joe Jacobs will cancel Max Schmeling's southern exhibition tour. . . Chuck Drennon says: "The Cubs will be weaker, the Giants no better, and the rest of the league stronger" . . . so there you are.

Hymie Chaplin took violent exception to Wednesday night's decision against Solly Kreiger to the tune of a couple of thousand words (most of them expressed with the

STORM CLOUDS HOVERING OVER OAKLAND GOLFERS

By RUSSELL J. NEWLAND

OAKLAND. (AP)—Professional golf's notables and most of the near-greats lit out today on another lap of the winter tournament season's golden trail—the 72-hole medal play \$5000 Oakland Open.

Storm clouds were overhead and mushy footing underneath as more than 200 players showed off in the first 18 holes of competition. The second round will be held tomorrow with the 60 low scorers of the first half of the tournament battling it out in Sunday's 36-hole final.

Fresh from par-smashing exploits in winning the Los Angeles Open last week, "Lighthouse" Harry Cooper of Chicago faced the starting tee as the favorite to win the \$1200 first prize.

The short but hazardous Claremont course seemingly was laid out for players of Cooper's caliber. Its 5825 yards places a premium on straight shooting, not distance. The tremendously long hitters often find themselves penalized by power.

666 COLD checks and FEVER first day Headache, 30 minutes Try "Rob-Me-Tam" World's Best Liniment

Willard's Class C Cagers Win, 17-16

Frances Willard Junior High's Class C cagers pulled through with a last minute upset to conquer Brea Olinda High's lightweights, 17-16, Wednesday. The winning point came in the last five seconds.

Pear production on the Pacific coast is on the upward trend.

DONS TEST FULLERTON TONIGHT

Louie Neva Released by Oiler Commission

SOFTBALL ACE BOYS AND GIRLS TOGETHER

SAYS PLANS INDEFINITE

Santa Ana and Anaheim May Begin Dicking For Great Russian

Louie (The Great) Neva, softball's most famous player, was no longer the property of Huntington Beach of the National Nightball league today.

The baffling pitcher who led Manager Joe Rodgers' Oilers to two successive Southern California championships has been granted—by his own request—an outright release by the Huntington Beach commission of Fred Grabble, William Curmutt, Jack Robertson, A. L. Hendrickson and Cliff King.

Whether Neva's services will be sought by Santa Ana, Anaheim or other members of the National league who have felt the sting of the Russian's effectiveness was a matter of speculation today.

Neva was granted the release because, he said, "it interfered with his landing a job elsewhere." A rumor went the rounds last week that San Bernardino wanted Louie and his brother, Paul, for a proposed tour of the East.

With his blinding speed and fancy drop, Neva was the terror of the National league. He had no consistent equal, although Jim Coates of Santa Ana, Jack Dugan of Olive, Roger Larimer of Orange and Wilbur Stinchfield of Anaheim sometimes extended him to the limit.

Rogers' status with the Oilers remains a mystery. He has presented his resignation as manager, but the commission has not accepted it. There is a possibility the colorful pilot will be lured back into the summer pastime.

Mills Five Loses 49-46

Santa Ana's Woolen Mills basketball troupe pointed toward its game with the Mantle club in Los Angeles tomorrow night, after losing a 49-46 heart-breaker to the Clifton's cafeteria five in the first round of the Los Angeles league here last night.

Bill Kolkhorst, Fred Wiener and Doug Wheeler showered the ring with 17, 15 and 10 points in a wild rally, and the thrilling game was a see-saw affair throughout.

Clifton's (49) P. S. (46) Santa Ana
Ballard (9) F. (10) Wheeler
Alhambra (19) E. (15) Wiener
Pole (15) C. (15) Eastham
Harris (6) G. (2) Lockhart
Foster (7) Valentine
Score by Halves 23 26-49
Woolen Mills 20 26-46
Substitutions
Woolen Mills: Kolkhorst (17), Silverwood (2), Sullivan.

DON BUDGE NEAR DIXIE FINALS

TAMPA, Fla. (AP)—California's Don Budge today drew near the finals of the Dixie tennis tournament and a chance to avenge a recent licking by Bryan Grant of Atlanta.

The lanky red-head from Oakland indicated he feels he again is approaching the form that won him No. 1 national rating last year and expressed confidence he can beat the tireless little Georgian.

Elwood Cooke of Los Angeles, Budge's opponent today, was figured to give the favorite little trouble.

BRETHREN FIVE WINS, 53-15!

The Church of Brethren players felt today that they might score an upset with another crack at the Advent Christians, first-half champions of Community Church league basketball. They walloped the United Brethren, 53-15, at the Y. M. C. A. last night, with John Dickey and Jay Meyers peppering the basket for 27 and 20 points.

The Santa Ana Nazarenes shaded the Midway City Nazarenes, 19-16, in the other game. Secretary Ralph Smedley has called a meeting of business managers to draft the second-half schedule at the Y. M. C. A. Monday night.

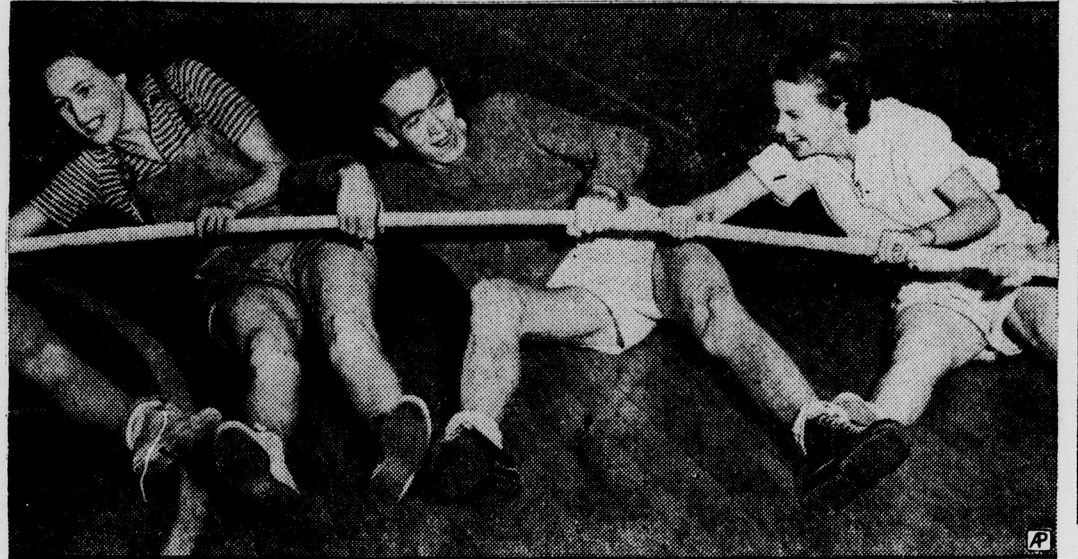

The Church of Brethren players felt today that they might score an upset with another crack at the Advent Christians, first-half champions of Community Church league basketball. They walloped the United Brethren, 53-15, at the Y. M. C. A. last night, with John Dickey and Jay Meyers peppering the basket for 27 and 20 points.

INDIAN GIANTS TO WRESTLE

Approximately 570 pounds of beef and brawn will clash in the secondary wrestling feature at the Orange County Athletic club Monday night as the result of Promot—Sam Sampson's signing yesterday of Indian Jules Strongbow to meet Tiny Roebuck, giant Haskell Indian, in a rematch.

U.S.C. CAGERS FACE BEARS TONIGHT

Stanford to Tangle with U. C. L. A. Varsity in Palo Alto Feature

Saints to Report for Track and Baseball Feb. 1

Coach Joe Koegler announced today he would call out his Santa Ana High school baseball aspirants for their first workout around Feb. 1.

Shortly after drill begins within two weeks, Koegler plans to line up a practice schedule of five or six games in preparation for the Coast league season which opens with Long Beach Poly there April 9, Alhambra there April 16, San Diego Hoover there April 23, and Long Beach Woodrow Wilson here April 30.

A rain-soaked oval will be conditioned for the beginning of track the first week in February.

He referred to illness which forced Vines to enter a hospital in Chicago, and said:

"It certainly put me in a hole. . . If I won from Vines, I defeated him because he was not at top form. . . Had he won from me, fans would say that Vines, though off his game could defeat me. . . I am glad that Vines has had this six-day rest and says that he is fully recovered. There will be no question of tonight's match."

COUNTY PREP FIVES BUSY

Newport and Anaheim Seek Major Division Lead; Tustin Home

JAYSEE FIVES WILL RENEW FEUD HERE

Santa Ana Is Underdog In Crucial; 2 Games Slated Tomorrow

EASTERN J. C. CONFERENCE

	W.	L.	Pct.
Fullerton	1	0	1.000
Riverside	1	0	1.000
San Bernardino	0	0	.000
Citrus	0	0	.000
Santa Ana	0	1	.000
Chico	0	1	.000
Pomona	0	1	.000

Flames of a heated sports rivalry will burst anew when Fullerton and Santa Ana Junior colleges clash in Andrews' gymnasium here at 8 o'clock tonight for (1) the Orange county championship and (2) a foothold in the Eastern conference.

Fullerton's co-favorites with Riverside and San Bernardino in the 1937 pennant scramble battled a fast Pomona squad, 59-36, Wednesday night, and will be favored over Blanchard Beatty's Santa Anas, who were outpointed by Riverside, 54-24, here the same evening.

Anything can happen, however, in basketball—especially when Fullerton and Santa Ana hook up. Two years ago a mediocre Don Quintet became "hot" and eliminated the classy Yellowjackets, 31-30, on a last-second field goal, and last year Fullerton won, 41-36, after a nip-and-tuck encounter.

Fullerton is captained by an Orange boy, Walt Leichtfuss, who is difficult to check on running shots from side-court. Other members of Art Nunn's fast-stepping collection are Ted Neja, the Anaheim prep star, and Kenneth Whittier, sensation at center, and Schell and Newsome at guard.

Santa Ana will lead off with Harry Stanley and Kenneth Nisley at forward, Bob Browning at center, Ervin Noel and Kenneth Marshall at guard, with Bob Faul, John Jenson, Harold Eastham and Don Randall among others ready for relief duty.

TED YAROSZ TO BOX CORBETT?

SAN FRANCISCO. (AP)—Young Corbett of Fresno, the one-time welterweight champion who is again on the comeback road, appeared today in line for a bout here Feb. 22 with Teddy Yarosz of Pittsburgh.

A San Francisco promoter said he had telegraphed Yarosz' manager asking the former middleweight titleholder to come West. Yarosz defeated Solly Kreiger in New York Wednesday night.

Fights Last Night

By the Associated Press
NEW YORK. Arturo Godoy, 195, South America, stopped Jack Roper, 198½, Los Angeles (7).
MINNEAPOLIS.—Joe Louis, Detroit, knocked out Tiger Frank Thompson, 204, Decatur, Ill. (1).

SCOTLAND IS DRIFTING TO WEST

Experts Discover Its Movement at Rate of 8 Feet Yearly

GLASGOW (AP).—Scotland was reported today by an official of the Glasgow Observatory to be drifting toward Ireland—and America—at the rate of more than eight feet a year.

Thomas R. Tannahill, a member of the staff, said their calculations showed the mainland had shifted westward 600 feet in the last 70 years.

England, he explained, has not joined in the movement and, consequently, Great Britain is apparently "bending in two."

PHENOMENON TOLD BY CAMBRIDGE MAN

CAMBRIDGE, Mass. (AP).—Dr. Kirtley Mather, professor of geology at Harvard, today described as "extremely important to the entire science of geology" observations at Glasgow of a "drift" of Scotland toward Ireland.

Somewhat similar phenomena, he said, were under observation in Greenland, Iceland and Scandinavia.

"We have been suspicious," he said, "that there were changes in longitude at several places on the surface of the earth which would indicate a slow movement of the earth's outer shell. The difficulty is to get sufficiently precise measurements."

"Unfortunately, there is some indication of a curious stretching of the earth's outer shell, followed by a contraction, as though points of observation moved in one direction, then back again in the opposite direction, sometimes within a day."

COMPLETION OF PRISON NEAR

WASHINGTON (AP).—Near completion of a new federal prison at San Pedro, Calif., was announced today by Attorney General Cummings, but rising construction costs, he said, had forced a re-vamping of the justice department's entire building program.

The department's original program called for erection of six new penal institutions at a cost of \$2,500,000, Cummings said, but when congress appropriated only \$1,700,000 last year department officials decided to build only three.

Mrs. Roosevelt Inspects Jail

WASHINGTON (AP).—Mrs. Franklin D. Roosevelt saw five men waiting in death cells yesterday, passed prisoners sleeping on floor mattresses, and had a look at a jail kitchen.

She visited the District of Columbia jail, beginning a tour of "sightseeing at home." Mrs. Roosevelt said local jails always were "sore spots," and that the one in the national capital is "better than some, worse than others."

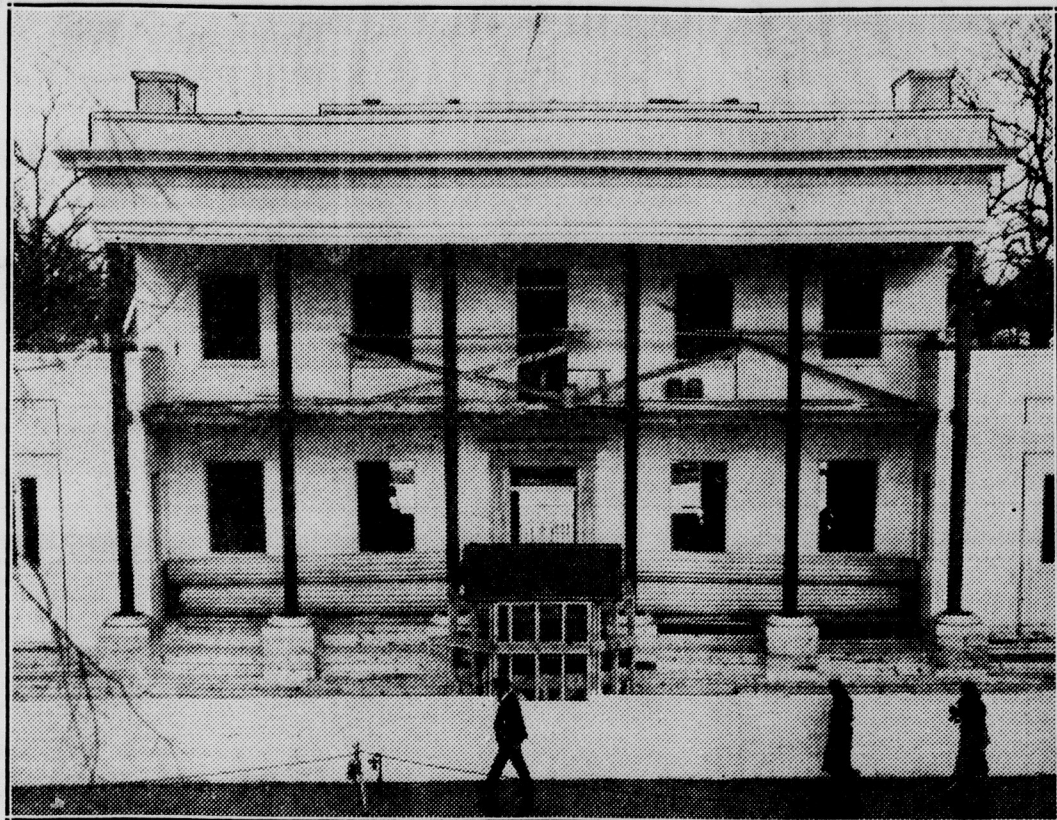

"It's too old, too small and is dangerous because there is no segregation of first offenders or diseased," she said.

Army Changes Shoulder Straps

WASHINGTON (AP).—The army changed the shoulder ornament on its blue dress uniforms today, substituting shoulder straps of pre-war type for detachable insignia of rank.

Pockets also were authorized on the uniform, which is suitable for White House receptions and other formal occasions.

Replica of Jackson's Home Built for Inauguration

This replica of The Hermitage, Andrew Jackson's home in Tennessee, was being erected in front of the White House to serve as a reviewing stand for President Roosevelt, his family and cabinet members for the parade marking his second inauguration into the nation's highest office. (Associated Press Photo)

Limestone Canyon, One of Most Fascinating Places, Was Home of Indian Tribe

(Editor's Note: Federal Writers' project workers, under Ted N. Burrell, Orange county editor, are compiling an Orange county guide. From some of the older histories and documents many odd, interesting and previously unpublished facts are unearthed. Here is another in a series of such stories to be printed from time to time exclusively in The Santa Ana Journal.)

By TED N. BURRELL

One of the most fascinating of the many canyons in Orange county is the Limestone. Aside from its beauty which has lured many, this spot is associated with historical interest. Old records reveal that formerly this canyon was the home of an early Orange county Indian tribe. There are many evidences of this early occupation by this country's first settlers.

Today, for those who care to look, may be seen the signs of ancient camp fires, evidence that at one time this place was the home of perhaps hundreds of Indians. Many fragments of pestles and grinder rocks have been carried away from this site by visitors; and there are still pieces of these early implements to be found.

It was into a branch of Limestone canyon that General Andres Pico and his posse rode early in 1857 with two members of the notorious Juan Flores' gang in custody. It was here that these two bandits were hanged to a nearby sycamore tree when Pico received the news that Flores himself had escaped from a place near Olive.

Once Called Aliso

Many years ago Limestone canyon was called the Aliso, named after the tree by Teodosio Yorba. The Spanish and Mexicans were very fond of this tree called the Aliso, which we know as the sycamore. Because there were so many Aliso canyons in this section of the country, however, the name did not long remain. Later it was known as Canyon Aguaje de Chino, after an early inhabitant, a Mexican nicknamed Chino, which means curly.

This name soon passed out of use, particularly because it was too long for easy pronunciation. A pioneer settler in the region, Samuel Shrewsbury, gave it the name Limestone in 1862, and that name has remained until today. During his explorations in the canyon, Shrewsbury found a considerable amount of limestone. He developed a market for the stone later in Los Angeles, although the limestone found there was not of the best quality.

Little is left today of this pioneer's early lime kiln. A pile of

Lay Battleship Keels by June 1

WASHINGTON (AP).—Secretary Swanson said today he planned to lay the keels of the navy's two new battleships by June 1. They will cost about \$50,000,000 each. Bids will be called for about March 15.

desert, was not used by the early tribes here. However, during excavations made at the site of the village in the canyon, evidence was discovered that a cremation was performed here. Conjecture has it that an Indian from some other tribe had made his way into this section. Possibly before his death he asked that his body be taken care of according to the custom of his tribe. So, according to what has been found in Limestone canyon, the local Indians paid homage to the dead by granting this request.

AIRPORTS ON TINY ISLES PLANNED

WASHINGTON (AP).—The Works Progress Administration has announced a \$36,000 allocation for an airport on tiny Howland island in the Pacific, to provide an air base in the route between the United States, Australia and New Zealand.

President Roosevelt approved the project last week. WPA workers, with tractors and other equipment, sailed Wednesday from Honolulu for Howland aboard the coast guard cutter William J. Duane. Army and navy officers also were reported to be aboard.

Howland, and nearby Baker island, if used as military air bases in wartime, would extend by some 1500 miles the American aerial defense lines across the Pacific.

FOOD FOR ARMS PACT SIGNED

VIENNA (AP).—Exchange of food for armaments, it was disclosed today, is the dominant theme of current Austro-German trade negotiations.

Austria, it was said, is arranging to provide impoverished German cupboards with food in return for aircraft detectors to equip its rearmament army.

Austria, whose army since last April has grown from an official treaty limit of 30,000 men to a semi-officially estimated strength of 100,000, is centering its attention on the air corps.

Mellon's Art Gifts Acceptable

WASHINGTON (AP).—Smithsonian Institution regents have approved Andrew W. Mellon's proposal to donate a national gallery of art masterpieces to the nation. A resolution adopted directed the secretary to convey to the former treasury head "the deep sense of this board of the generosity and patriotic character of this magnificent cultural gift."

Honesty Almost Keeps Man Confined at Alcatraz

SAN FRANCISCO (AP).—Honesty almost kept A. W. Davis, 33-year-old Texan, in Alcatraz island federal prison yesterday.

He finished his term for narcotic act conspiracy and was asked to sign the pauper's oath, a formality when prisoners say they cannot pay an additionally imposed fine. Davis refused.

"I was trapped when they sent me to Alcatraz," he said. "I won't let them get me for perjury now." It seems Davis owned three acres of land in Texas worth \$10. He signed only after he was assured he wouldn't be sent back to Alcatraz on that account. His fine was \$1,000.

Auto Fatalities Show Increase

WASHINGTON (AP).—The census bureau reported automobile fatalities in 129 cities during the week ended Jan. 1 totaled 313—an increase of 107 over the corresponding week a year ago.

sured he wouldn't be sent back to Alcatraz on that account. His fine was \$1,000.

Wetherell Seeded Fourth in L. A. Net Play

STRONG FIELD SEEKS TITLE OF RIGGS

Johnson and Carr Rated Second and Third to Metropolitan Star

Lewis Wetherell, Santa Ana's National Public Parks champion, who swings a mean racket at the University of Southern California, has been seeded fourth in the Metropolitan tennis tournament which gets under way at Griffith park in Los Angeles Sunday.

Wetherell is ranked ahead of such high-powered netters as Bernie Coghlan, No. 5; Mort Ballagh, No. 6; John Sisson, No. 7, and Robin Hippenstiel, No. 8.

The sensational campaigning of Bobby Riggs in the East has left the Los Angeles youth as the No. 1 seeded player. He is the defending champion. Riggs' chief opposition is expected from Southpaw Vernon Johnson, who pressed him to five sets in the 1935 finals. Charles Carr has been seeded No. 3 ahead of Santa Ana's star.

Play in the Metropolitan championships will be held every Sunday until the tournament is completed.

Examinations are required of all applicants for teaching credentials in printing. This is the first time the tests have been given outside Los Angeles.

Williams will conduct written examinations tonight at Frank Wiggins trade school, Los Angeles, and will bring his group of applicants here tomorrow at 8:30 a. m. for oral examinations in the high school print shop. At 1 p. m. they will give practical demonstrations of printing as a third test.

The local instructor will be assisted by C. E. Stewart of the Santa Ana Printing company, representing employers, Ralph Baker of the Dennis Printing company, representing employees, and two U. C. L. A. professors, representing the state department of education.

SEATTLE MAYOR RAPS G-MEN

PORTLAND, Ore. (AP)—Mayor John F. Dore of Seattle criticized G-men last night for their activities in the Charles Mattson abduction and murder.

"We could have caught that guy who stole the Mattson boy if it hadn't been for the G-men," he asserted, "but the government says hands off until the victim is returned. It was known 15 minutes after it happened, and he could have been captured. Waterways could have been guarded, and all the police and sheriffs could have closed the highways. It's a cinch the beast was in Everett; we could have bottle-necked the scene of crime so he couldn't have gotten out in any direction."

The mayor discussed the kidnapping before he addressed a labor meeting.

FAVOR PATTY BERG

AUGUSTA, Ga. (AP)—A bevy of top-flight women golfers began firing today in the Augusta titleholders' tournament, a 54-hole medal test in which pet Patty Berg, Minneapolis school girl, is the favorite.

Willowick Extends Qualifying Time For Golf Tourney

Qualifying time in Willowick golf course's annual mid-winter men's tournament has been extended to Jan. 25.

The extra week has been awarded because of wet grounds. Match play will begin immediately following Jan. 25, and one match will be held each week.

Gliding is the rage in Japan.

LIBERTY NEVER HOUSED JAIL

WASHINGTON, (AP)—The national parks service put at rest today a legend that the Statue of Liberty once housed a jail.

"Lady Liberty," said an announcement, "has never acted as a jailer."

There are, however, three small cells on Bedloe Island, from which rises the \$1,000,000 gift of the French people.

"These are within the walls of old Fort Wood, which was built a number of years before conception of the idea of erecting a statue of liberty," a parks service official said.

Former Spouse of Fairbanks' Wife Will Remarry

LONDON, (AP)—The engagement of Lord Ashley, former husband of Mrs. Douglas Fairbanks, to Mile. Francoise Soulier of Paris was announced today.

Lord Ashley was granted a divorce decree nisi from Lady Ashley, a former musical comedy actress, in 1934, in an undefended suit which named Fairbanks, then the husband of Mary Pickford, as co-respondent.

Dissolution of the Pickford-Fairbanks marriage became absolute in January, 1936, and the following March the moving picture actor married the former Lady Ashley in Paris.

DEAD BROTHERS' DEALS PROBED

WASHINGTON, (AP)—One phase of the senate inquiry into railroad financing ended today with an assertion by Senator Wheeler (D., Mont.) that the Van Sweringen corporation used proceeds of a \$30,000,000 note issue to buy "speculative securities" of other Van Sweringen firms.

Wheeler said the corporation, a real estate holding company, supposedly was to use the money for developing Cleveland property.

The late Van Sweringen brothers once operated nine real estate companies as part of the huge rail empire.

The Woman in BACK...

... of the Woman Who
BUYS!

You'll Meet Her Every Day in the Pages of The Journal!

The successful merchants of Santa Ana know this woman! They see her in the morning with a food basket under her arm . . . they see her coming in on her lunch hour for three pairs of full-fashioned silk hose specially priced at \$2 . . . they meet her in the afternoons trying on new model dresses from which price tags have been suavely removed . . . they see her on Saturday afternoons shopping for furniture with her husband!

But, there's another part of this woman they rarely see! That's the woman in back of the woman who buys! She's one of thousands of WOMEN who buy and read *The Journal* every day. She's the woman who has learned the correct way to shop. She does her shopping before ever spending a penny!

Successful Santa Ana merchants value this woman as their customer . . . that's one reason why they're successful. Would YOU like to meet her? We can arrange an introduction for you!

RACE HANDICAP SPLIT TODAY

LOS ANGELES, (AP)—Failure to fill two 3-year-old races caused Racing Secretary Webb Everett to split the King James Handicap today into two divisions, with nine starters in each race.

The first division was re-named the Round Table Handicap, and includes a first starter at Santa Anita track in Kandahar, a French horse imported last summer by H. C. Hatch of Canada.

In the baby race—the Toy Soldier—the Alfred G. Vanderbilt youngster, Indian Lodge, will make his second start. He was beaten the first time out, but the stable expects much from the horse.

MORE ABOUT COUNTY FIVES

(Continued From Page 10)

will watch Coach Dick Glover's high-scoring machine, which smashed Garden Grove, 39-17, last week, perform against Newport Harbor, 27-26 conqueror of Huntington Beach's defending champions, in the Anaheim "cheese-box" at 8 o'clock tonight. Coach Hod Chambers' Orange Panthers make their first league start at Huntington Beach.

The nearest game from Santa Ana will be the Laguna Beach-Tustin brush in the minor division at Tustin. Tustin will be highly favored with its smooth combination of Sam and Paul Francis, Wait and Vic Linker and Larry Monroy. San Juan Capistrano strives to protect Gil Strother's record at Brea-Olinda, the team that drew a first-round bye and is untested in league play.

Games Tonight
Laguna Beach at Tustin, San Juan Capistrano at Brea-Olinda.

Higher prices for wool are predicted in New England.

Purdue Basketball Varsity Averages 49 Points a Game

LAFAYETTE, Ind. (AP)—Before the 1937 Big Ten race opened, the Purdue basketball varsity averaged 47 points per game. Running along at better than a "point-a-minute" gait, the Boilermakers won by an average victory margin of 19 points.

The Purdue maple courtsters boasted four players who usually scored three or more field goals per game. Jewell Young and Johnny Sines each made, on the average, nine points.

PANCHO LEYVAS FIGHTS SALICA

HOLLYWOOD, (AP)—Favored to win, Lou Salica, Brooklyn bantam, takes on Pancho Leyvas of Yuma, Ariz., in a 10-rounder at the Hollywood Legion stadium tonight.

The Eastern Italian, a careful boxer, figured to give the willering Mexican a lesson in punching.

REGATTA LURES FIELD OF 80

LOS ANGELES, (AP)—In annual session of the Southern California Outboard association here tomorrow night, 200 Western motorboat drivers and officials will "boom" the desert sweepstakes regatta slated for Jan. 23-24 on Salton Sea.

Comm. A. L. Cline predicted a field of 80 pilots would compete. Dorothy (Dot) Munson will drive her 225-racer, Miss Arcadia, at the statute mile record for the class, and Ruth Herring of Fort Worth, Tex., will seek to crack her own world record in the A hydroplane class over the mile route.

MORE ABOUT BOYS, GIRLS

(Continued From Page 10)

were in separate classes, they went through the drills listlessly," says Reilly. "Now, they take more interest in the exercises and get a real workout."

"The mixed class changed exercise from work to play. They used to go to gym class from a sense of duty. Now they go because they have a good time."

Reilly, a veteran A. A. U. official, sees mixed gym classes as the financial salvation of athletic clubs.

"Men and women play tennis and golf together and swim together on the beaches," he argues, "and there's no reason why they shouldn't go to gym classes together. It peeps up the classes immeasurably."

The K. C. A. C. mixed class meets three times a week for half an hour. Members play "dart" tennis and other games before and after class begins.

Class exercises are broadcast over a local radio station. Members range in age from 16 to 60. Ten per cent are married. Standard gym "shorts" are worn by both sexes.

Ford of L. A. to Bat for New Deal

WASHINGTON, (AP)—A movement to re-enact New Deal legislation found unconstitutional by the supreme court was undertaken today by Rep. Thomas F. Ford, Los Angeles Democrat.

Within two weeks he plans to call a meeting of congressmen to discuss the re-enactment of the outlawed legislation. If the court should again hold the laws invalid, Representative Ford said, he will urge a constitutional amendment on legislation giving congress specific right to deal with economic and social questions.

Charge Oakland Man With Murder

OAKLAND, (AP)—An inquest jury's verdict charging murder was recorded today against Horatio "Ray" Randall, whose wife died from a bullet wound just after Caesarian delivery of her unborn son.

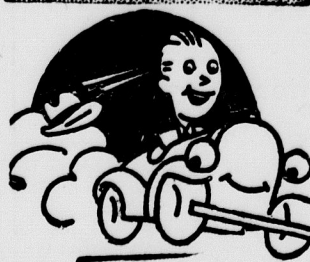

The coroner's jury held that Randall shot his wife of five months, Elsie, and added: "We, the jury, charge Horatio Randall with first degree murder."

SKIDDING BUS HURTS 11. ROSEBURG, Ore. (AP)—Ten students at the Glide school and Willard Smith, school bus driver, were injured yesterday when the bus skidded off an icy road and rolled 30 feet down an embankment.

It's too bad Cincinnati and Cleveland won't be in the same league this season. A few battles between their respective freshman pitching sensations, Johnny Vandermeer and Bob Feller, would be high-class entertainment.

Col. Jake Rupert, who'd rather own his farms than have working agreements with them, may buy into the Pacific coast loop to add another Double A outfit to his New York Yankees. He has his eyes on the Oakland Oaks.

Brick Dust

Here and There With
The Journal's
Rambling County Editor
By T. N. (BRICK) GAINES

INTERESTED in maritime strikes and strikers? Well, I wasn't either, very much, until Harbor-master Tommy Bouchee from Balboa took me riding the other day. Now I'm interested in strikes and strikers.

I saw lots of strikers and lots of idle ships, and heard lots of complaints and arguments. And learned a little bit.

You see, it's this way: I knew Tommy went to San Pedro at least once a week on harbor business, so I did a hitch-hiking act, and he finally invited me to go along, without too much hinting. We left in the morning, after visiting the Bouchee home and putting out the cat. (Tommy's very fond of cats.)

We went through the new federal building at San Pedro, and met all sorts of federal men—nice guys, too—and had a lovely time.

Except for the view from the upper windows of the new structure—there one can see the hundreds of huge freighters anchored all over the place, waiting for the strike to end.

And, near the docks are picketers by the dozen—the poor guys were cold, and had erected canvas shelters to keep the wind off their feet and legs. But they still were picketing!

Folks down there who know claim the strike won't be over until the middle of March. From dues collected from all "locals," they built up a \$110,000 "war chest," and now strikers are living on that money. In addition, they operate feeding halls, where all may eat. Workers go out and labor in cabbage and carrot patches, and are paid off in vegetables. These are donated to the cause.

In the two months of the strike, they've used only about \$20,000 from the "war chest." So they can last a bit longer!

I can see where this is going to be a long column. Radio Announcer Frank Orr, he of the talented tenor, has just turned over a yarn about the announcer and the bonde, who—well, let him tell it:

If somebody starts to tell you the gag about Uncle Don, or some other such character who runs a kids' radio program, just sneer. It goes like this: Uncle Don is supposed, one night after he gets all through with "Goodnight, Kiddies, and don't forget to eat your malted mush," to have supposed himself off the air. In fact, the legend goes, he really is still on the air, and when he turns to the technician and says, "Well, that'll hold the little—," it's simply terrible.

But that yarn, in various forms, has been hanging around the country for nigh on to 12 years, which is a long time in radio.

I did hear one, however, that's supposed, alleged, said, to have really happened.

To begin with, in the old days announcers did their own switching from their microphone to orchestra mikes, and so on. There was a three-way switch that looked like the keys on a telephone switchboard. When the switch was down, the announcer's microphone was on; when it was up, the orchestra or speaker's microphone was "live," and when the gage was in the middle, both were "dead."

Sometimes they didn't work right. Hence this story.

At a hotel somewhere or other were an announcer and a technician, picking up some concert music by an orchestra. While the music was on, the two were holding a talkfest. When a number was through, the announcer would switch on his mike, introduce the next number, switch it back, and go on with the conversation.

So he introduced Rimsky-Korsakov's "Song of India." He flipped the switch and went on with the discussion. He and the technician, incidentally, were discussing femininity. The announcer was a man of wide acquaintance, so to speak, and was discussing a luscious blonde. The story went on and the temperature rose. Climaxing the yarn was the allegation that the blonde had once scrubbed his back for him, or something equally playful.

You couldn't find the technician. He countered with one about a brunette which was even better.

The music topped, the announcer cut his switch, and signed the program off. They packed up and went home.

But—the switch had gone haywire, as maybe you guessed. The orchestra's microphone had been operating, of course, but so had the announcer's, and a 20-station hookup had broadcast the conversation.

There's supposed to be a technician who hears everything that goes through, but according to the story, the particular technician was out to see about a dog while the conversation waxed and waned.

So nobody knew anything about it until the next day. A postoffice truck backed up to the station curbs, and began unloading a couple of carloads of mail, mostly mad. There were a few, however, that weren't mad. One of them

INCORPORATION DRIVE STARTED BY MIDWAY CITY GROUP

SIXTH CLASS CITY IS AIM OF WORKERS

Civic Organizations to Back Program; Mass Meeting Slated

MIDWAY CITY.—First steps toward incorporation of the Midway City area into a city of the sixth class was taken here Wednesday evening at the home of E. L. Hensley, chamber of commerce president, when representatives of various civic organizations discussed the problem.

Plans for a mass meeting, at a date to be decided upon later, were made at the meeting. Before this session, a list of questions will be given every voter in the affected area for study. William Fraser, Claude Harlow and Mrs. Katherine Kingsbury were named a committee to prepare the questionnaires.

The committee will be assisted in preparing the questionnaire by George Bates, engineer, and Ray Overacker, attorney.

Present at the meeting were Robert Hazard, Claude Harlow, Dr. R. I. Johnson, and Ned Clinton, Westminster; and the Rev. C. N. Jones, Earl Pryor, M. S. Harder, William Fraser, the Rev. Murray J. Palette, N. A. Nelson, Mrs. Katherine Kingsbury, Mrs. Marie Nelson, Mrs. Anne Van Steenberg and George Bates.

HORTON TO BE MESA SPEAKER

COSTA MESA.—In one of the outstanding meetings of the year, Friday afternoon club members will be entertained this evening by Dr. Roy Horton of Santa Ana, with a movie, picture, "How We See," William Shirley, Costa Mesa, will exhibit his fine collection of wood carvings and address the group on that subject.

"Pioneer Night" also will be a feature, with special provision for guests, board of education members, ministers and their wives, teachers and county chamber of commerce members especially invited. At the close of the program refreshments will be served. The meeting will begin at 7:30 p. m.

STYLIST TO BE CLUB SPEAKER

LAGUNA BEACH.—Speaking about what most women need to know, Miss Marie Fontaine, of the School of Charm at Los Angeles will address the Ebell club at 8 p. m. tonight at Hotel Laguna.

Miss Fontaine has recently been appearing at the Biltmore hotel's style show, and has conducted classes in Los Angeles for the past six years. Among subjects included in her instruction are poise, posture, makeup, hair styling, individual costume designing and similar subjects she considers not superficial to a pleasing personality.

Birth Control Is Lion Topic

GARDEN GROVE.—The Rev. Frank C. Reed of the Human Betterment Foundation at Pasadena was presented by program chairman Phil Chandler as speaker for the luncheon meeting of the Lions club Wednesday. He spoke on "Birth Control."

Postmaster Frank Harwood of Santa Ana was presented by Dr. C. C. Violett, chairman for the President's birthday celebration in Garden Grove. He gave a brief talk on celebration plans for Santa Ana and Garden Grove.

Leonard Burr reported on the County Council meeting at Anaheim Monday evening when ten members of the Garden Grove club were inducted. Other guests were Harold Matthews, Harold Wilde and L. P. Rork, Santa Ana, and Cleve Johnson, Garden Grove.

Silver Tea Is Church Feature

WINTERSBURG.—Members of the Woman's Missionary society of the Methodist church were hostesses at a silver tea following their regular meeting at the home of Mrs. Ted Case Wednesday afternoon.

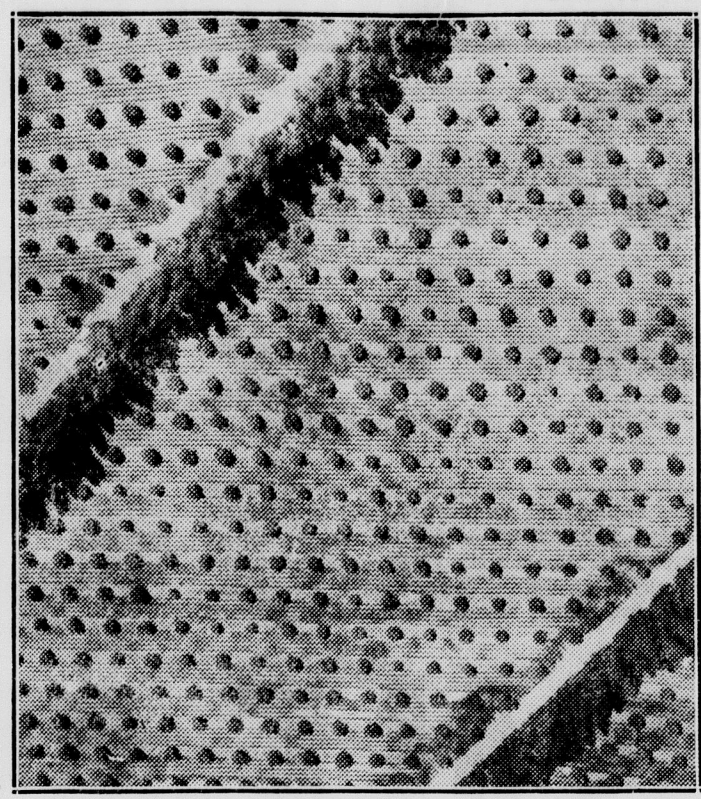

During the study hour Mrs. Carl Bergner led devotions and Mrs. E. Ray Moore discussed the topic for the afternoon, "The American Negro."

Attending were Mrs. W. F. Slater, Mrs. C. E. Pratt, Mrs. John Peterson, Mrs. William Leedke, Mrs. Vernon Heil, Mrs. George Harding, Mrs. Raymond Beem, Mrs. Harry Letson, Mrs. Arlington Lewis, Mrs. Paul Applebury, Garden Grove, and Mrs. J. H. Thompson.

was a senator. He wrote in this vein:

"That was a swell idea. Congratulations for your courage in putting something different over the air. The stories got just the right background with that 'Song of India.' But, say, didn't you fellows ever know a redhead?"

What Do You Think This Is?

Though this looks as if it might be a number of different things, this is really a photo showing one phase of the government's agricultural program, that handled by the soil conservation service. The diagonal strips are eucalyptus trees planted in strips across an orchard of citrus trees—they're the dots—in the Las Posas area as viewed from the air. The taller trees form wind breaks, keeping loose soil from blowing away. (Associated Press Photo.)

PORT GULLS STILL EAT! Clam-Dropping Continues

NEWPORT—BALBOA.—Those curiously brainy clam-digging seagulls of Newport bay were at it again at low tide today, jabbing their blunt yellow bills into the bay ooze and flying high over their chosen stretch of Bay avenue near the Legion hut to drop and break open on the street paving their shellfish catch for easy eating.

Smashed shells, still wet and containing moist fragments of clam, cluttered the full length of the long block and crunched under car wheels of amazed spectators.

It was true. They had to believe it. Before their eyes, gulls rose from the bay clam beds to a point above the roadway. Clink! Clink! More shells struck the pavement, followed fast by swooping hungry gulls. A moment of wrestling to retrieve the meat, of squawking indignation at some lazy bird that had waited on the street for street paving, and away after another.

Seeing the strange sight, organization of a seagull scoffers' society was postponed indefinitely, and a vote of confidence extended the harbor's official ornithologist and fire chief, Frank Crocker, who first called attention to the shorebirds' surprising manner of getting something besides fish for supper.

All Woman's Departments of Church Reorganize

ORANGE.—Complete reorganization of the women's work of the Presbyterian church was accomplished Thursday afternoon when various church groups met in the lower auditorium of the church.

The new organization will be known as the Women's Fellowship, and will eliminate the ladies' aid and missionary societies.

Mrs. E. H. Smith is the new president; Mrs. H. F. Taylor, vice-president; Miss Estella Campbell, second vice-president; Mrs. O. K. Anderson, recording secretary; Mrs. B. D. Stanley, corresponding secretary; and Mrs. Jane Welsh, treasurer.

Meetings will be held the second and fourth Thursdays of each month. Group meetings will be held the first Thursday of each month, at homes of members and will be sewing and service meetings.

Mrs. Frank Wilson, Pomona, was speaker yesterday, discussing "Power of Christian Women in the Church." The day of "ladies' aids" is definitely past, she said, stressing the power of one group to further work of the church. She was introduced by Miss Estella Campbell, Dr. Robert McAuley, pastor, president, and Mrs. James Goode was acting secretary.

Tea was served by Mrs. M. L. Pearson, Mrs. H. F. Taylor, Mrs. Charles Dever and Mrs. Will Bryant. Mrs. F. M. Gulick was chairman of the hostess committee, and Mrs. C. O. Powell and Mrs. Dora Westfall were assistants.

PORTUS TO LEAD STATE GARDEN L. B. CHAMBER PARLEY SET

LAGUNA BEACH.—Election of officers and transference of property to the city comprised official business of the chamber of commerce dinner Wednesday night, with the guest speaker, Carl Sumner Knopf discussing the subject, "It's Always Something."

Capt. George A. Portus was re-elected to the presidency of the chamber, while other officers chosen were Owen A. Williams, vice president; B. B. Mason, second vice president, and Frank D. Hevener, treasurer.

By nature of a resolution passed at the meeting, the chamber's property at First and Park avenues will revert to the city through an arrangement through the Bank of America, with the city paying up indebtedness of \$2,691.

In the report of the chamber's activities submitted by the board, among accomplishments during the past year were Sunday mail service; seats on the board walk; trophies for the high school; publication of literature; forming of the recreation commission and the planning commission; aiding in voting facilities; aid in securing the informal hearing which resulted in gas rate reduction, and acting as employment bureau.

Rebekahs Meet At Orange

ORANGE.—Veteran Rebekahs met at the home of Mrs. W. J. Bomboy Tuesday afternoon, with Mrs. Lucy Robinson, Mrs. Anna Christiansen and Mrs. Louise Bidlingmeyer as co-hostesses.

Mrs. Fannie Barker presided at a short business meeting. Present were Mesdames Ola Harris, Elizabeth Ward, Claudia Windolph, Mary Edwards, Mary Wood, Eva Dewey, Mertie Kingsley, Abbey Gould, Ida Campbell, Effie Wintertown and Dolores Goffwin.

JUDGE DODGE LISTS FINES FOR YEAR

COSTA MESA.—In a report of business conducted during 1936 in Newport Beach justice court, Judge Donald J. Dodge has listed a total of 511 cases of which 262 were violations of the motor vehicle code. There were 10 convictions for drunk driving, Judge Dodge said.

Fees and fines collected totaled \$2913. Of this amount, \$2142 were traffic fines; \$327 misdemeanor fines, \$324 civil fees and \$120 fish and game fines.

Eleven preliminary hearings were held and there was but one case of contempt of court, the defendant serving five days in the county jail. All fees and fines were paid to the county treasury excepting fish and game fines, which are paid to the state division of fish and game.

ESSAY CONTEST PLANS TOLD

NEWPORT-BALBOA.—To conclude plans for the annual essay-oratorical contest in county schools under auspices of the American Legion, Americanization chairman of county posts are to meet with Bob Boyd, commander of Newport Harbor post at the Newport-Balboa Legion hut Jan. 29.

The contest is open, Boyd said, to any high school student granted faculty permission to compete. Inter-class elimination contests are scheduled for February, with winners competing Feb. 15 with class victors of other schools in the particular group.

Points are to be graded 50 per cent for literary merit of essay and 50 per cent for oratorical delivery, according to rules outlined by Chairman Boyd.

YACHT CLUB TO SEAT LEADERS

NEWPORT-BALBOA.—Seating of officers for 1937 will feature the inaugural dinner and dance for members of the Newport Harbor Yacht club, slated for Saturday, Jan. 23, at the clubhouse here. Secretary Leon Hestman announced today.

Newly-elected leaders to be inducted into office are William A. Bartolomea, jr., commodore; Shirley E. Meserve, vice commodore; E. D. Dorris, rear commodore; Leon Hestman, secretary-treasurer; and George P. Converse and V. O. Woolie, directors.

Port Realtors to Attend Meeting

NEWPORT-BALBOA.—Members of the Newport Harbor Realty board were planning today to attend the district meeting of the Santa Ana Realty board at the Grand Cat cafe in Santa Ana, Jan. 26 at 6:30 p. m., on invitation of W. F. Croddy, president.

All boards have been invited to inaugurate officers at the meeting.

Editors and Their Opinions

A digest of ideas from Orange county newspapers, reprinted as the Journal.

ONE THING NEEDED AT SACRAMENTO

(La Habra Star)

A man in the legislature—preferably a newspaper man—could do the state of California a vast amount of good if he would. He probably would not amount to much as a leader among the lawmakers. He probably would not find himself in a position to do much for his county or district by grabbing off appropriations or putting off legislation of special benefit to it. The chances are he would never go back to Sacramento as a senator or assemblyman because he would tramp on too many toes, but he certainly could have a world of fun and perform a real service for the state as a whole.

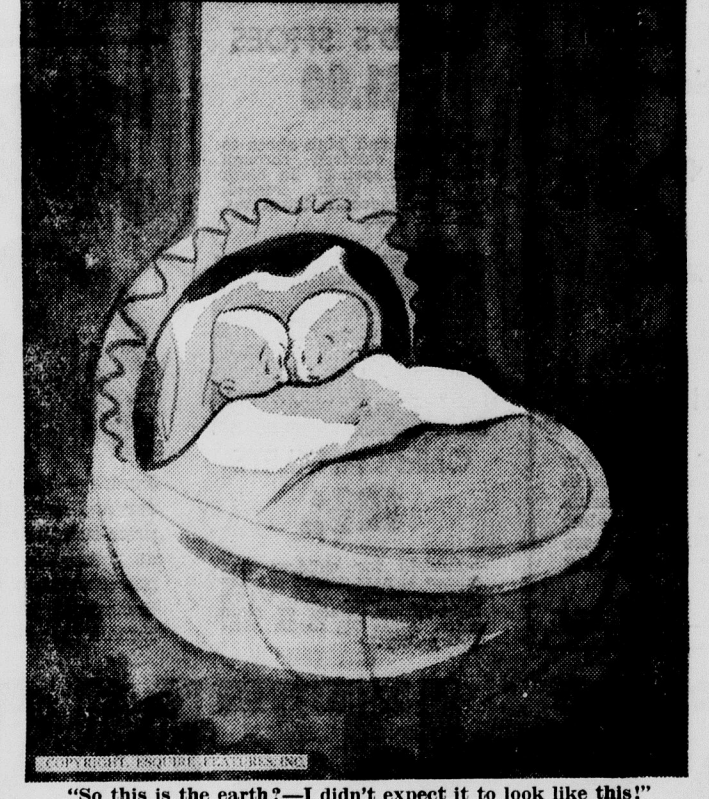

What is needed in our legislature is a man—or a small group of men—who would bring the light of day to shine on the "inside stuff" which really controls most of the actions of that body. Pretty much every act which gets through is the result of a deal. There are not many of these in which there is not some behind-the-scenes influence. Little can be accomplished except by trading and log-rolling. Not all of these accomplishments are bad, by any means. But the only way to get a good job done is by methods which are more or less shady. And this is wrong.

We have never known a legislator who gave out any information about legislative happenings except the information reflected some credit on himself. We have seldom known a reporter who dared tell who he knew about the inner workings. If he did he would soon find the sources of news closed to him, and his job would be gone.

Telling the whole story and the real story of a session of the legislature would be a grand job for somebody who had the intestinal fortitude to do it.

GROWING PAINS

"So this is the earth?—I didn't expect it to look like this!"

Moonlight, Models and Murder in Art Colony's Latest Literary Output

By REDMOND BARNETT

Laguna's well-known Artist Colony atmosphere has been momentarily overshadowed during the past several weeks by increased activity along literary lines.

In the wide variety of material reaching print are included poems, musical compositions, light fiction, a photography book, a murder mystery, newspaper articles and a book on laundry management.

Most prolific of the writers has been Miss Annarrath Lee Stewart, whose new light fiction work "Regatta Moon" has recently been released by the Phoenix Press of New York. The author, who uses the shortened name of Anne Stewart with her novels, is working on her third book, "Till Death Do Us Part," while her first volume, "Song of the Stars" was published last July, and recently sold again to a newspaper syndicate.

Miss Stewart is primarily interested in poetry and expects to bring out a volume of her verse soon. Her poems have appeared in numerous magazines including the Atlantic Monthly, Commonweath, the Catholic Weekly, Frontier and Midland, and most recently her poem "Before the Tabernacle" has been chosen for the "Poetry Digest Anthology and Yearbook," successor to the popular Braithwaite's Anthology.

Another volume of interest to Laguna residents and photographers in general is William Mortensen's fourth book, "The Model," which will be published at San Francisco by Cameracraft within three weeks.

Mortensen, a well-known photographer and director of the

School of Photography at Laguna, has devoted his new book to modeling, and illustrates it with poses and problems of interest to expert photographers.

Mrs. Elsie B. Robinson has received the dummy for her technical book, "Laundry Marketing in the Modern Manner," and expects to return the corrected proof to her publishers for release soon. The volume is being published by the Pacific Laundry and Cleaning Journal of San Francisco, and is expected to receive favorable attention.

In the field of poetry Emily B. Schenck of 222 La Brea street, Laguna, has been notified that her two poems "Eventide" and "A South Sea Fantasy" have been selected for a 1936 anthology. The verse will appear in the "Year Book of Contemporary Poetry" published by the Avon House publishers of New York, who have also accepted her poems "Sea Breeze," "Slumber Land," and "Lullaby Meadow Lark."

Miss Stewart is also represented in the new publication with J. Sanborn Murphy's "Love's Discovery," being published by Webster and A. Webster of San Bruno.

In the popular mystery story field another Laguna resident Bob Lieftred, has completed "The Man Who Was Murdered Twice" and it is ready for spring publication. Lieftred's first novel was "The Corpse That Spoke" published last year by Lee Furman in New York.

Farmers of Howard county, Missouri, have organized a cooperative association for promotion of rural electrification.

ORANGE CIVIC CLUBS HEAR WHITNALL

ORANGE.—Deploping the practice of criticizing public officials, who often "give their best," Gordon Whitnall, Los Angeles civic worker, addressed 375 residents at the annual meeting of the chamber of commerce and associated service clubs here last night.

In the past seven years more attention has been given to affairs of this country than in any other period of its existence, he said, tracing the change in methods of doing things from individualism to a complex cooperative process. Two English speaking nations are today the only real approach to a real democracy, he continued, but so many in the world are shouting that an autocratic government is more efficient than a democratic, that waste must be eliminated or the perpetual pressure will sink democracy.

The speaker was introduced by Frank Collins, newly elected president. The Lions club won the organization prize for a men's organization, having 100 members present. Business and Professional Women won for the women, with 32 out of 54 members present. The Olive Improvement association won for the mixed group, with 30 out of 52 members present.

Presenters of service clubs introduced were H. D. Nichols, Rotary; Thomas Towns, 23-30; Wilbur Lentz, Lions; Mrs. Audrey Isbell Peterson, Business and Professional Women; Mrs. W. F. Kogler, Women's club; James Casto, American Legion; Mrs. Louis Quinn, American Legion auxiliary; Sidney Lewis, V. F. W.; Rose Minton, V. F. W. auxiliary; C. O. Heim, Olive Improvement association; Henry C. Bosch, Toastmasters club; C. E. Conger, Isaack Walton chapter, and Judge F. C. Drumm, who acted for Judge J. R. Tucker, Men's club.

G. G. Visitor Is Feted at Tea

GARDEN GROVE.—Another lovely affair honoring Miss Charlotte Orr of Louisville, Ky., who is spending several weeks as a guest of the Rev. and Mrs. J. J. Keech as a tea given Wednesday afternoon at Daniger's in Santa Ana by the Misses Ethlyn Lee, Betty Lehnhardt and Helen Hunt.

Other guests were Mrs. Keech, Mrs. Laura Wright, Misses Esther Bookman, Marjorie Hammon, Dorothy Knapp, Myra Lake, Marjorie Hunt, Faile Virgin and Grace Hedstrom.

WESTMINSTER.—Orion Bebermeyer, Miss Helen McCoy, Mrs. Marguerite Mical, Mrs. Lola Vail and Mrs. A. Letha Ryckman attended the monthly meeting of the Kindergarten-Primary association at Newport Beach Tuesday.

DANGEROUS LANDINGS

By LOIS BULL—Author of 'Captive Goddess'

When Linda Marshall, American girl flutist, lost out of the Pacific on a round-the-world flight, Tommy Drew, who is in love with her, has secreted her in a cave on an island off Hong Kong, and is connected in some way with her uncle, Copernicus Marshall, a scientist supposed to have been lost on an expedition years ago. Tommy and Jerry Mitchell, newspaper man, and Linda's a prisoner on an island off Hong Kong, and rescue her. Her uncle, who had imprisoned her, is plotting against him. She and Tommy must fly to his aid. While Tommy goes to arrange for their secret take-off, Jerry borrows an evening gown for Linda for the purpose of spiriting her ashore to the boat club, where there is a dance.

CHAPTER XVII

Linda smiled tremulously as Jerry's adoring eyes and impulsive words told her how lovely she looked. She had never suspected Jerry of having the tiniest grain of sentiment in his make-up. Much less would she think him the idle flatterer.

"How gallant of you, Jerry!" she said lightly. She turned around slowly. "Will I pass muster? There is something rather amusing about my dressing for a dance I'll never attend!" She chattered until she saw she had broken the mood.

Jerry took the lead she offered. "Too bad you can't go to the party. But I don't think it would be wise to risk it." He explained in detail the plans he and Tommy had made for her. "We shall need to be at the club before midnight. They lock the boathouse after that. We shall have time to kill from then until dawn, and frankly, I don't know just what to do about that. I don't dare take you to Doris's house."

"I should think you'd imposed on her good nature enough for one night. Just wait until she discovers you have literally robbed her of a frock, for another girl to wear!" Linda teased.

"Oh, you've got Doris all wrong! I'm not her beau. She's engaged to an awfully fine chap. They're going to have a big wedding this spring. I'm to be an usher. Her father's a friend of my old man's, and he and his wife have been awfully kind to me. Their house is like a second home. But Doris's mother is just about the worst gossip in Victoria. By tomorrow she'd

be suspecting something odd was up. She's a dear old thing, but she loves to talk, and talk she would." They both laughed. "It was a little before midnight when Jerry's launch came within sight of the Boat club. The strains of a dance orchestra floated out over the water. Gay lights cast patches of brilliance along the shore. A full moon made it almost as light as day. The myriad light of the villas and the roadway along Victoria peak in the distance shone like thousands of stars.

"How beautiful it all is!" Linda sighed.

"Don't let it get you," Jerry laughed. "It's fatal. Now get ready to run the gauntlet. I'll wait to tie up until there's a dance on and then, when nearly everyone will be inside, we'll make a dash for my car. I left it near the dock. And remember, if we meet anyone, let me do the talking. What I say will depend on who it is."

All went well until Linda was in the car. Jerry was jumping in beside her when a hilarious four-some tumbled down the clubhouse steps toward them.

"Hi Jerry!" came a feminine shriek. "Where have you been hiding yourself all evening? I say, you're not leaving so early? Doris! Don't you dare take him away from the party!"

They surrounded the car. Then the girl who had been speaking drew back, chagrin on her face. "Oh! I'm most frightfully sorry. I thought Doris must be back from her visit. You know," she hurried to explain, "we do get so used to each other's clothes out here, that we can sight anyone a half mile away and call her by name."

Jerry laughed. "This is Miss Wilson, a writer friend of mine from the States. She's just passing through on a cruise and I've been trying to show her the town. But we've got to dash. We promised to meet the rest of her party at the hotel."

party, Miss Wilson? I suppose it isn't up to New York, but we do manage to have some fun."

"Oh, it's not that, really!" said Linda. "But I do have to meet the others."

SANTA ANA, ORANGE COUNTY, CALIFORNIA, FRIDAY, JANUARY 15, 1937

2 CENTS PER COPY, 50 CENTS PER MONTH

NEW MEASURE WOULD PUT STATE IN OIL BUSINESS AT H. B.

SECOND BILL INTRODUCED IN SENATE

Royalty Provision for City and County Is Not Included

Members of the state legislature began an avid licking of chops and girding of loins today for an anticipated drawn-out battle over the rich tideland oil pool at Huntington Beach.

Late yesterday a second measure was introduced into the state legislature by Senators Rich of Marysville and Swing of San Bernardino, a bill which would place the state in the oil production business in the Huntington Beach section.

Could Condemn Lands

The bill would permit the state, as a last resort, to do the actual drilling in event bids from private concerns were either not received or were not satisfactory. Under the bill the finance director would be authorized to condemn drilling sites on littoral lands and slantwise drilling would be permitted. He also would be empowered after condemnation proceedings to lease the site to the highest bidder and obtain immediate possession of the site if an appeal is taken after trial of the suit.

The measure authorizes the finance director, with the consent of the governor, to direct drilling from islands constructed in the ocean, and to build groins. Both the islands and groins would be open to the public for fishing.

No Royalty

There is a provision in the bill relating to oil escaping and destroying the beaches.

All accretions to the beaches caused by the groins would be open to the public. The bill also calls for condemnation of a right of way across the private property of any person or corporation so the public can get to and from the beaches.

While there is no royalty for Huntington Beach or Orange county mentioned in the measure, Orange county has the assurance of Senator Harry O. Westover and Assemblyman Thomas Kuchel that they will protect the county's interests "at the proper time."

Guard Local Rights

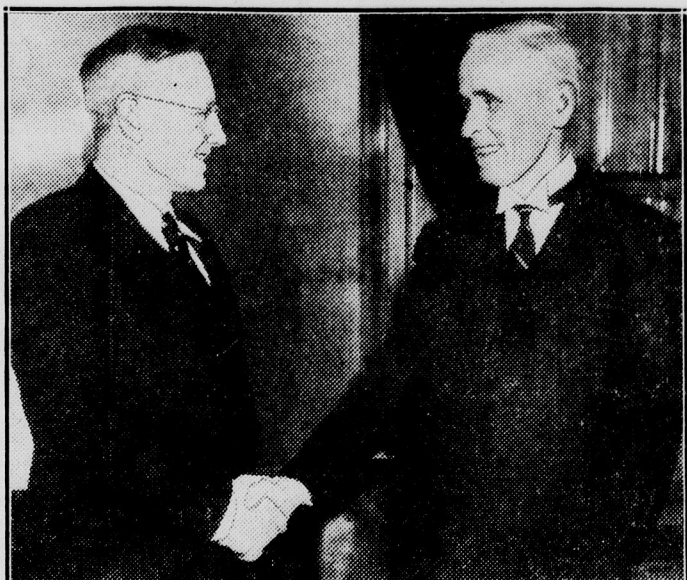

Kuchel told The Journal in a wire that he is preparing an amendment providing for two per cent royalties to Huntington Beach and also the county if the oil pool is thrown open to drilling through bids.

There were no provisions for royalties to the beach city or county in the first measure, introduced last week as Governor Merriam's bill to authorize drilling of the rich oil pool by the state or by private interests through competitive bidding. This first measure provides actual drilling can be conducted either from the bed of the ocean or from the surface of adjacent uplands by means of wells slanted into the oil fields.

STAR'S UNCLE KILLED

SAN FRANCISCO. (AP)—Leviro Carrillo, 60, was struck and killed yesterday by a street car here. Mrs. Carrillo told police her husband was an uncle of Leo Carrillo, stage and screen star.

Landon Back in Private Life

With the completion of his term as governor of Kansas, Alf M. Landon, the 1936 Republican presidential candidate, returned to private life and his oil business. Here he is as he offered best wishes to his successor, Walter Huxman, Democrat, at the Topeka state house. (Associated Press Photo)

I COVER THE CAPITOL

By SENATOR HARRY C. WESTOVER

The following is one of a series of weekly articles written by Orange county's senator, Harry C. Westover, covering activities of the state legislature at Sacramento which are of pertinent interest to the voters and taxpayers of Orange county.

I had hoped this week to give the committee assignments in the assembly and senate, but at the time that this is written (Tuesday) no committee assignments have been announced in either house. There are 40 committees in the senate and 57 in the assembly. According to the present plan each senator will serve upon five committees. Just what the committee assignments will be in the lower house I do not know at present.

It is quite a job making committee assignments for 40 senators and 80 assemblymen.

There has been introduced in both the assembly and in the senate bills to make the California legislature non-partisan. For 40 odd years the Republican party has dominated the state legislature and Democrats were few and far between. There is considerable agitation at present, and particularly by the Republican members of the legislature, to make the legislature non-partisan. The Democrats in the legislature want to know why this question has become so important during the past few years.

The move may receive considerable support in the senate as Republicans still have a majority, but the Democratic assembly will probably give as much consideration to the movement as it did to the Republican office-holders who received their walking papers upon the organization of the assembly.

Since being in Sacramento I have talked with many of the old-time office-holders. Many of the old-timers see the handwriting on the wall and are predicting a Democratic governor in 1938. It seems to be the consensus of opinion that only one thing can keep the Democrats out of the picture and that is internal strife within the party. If by any means a fight can be engendered within the Democratic ranks as occurred during the 1934 election, the Republi-

cans may again find themselves in the saddle after the 1938 election. But if the Democratic party unity and pulls together, it seems to be the impression around the capitol that the Republican regime will end with the 1938 election.

We see by the papers from "back home" that Southern California has been experiencing some of the cold weather which we have been having in Sacramento. During the past week I found a new use for an overcoat—that is to wear it in the hotel lobby for the purpose of keeping warm.

Assemblyman Clyde Watson has been bemoaning the fact that some three years ago he purchased a suit of clothes in Orange which was so heavy he never could wear it, and now when he has had an opportunity to wear his heavy suit, it is in a closet some 500 miles away.

Last Saturday afternoon I drove out through the orange district near Sacramento. Everywhere in the orange district there were bursted water pipes from the freeze and near each broken pipe was an ice garden. Ice remained on the ground for days and it does not seem to me that the citrus trees near Sacramento can escape material damage.

During the first week of the legislature 53 bills were introduced in the senate and 253 in the assembly. As yet neither one of the Orange county assemblymen has introduced any bills in the lower house.

The first bill introduced in the assembly was a bill liberalizing the old age security act. It appears that the 1935 act was unpopular in other parts of the state as well as in Orange county. The act as introduced in the assembly in short does away with the item of child support, liberalizes the proof necessary to establish age, and allows an income of more than \$35 per month, in providing that income from applicant's labor or services, the value of food-stuffs and firewood produce and value of gifts of wearing apparel to the total value of \$15 per month shall not be considered as income. The bill also provides that all investigations shall be completed 60 days after application unless good cause is shown.

Assembly bill No. 2 is substantially the same as assembly bill No. 1 with the exception that it provides an assistance of \$50 per month rather than \$35 per month. Both bills were referred to the assembly committee on social service and welfare.

Another bill of importance to Orange county was introduced in the assembly last week known as assembly bill No. 151 and places the Huntington Beach pool on the auction block. The bill in parts provides that the state director of finance may develop the so-called state oil pool at Huntington Beach either by leasing the right to drill and produce oil to private parties, or by developing the pool by state operation. The bill as introduced has not mentioned the rights of the city of Huntington Beach or of the county of Orange. A peculiar situation exists at Huntington Beach inasmuch as when the city received its charter many years ago the city limits were extended three miles out into the ocean, and as a consequence the oil pool at Huntington Beach is within the city limits. Whether or not the city of Huntington Beach obtained any rights to the oil pool under the ocean within the city limits when its charter was granted is problematical. The bill as referred to the assembly committee on oil industry, and there probably will be extensive hearings before the committee before the bill is reported back to the lower house.

FARM OFFICE HERE RANKS NEAR TOP

Agricultural Extension Service Among Most Active in State

The Orange county office of the agricultural extension service, headed by Farm Advisor Harold E. Wahlberg, was among the leading offices in the state during the past year in number of activities and their economic value to rural communities.

This news was released today following return of the Orange county staff from the annual conference of farm advisors and home demonstration agents at Berkeley. An attendance of more than 750,000 persons at meetings held under direction of the University of California extension service in 1936 was reported at the conference by B. H. Crocheron, state director of the service. He said 181,358 personal calls were made to the offices of farm advisors and 126,507 inquiries were replied to by personal letter. These offices are located in 42 counties.

Home demonstration agents function in 28 counties under the extension service. The most noteworthy achievement of the home demonstration agents, as set forth in the report, is the fact that a total of 20,433 farm homes made definite changes and improvements in their practices as a result of the activities of the agents. A total of 15,106 women were regularly enrolled in home demonstration work and 11,294 women called at the offices of the agents for assistance.

Local volunteer leaders to the number of 2977 assisted in the home demonstration programs, while 5119 such leaders assisted in the programs and projects of farm advisors.

The extension service assists in every type of farm effort, including technical advice on the production of trees, plants and livestock, and problems of the farm home.

Rich Gold Find Made in Desert

LOS ANGELES. (AP)—Discovery of rich gold claims in the Shoshone district of Death Valley was reported here today.

Dr. Ralph Wagner, owner of a dude ranch at Saugus, turned over to a chemist a number of samples he found on a prospecting trip nine months ago. The assays ran from \$6.50 and \$14 a ton up to several thousand dollars for pocket deposits.

Refusing to divulge the exact location of his find, Dr. Wagner said he would take an engineer back with him to the desert.

Half-Minute News Items

(By Associated Press)

GLASS WOULD EXTEND RFC LENDING POWERS
WASHINGTON. — A resolution to extend the lending powers of the Reconstruction Finance corporation until June 30, 1939, was reported to the senate yesterday by Senator Glass (D-Va.), acting chairman of the banking committee.

NAVY FLIER ESCAPES IN FORCED LANDING
SAN DIEGO. — A navy flier from San Diego, Lieut. (JG) R. E. Nuessle, escaped injury yesterday when a land plane he was ferrying from here to Norfolk, Va., was forced down at Kilgore, Tex., fleet air authorities here reported. The plane was only slightly damaged.

GLENN FRANK'S SON FINED ON CAR CHARGE
CAMBRIDGE, Mass. — Glenn Frank, 38, Harvard freshman and son of the recently ousted president of the University of Wisconsin, paid a \$5 fine yesterday for driving an automobile without a license. He was acquitted on charges of driving while under the influence of liquor and driving dangerously.

OHIO MAN RENAMED TO MEDIATION BOARD
WASHINGTON. — William A. Leiserson of Ohio was reappointed yesterday by President Roosevelt as a member of the national mediation board.

FOX CREDITORS ARE BALKED BY COURT
NEW YORK. — Creditors of William Fox, former movie magnate, who are seeking to make him turn back more than \$5,000,000 in assets allegedly transferred "to hinder his creditors" were barred today from inspecting the books of Fox's All-Continent corporation. The ban was laid down in a decision by Justice James T. Hallinan, jr., in Brooklyn supreme court.

DEATH BEATEN BY WARNING ON KVOE

Broadcast Tells Corona Man Pills He Bought Contain Poison

It's one on the Tijuana radio stations.

A Corona man was living today because he turned his radio to KVOE instead, according to E. L. Spencer, manager of the local station.

E. Rodriguez of Corona just happened to hear a warning, broadcast by KVOE during yesterday morning's Spanish program. It told him that several pills accidentally included in a box bought by a Mexican in Corona two days before were deadly poison.

Rodriguez remembered he had bought pills at a Corona pharmacy. He rushed there, with the rest of the pills, and found he had taken a quinine pill and not a poison tablet.

Excited, worried now that it was all over, he told reporters it was a Mexican program on which he had heard the announcement. They immediately guessed Tijuana.

But Spencer claims it was KVOE—and claims KVOE's Spanish program is so good the Mexicans think it's the home product!

POOR BOX LOOTED

SAN DIEGO. (AP)—Police sought a well-dressed young man who stole \$4 from the poor box of the Our Lady of Rosary church here.

Snow Brings Death to Deer

The heavy snowfall brought death to this buck deer trapped in an eight-foot snowbank at Cedar City, Utah. Rescue attempts were made in vain, so the animal was killed to save it from death by starvation. (Associated Press Photo)

PENSION FOR CAT

SAN FRANCISCO. (AP)—Ritzzy, a black and white cat, will receive \$20 a month from the estate of its late owner, Thomas H. Emerson, retired army officer. The rest of his estate, valued at "more than \$10,000, will be used to aid needy and deserving sufferers from arthritis."

TEACHER ASPHYXIATED

LONG BEACH. (AP)—The body of William P. Rankin, 68, science teacher at Polytechnic High school for 16 years, was found at his home yesterday by searchers who went to look for him when he failed to appear at school. His death was attributed to carbon monoxide poisoning.

COUNTY PCA TO NAME 2 ON BOARD

County Credit Group to Hold Annual Meeting Saturday

Everything was all set today for the annual meeting of the Orange County Production Credit association scheduled for tomorrow. Financial reports and other reports by officers of the association will feature the annual session, which also will be marked by election of two directors and officers. Terms of J. J. Denni, Anaheim, and Stanley Chapman, Fullerton, expire and two directors will be named to succeed them. The nominating committee will meet at 8:30 o'clock to nominate the directors. The meeting proper will start at 9 a. m.

John W. Crill, Garden Grove, president of the association, has announced that T. P. Coats, president of the eleventh district of production credit associations, will be the featured speaker on the program. Other district officials are expected to attend the session, to be held in the farm bureau hall. S. W. Stanley is manager of the local association and W. D. Miller is secretary-treasurer.

Mrs. R. A. Tiernan Entertains Twenty at Luncheon at the Country Club

Contract Is Afternoon Diversion

Mrs. Paul Ragan Wins High Bridge Honors Of the Day

Santa Ana Country club was chosen as the setting yesterday when Mrs. R. A. Tiernan entertained a coterie of friends at an attractively appointed 1 o'clock luncheon and afternoon of bridge.

Mixed flowers of the season and candles in a soft shade of green centered the table at which she and her guests found places in the clubhouse dining room.

After the luncheon hour, the friends adjourned to the lounge where tables were set up for contract, and the afternoon's play resulted in awarding of prizes to Mrs. Paul Ragan for high score. Mrs. Walter Waldron, second, and Clare Johnson, third.

MISSIONARY SOCIETY HAS GOOD PROGRAM

"Twelve Things to Remember for the New Year," by Marshall Field, and "A Recipe for a Happy Day" were given to members of the First Presbyterian Missionary society at its meeting Wednesday afternoon at the church.

Mrs. J. R. Moore presided over the session, which opened with hymns and with a prayer and reading of selections from the book of prayer by Mrs. E. J. Blee. After a business session, Mrs. Stephen Griset presented the program, Mrs. M. B. Youel leading devotions on the topic, "Dawning of a New Year." The interesting new year readings followed, and Mrs. Earl Vite then reviewed an article on "The Help Radio Has Brought to Mountaineers of the South." Mrs. Clyde Downing reviewed an article from the Women's Mission magazine, and Miss Lucy Shaffer told stories about "mountain folk," concluding with three poems, "The Din Road," "Not in the Bread Line," and "The New House," by Amelia Josephine Burr. Mrs. Harry Lewis closed the program with prayer.

Additional Society on Page 23

MAKE THIS M. MARTIN "CHARMER" WITH FULL-SWING BACK FLARE

PATTERN 9181

Marian Martin bids you turn your back—and reveal the new flare of your captivating "tea time" frock. Just see how the trim skirt rises in front to a saucy peak, then swings backward in a graceful swirl above a pair of slim ankles! Wherever you wear this charming model, you'll be the center of admiration in its elbow-length sleeves, puffed to dramatic width at shoulders, and simple bodice with flattering V-neckline. And, for a dash of femininity, Pattern 9181 boasts the perkier of bows—sure to be an eye-catcher at all times. You'll find it thrilling fun to cut and stitch the easy pattern, for its accompanying Complete Diagrammed Sew Chart will prove a valuable "dressing aid." Let gay, novelty crepe or shimmering satin settle the fabric question!

Pattern 9181 may be ordered only in sizes 12, 14, 16, 18, 20, 32, 34, 36, 38 and 40. Size 16 requires 3 1/2 yards 39-inch fabric. Send 15 cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your size, name, address, and style number.

Spring ahead! Order our new Marian Martin pattern book, with its many helpful hints for a gay, new-season wardrobe! You'll find after-dusk "Glamour" styles, flatterer all-occasion styles for every age and type—from too to stouter figure. Easy-to-sew fashions for Junior and Teen-Age, too! Don't miss the "pin money" pages, bridal fashions, fabric or accessory tips! Look 15 cents. Pattern, 15 cents. Twenty-five cents for both when ordered together.

Send your order to The Santa Ana Journal, Pattern Department, 117 East Fifth street, Santa Ana, Calif.

FOURSOME AT REED HOME

Mrs. Maggie Mae Reed entertained her little contract foursome at luncheon Wednesday in her home at 522 South Broadway, decorating her table with a green and white color scheme and marking places for Mrs. Irene Mitchell, Mrs. Jean Trueblood, and Mrs. Fred Binkley at her guests. High score in the contract games was made by Mrs. Binkley.

AUXILIARY WILL MEET TOMORROW

The Osteopathic Women's auxiliary of Orange county will hold its regular meeting at the home of Mrs. Lawrence Young, 2112 Greenleaf street, Santa Ana, this coming Saturday at 2 p. m. Dr. Julia Hinrichs will address the members on the subject of the Orange County Girl Scout camp.

Old Mission Scene Of Rites

On the way to Bermuda today are Mr. and Mrs. William Thornton White, Jr. (Gloria Wood), who were married in impressive rites last Wednesday afternoon at the altar of Mission Dolores in San Francisco.

Two old families of the bay region were united in this ceremony, which was read by the Magr Charles A. Ramm in a candlelight setting of beauty and antiquity, and the wedding was also of interest in Orange county, where the bridegroom, who is the son of Mrs. James Irvine of Myford road, Tustin, has made his home for some time.

Miss Wood, the daughter of Mrs. Baldwin Wood of San Francisco, was given in marriage by Templeton Crocker, whose presence recalled the Crocker wedding years ago at which Mrs. Wood had been an attendant.

Mrs. William Olds, at whose wedding Wednesday's bride had been maid of honor, filled the same role in this ceremony, and the bride's other attendants were Mrs. Stanley Page, Mrs. Albert Shumate, Mrs. Gordon McIntosh, Mrs. A. E. Spreckles, Jr., and the Misses Peggy Pillsbury, Barbara Tobin, Kate Lillard and Prudence Roberts.

Stuart Hawley of Piedmont was the best man, and the ushers were Thomas Magee III, William Olds, Philip Fay, Paul Oliver, Frederick Maguire, Houghton Hall, Winslow Hall and Walter Dillingham, Jr. The pretty bride received part of her education at the convent of the Sacred Heart at Menlo and has traveled and lived abroad, taking some schooling in Switzerland. She is active in the Junior League in San Francisco, and has been a member of the Spicers.

She is a granddaughter of the late Mr. and Mrs. Bayard T. Smith of Baltimore and Honolulu and of the late Mr. and Mrs. William S. Wood of San Francisco.

Mr. White attended the University of Oregon, and is the son of Mrs. Irvine of Tustin and William Thornton White of San Francisco. He is engaged in the grain brokerage business in Southern California, and will bring his bride to live in Santa Ana where a new home, the gift of his father, awaits them.

The newlyweds left Wednesday for the honeymoon in Bermuda, planning to sail from New York. Mrs. Irvine and the Misses Kate Lillard and Prudence Roberts went north several weeks ago to be present for the wedding and its attending festivities.

MRS. LIGGETT IS HIGH SCORER

A spring-like color scheme of yellow and white decorated the daintily appointed card tables at Mrs. Frank Latham's home last night, when she served a dessert course to her little contract club that meets every two weeks. Mrs. Jesse Elliott assisted her.

At the close of the evening, Mrs. D. E. Liggett was awarded prize for high score, and Mrs. Elliott was consoled with a little gift.

Members attending were Mrs. Ned Hayes, Mrs. Herbert Allen, Mrs. Olin Turner, Mrs. Ray Wolven, Mrs. D. E. Liggett, Mrs. Jesse Elliott, Mrs. Don Mozely, and the hostess, Mrs. Frank Latham. Mrs. Liggett will entertain the group on Jan. 28.

PAST MATRONS NEXT THURSDAY

Hermosa Past Matrons will meet for a 12:30 luncheon next Thursday in the clubrooms at the Masonic temple, with the Mesdames G. R. Safley, W. H. Thomas, and F. C. Rowland, and Dr. Ada Henery as hostesses.

Those unable to attend are asked to call Mrs. Safley, 1621-W, or Dr. Henery, 4590, by Wednesday noon.

Red Candles and Coral Combined

Against the background of a blazing log fire in the fireplace, Mrs. George Briggs arranged a lovely combination of winter berries and the earliest of spring flowers as setting for the delightful luncheon which she gave yesterday in her home at 644 North Broadway.

Huge bunches of the red berries and graceful branches of nandina brightened the living rooms, with one cluster of silver and blue branches and a pretty bouquet of violets, snowdrops and pink camellias.

In the dining room, where the long table was spread with an Italian cutwork cloth and gold service plates, another beautiful picture greeted the eyes of the guests.

Centering the table was a large crystal bowl with slim red tapers rising from a bed of white coral in its depths. Red berries surrounded the bowl, and tall red candles in silver holders flanked it on either side.

Two huge bows of red satin ribbon, one at either end of the streamers the length of the table, completed the artistic effect, and another touch of color was given to the dining room by a silver tray of gourds and autumn leaves on the buffet.

Mrs. Howard Timmons assisted her mother in hostess duties throughout the afternoon. Following the delicious luncheon, several hours of contract were enjoyed, with table prizes going at the close to Mrs. Ralph Mosher, Mrs. Charles Kendall, Mrs. E. S. Morrow, and Mrs. A. W. Rutan.

Others sharing the charming hospitality of their hostess were Mrs. Parke Roper, Dr. Mary E. Wright, Mrs. E. G. Tuthill, Mrs. M. A. Yarnell, Mrs. A. W. Griffith, Mrs. L. M. Collier, Miss Sarah Rutan of Carrollton, Ohio, and Mrs. James McKelip of Pittsburgh, Pa., house guests of Mrs. Rutan; Mrs. Vinnie Connor of Anaheim; Mrs. E. H. Kirby of Costa Mesa; and Mrs. Jennie Richardson of Balboa.

FORTIETH ANNIVERSARY IS HONORED

Mrs. D. J. Hassett of 610 South Main street, gave a delightful little party Tuesday evening at her home to honor the fortieth wedding anniversary of her parents, Mr. and Mrs. W. M. Mason, recently from Leavenworth, Kan.

Friends gathering for an evening of hearts brought lovely gifts for the honored couple, who have come to Santa Ana to make their home, locating at 212 North Olive street.

When the games were over, prizes were presented to Mrs. Albert Seifert and H. Nielsen, high, and to Mrs. Ira Keese and Max Becher, low.

Gathering to honor the "bride and groom" of 40 years were the Messrs. and Mesdames J. S. Buxton, Clarence Mason, Arthur Saunders, Claude Fowler, F. Wilson, Earl Steiger, F. Nielson, William Lane, E. Keese, Max E. Allen, George Hill, Albert Seifert, Mary Louise and Billy Lane, Miss Lillian Mason, Orville Mason, James Hassett, Harold Livingston, and the host and hostess, Mr. and Mrs. Hassett, and their two sons, Kenneth and Keith.

Telegrams were also received by the couple from two of the children in the East.

TUSTIN PYTHIAN SISTERS WILL INSTALL MONDAY

Tustin Pythian Sisters, of Temple 27, invite the public to their installation ceremonies next Monday night at 8 o'clock in the Tustin hall.

With Mrs. L. R. Stearns as installing officer, a distinguished team has been composed for the work, including Mrs. Etta Powers as mistress of ceremonies, Mrs. Emma Cochems as grand manager, and Mrs. Carolyn Reynolds as grand senior. Mrs. Buelah Hamilton will be installed as most excellent chief.

Hostesses for the evening will be Mrs. Bertha Trickey and Mrs. Edith Mathews.

After the ceremonies, a program and grand ball will be enjoyed by the members and their friends. The public is cordially invited to attend.

FOUR HOSTESSES AT MEETING

An interesting discussion of the importance of early training for the child was discussed Wednesday evening at a meeting of the Child Study section of Ebell club, by Mrs. Golden Weston, head of the adult education department of Santa Ana.

The affair was held at the Milo Tedstrom home on North Flower street, with Mrs. R. C. Harris, Mrs. Roscoe Conklin, and Mrs. Kenneth Conner assisting Mrs. Tedstrom.

A charming note that greatly enhanced her lovely new home was the crystal bowl in which Mrs. Tedstrom had placed growing pansies, and which centered the well-laden tea table.

Those attending included the Mesdames Robert Biles, Lynn Crawford, Aubrey Glines, C. H. Holmes, Chester Horton, Harold Mcmaw, Nellie Moore, Carson Smith, Kenneth Ranney, John Taylor, James Merigold, Nelson Beisel, Hans Wahlberg, Thorburn White, and the four hostesses.

Mary Stoddard Husband Who Regrets Too Late Warns Others Against Similar Actions

By MARY STODDARD

A confession on my desk from an ex-husband reveals many things. I wish that every playboy husband, old or young, might read it seriously, and as seriously digest it. The few terse sentences reveal volumes. How much sorrow and heartache and tragedy could be avoided if we didn't rush headlong down the toboggan of life to learn that we are no different from those about us.

Garden Secrets

By Willis Cadwallader of Blanding Nurseries

"Gray rocks are kindred of the mould That brings my seed to flower; Companions of the bitter cold And of the sun-bright hour."

—Hilda Morris

A rock garden does not mean a rocky garden. A rocky garden may be defined as a pile of rocks with part of the crevices filled with garden soil, but a rock garden is a flower garden with a few well-arranged rocks to give a naturalistic effect. There are natural rock deposits near bodies of water, and they are planted near water-loving plants.

Nature never brings a desert garden of cactus close to a creek, nor yet does she plant evergreen trees and shrubs of the type that are found in the mountains and around lake shores in a desert rock garden. The one point to remember is that nature is harmonious and artistic.

The Rock Garden Constructed. The rocks should be placed on a gentle slope, and preference given to the use of a few large rocks, rather than a number of small ones. The garden may run almost perpendicular, or be generally flat, but it should be as the case may be. However the garden is arranged, it is an imitation of nature, and the rocks must be in harmony with the soil.

In order to grow a variety of good rock plants, the soil must be prepared with leaf mould and well-rotted manure. The soil pockets should continue back to a depth of two or three feet, insuring plenty of soil and a good drainage. Often the pockets are so shallow that only the hardiest of the drought resisting Alpines can exist.

Small compact growing shrubs are introduced into the rock garden to add stability. Many of the hardy heaths, azaleas, daphnes, and cisteonates are used.

For the fern rock garden, there are ferns that are suitable in moist, shady situations, and certain others that are adapted to fairly dry but shady conditions, and still others that do well in the sun.

Among the bulbs that are suitable to the rock garden are snowdrops, crocuses, grape hyacinth, colchicum, and narcissi. Among the perennials are species of aster, anemone, linaria, primula, phlox, dianthus, saxifrage, aquilegia, iris, violas and many others.

For those planning their own rock gardens, a careful study of plant materials should be made so as to use the plants that are in harmony with the scale of the garden and the surroundings.

One of the latest novelties in the Soviet Union is said to be lipstick flavored with various alcoholic beverages.

Letters such as this should serve as a valuable lesson to all who read them.

Dear Miss Stoddard: It may seem a joke to many to say that "two can live as cheap as one"; nevertheless, it can be proven true.

Now that the holiday season is past and we have all had time to enjoy it and to look back as well, to some it has meant but sadness and grief, and I am one of them. To many men know doubt I will be rated a fool, but even at that I cannot help but confess that that seems to be exactly what I am.

Up to a few months ago I had a home, wife and a fine family. Every morning that family woke me to the sound of laughter and a good time, my wife was ready with a good breakfast, looking her best; I went to the office and worked all day and they were waiting for me when I came home at night, with the same cheerfulness that they sent me to work in the morning.

A dissatisfaction and recklessness entered my system and it was apparent to me that if I could get away and play I would be happier, and so I left that home to live alone, to dance and do the things that I thought I wanted to do.

True, I have many friends and they find time to go out with me and we have a good time, but when I return the heartaches and loneliness that awaits me is appalling. The expenses are frightening as well.

If there is any man who is thinking of doing the same thing, I want to ask him to go off into a room by himself and if possible to imagine himself alone in that room, day after day, night after night, and ask himself if it is worth it.

My wife was good, sweet, true blue, she did not drink or smoke, never daily thought seemed to be for me and our boys. Had I made an effort I could have adjusted our misunderstandings and would have realized that the faults I imagined so grave and great in her, were equally as grave and big within myself, for she always overlooked myself.

Now, through legal action, courts, and lawyers, all of my own doing, I have lost even the right to see my children without permission and so there is nothing for me but years ahead of loneliness and heartaches, striving and striving to reach something which will never again be mine to have.

Living together for the sake of children I do not condone, nor do I ask any man to do so in the face of problems which cannot be righted, but where adjustments can be made with tolerance and kindness toward each other, long, peaceful and happy years may be the reward.

My one prayer is that some day

Sections of Club Have Meetings

Three sections of the Woman's club have had meetings this week, poetry and philanthropy sharing Tuesday in separate gatherings and home craft section having its meeting all day Wednesday.

Those club members who are especially interested in the writing and reading of poetry met Tuesday morning at the home of Mrs. Earl Ladd, 1325 Cypress street, studying the construction of poems by well known authors and reading their original clippings prepared on the subjects, "New Year" and "Children."

Plans for a dessert bridge on February 9, the date of their next regular meeting, were discussed by philanthropy section members while they were quilting blocks at the E. O. Ahern home in Tustin. All club members are to be invited to this party, which will be held also at the Ahern residence.

Mrs. E. A. Elwell presided at the home craft meeting which followed a covered dish luncheon Wednesday at the home of Mrs. R. G. Carman, 1904 Bush street. Plans were discussed by the group for new projects for the coming weeks, and it was decided to meet next with Mrs. Agnes Winbush. Ten members were present at the luncheon, and three others joined them in the afternoon to bring the attendance up to the thirteen mark which has become a tradition in the section meetings.

The discovery of a bone on a farm in the Murphysburg district of South Africa has led to finding of a huge skeleton which, it is believed, may be that of a brontosaurus.

she will forgive me and find happiness that I denied her.

COUPLE MARKS AN ANNIVERSARY

Mr. and Mrs. O. W. Martin, who have recently moved here from Kelso, Wash., celebrated their first wedding anniversary Tuesday at a dinner party with Mr. and Mrs. C. W. Purkey.

The Martins came to Santa Ana a short time ago, and have purchased a residence on West Fourth street, planning to make their home here. At present, they are living at 916 West Fourth street.

V. F. W. AUXILIARY DRIVE

Heading a drive for new members for the V.F.W. Auxiliary in Santa Ana, Mrs. Annie Sullivan of 2219 Orange avenue announces enrollment of 12 new members since the campaign started in October. The drive will continue until March 21, Mrs. Sullivan announces, and all interested in joining or in seeing information are asked to call her at 2959-W.

Australiana sent a school on wheels into the rural districts.

MEET V. L. MOTRY, RED AND WHITE GROCER

For 13 years Monty's Grocery has been operating in the same location at 811 Highland, giving satisfaction to old customers and adding many new ones. There is an air of neighborliness pervading the store, and from the time you enter until you leave that spirit of friendliness prevails. It doesn't stop there as you carry home with you in the merchandise purchased Monty's guarantee in the goods he sells. He handles that kind of merchandise.

When the Red and White Stores organized Monty organized with it, which is to say that he is a charter member. All through the life of this progressive organization he has been a 100 per cent affiliate, benefiting from its purchasing advantages and passing on to his customers the accrued benefits which come from group association. In this way he has kept in the front line of grocery buying power, and having at the same time the advantages of making the very latest selections of food delicacies and staples.

So when you go into Monty's Grocery you have the choice of a varied selection and everything that food connoisseurs select for their tables. In other words it is a complete food center where fruits, vegetables, meats and groceries are provided for your inspection and your preference. Mr.

Motry operates all departments of this popular food center, ably assisted by Mrs. Motry, who not only knows the stock but can be of great assistance in making your grocery selections.

Mr. Motry has recently installed new meat market equipment, and carries the choicest in the meat line. The fruit and vegetable departments are up-to-date, and the store in general neatly arranged. It is an attractive and safe place to trade. The business has been built to a substantial standard by close attention to the public appeal, and a desire to serve. Delivery is prompt and courteous, and there is nothing slighted when it comes to service.

Motry has a couple of hobbies of his own. He likes hunting and fishing, and when conditions allow he indulges in these two sports in which he greatly delights.

At the present time he is serving the Benevolent Protective Order of Elks as Grand Exalted Ruler, and giving a good account of his administration. He is very much interested in the fraternal organization, and watchful of its benevolent and charitable activities.

Out at 811 Highland Mr. and Mrs. Motry will give you a sincere welcome. If you have not visited this modern food center you will not be surprised but delighted. Make Monty's store a call.

Regular Care Is Fine Insurance

By CLAUD CHRISMAN, M.D.

From the standpoint of plain economics, it will pay any man to employ a health director. I hear you say, I cannot afford a health examination and I feel that I do not need one. You cannot afford not to have a check-up once or twice a year.

The chronic diseases sneak up on us and do not cause symptoms you can recognize till they are well established. Also, one attack of sickness which keeps you from your work for a week, with a bill for medical services and possible hospital and nursing bills will cost far more than several health examinations.

Who should make these examinations? Your family physician is the best person to do it. You know you can trust him and he knows your economic condition. If you have no family physician, you should have. Though you may not need a doctor, the thing to do is to choose someone in whom you feel able to place confidence; then go to him and tell him so. Have him check you over and engage him for any services you may possibly need. Then when you or your family need a physician, day or night, you can feel free to call on him and can depend upon getting a response to your call.

What do you receive for money spent on a health examination? If you are found to be sound, the assurance of that fact will give you a great deal of mental satisfaction, and actually extend your endurance.

Brows Must Be Kept In Outline

By JACQUELINE HUNT

If you have a lovely neck and jaw line, and a forehead and face that is made more shapely by the clever arrangement of your hair, what more do you need for beauty? Nice eyes, for one thing, and to have them you must pay special attention to the curve of your forehead into your nose.

The small area between the eyes plays a most important part in the modeling of your face. It must be kept open and free from hairs. If your eyebrows tend to grow together in this middle ground, be sure to tweeze them away.

And see that this same area is kept free from lines. Nothing is so aging to an otherwise young and pretty face. Smooth with softening cream with firm upward strokes after your nightly cleansing. Then pat vigorously with ice water or with a cotton pad soaked with skin tonic. Refuse to frown when little things annoy you.

See that your eyebrows are nicely shaped. Normally they should define the contours of the eye sockets and give character and emphasis to the face. For this reason you should not try to give your eyebrow an entirely different shape. And do not pluck them into a thin line. They should be heavy enough to cast some shadow into the eye hollows and give the eyes a deep, luminous appearance.

You can learn to emphasize any unusual shape or way in which your eyebrows grow, however.

Fire Hose Spews Out Gold Dust

ARCADIA. (P)—W. Parker Lyon, wealthy collector, bought an old fire engine once used at Dayton, a Nevada mining camp, and started refurbishing it for his Pony Express museum.

Something bright at the rotting hose connections attracted his eye and he scraped out some of the dirt and panned it. It was gold, and now Lyon claims to have recovered a full ounce, valued at \$35, from the ancient hose.

Apple Omelet Starts Day Off Right

By JUDITH WILSON

How did you like that fancy kind of scrambled eggs yesterday? Here is a recipe a little more—shall we say, exotic? And it's wonderfully nourishing for the children, as well as appetizing to the more particular palate.

Apple Omelet
Melt 3 tablespoons butter in a hot skillet. Have 2 apples (McIntosh are good for frying) cored, washed and sliced crosswise 1-2 inch thick. Brown on both sides in the hot butter and remove to a hot platter. Beat 4 eggs with 1-4 teaspoon salt and 2 tablespoons cream and pour into the skillet. Cook over low heat, lifting the edges with a spatula to let the uncooked portion run under. When set put the apples over the omelet and sprinkle with powdered sugar. Roll the omelet and turn onto a warm platter. Garnish with apple.

Florida Youths Act Policemen

PENSACOLA, Fla. (P)—Pensacola youths have the opportunity of realizing ambitions to be a policeman without waiting to "grow up."

In a move to curb a "growing criminal tendency among youngsters," the Pensacola police department and the Pensacola trade school collaborated in organizing a junior police department and an honor court to try juvenile offenders.

The department membership comprises boys under 16 who passed examinations. The policemen were required to take the oath administered regular policemen and they wear uniforms.

The 12 youths making highest marks in the examination were commissioned as members of the honor court and hear cases brought before them by the junior "cops."

Home Service

Forget Dull Routine With Favorite Poems

Do humdrum tasks and duties keep you in a rut? Let that grand old favorite by Lovelace lift your spirits:

"Stone walls do not a prison make,
Nor iron bars a cage!"

Petty things cannot annoy you when you say with William Henry:

"I am the master of my fate:
I am the captain of my soul."

Hope and love make every life beautiful. Do you remember James Thompson's stirring words?

"Give a man a girl he can love,
As I, O my Love, love thee;
And his hand is great with the pulse of Fate."

At home, on land, on sea.
You want to read these well-loved poems again and again for the courage and inspiration they bring you.

These favorites are among the many by Tennyson, Longfellow, Burns, Poe, James Whitcomb Riley and others collected in our 32-page booklet. Poems you want to keep always.

Send 10 cents for your copy of World's Best-Loved Poems to The Santa Ana Journal, Home Service, 117 East Fifth street, Santa Ana. Be sure to write plainly your name, address, and the name of booklet.

There is a **DIFFERENCE** in Red & White Foods

Make This Blindfold Test!

Here's How! Buy one of Red & White "orchard ripe" peaches—buy one can of any other brand. Put one slice of each into identical dishes—mark the unknown brand with an "X". Blindfold yourself. Permit a member of your family to set both dishes before you. Then take a taste of each.

Our guess is that you will choose Red & White on taste as well as size and color. Try this and prove our theory! You'll have lots of fun and a firm conviction that Red & White foods are really superior.

INCOMES OF FARMERS IN U.S. GAIN

Net Profits for 1936 Are Estimated Over Five Billions

WASHINGTON, (AP)—Federal farm experts crawled out from a stack of statistics today and announced that as a whole the nation's farmers showed financial gains in 1936.

Net income of farmers after deducting \$4,230,000,000 for wages, interest, taxes, rent, supplies and other production costs, was placed at \$5,300,000,000.

17 Per Cent Increase
The experts said this was 17 per cent larger than in 1935 and only 7 per cent less than the comparable 1929 income of \$5,669,000,000.

They said the severe drought had damaged the corn and wheat belt incomes, but cotton was a bright spot in the tabulations, with both a larger crop and higher prices. The "white gold" netted growers \$955,000,000 compared with \$737,000,000 in 1935.

Even Wheat Gains
Even the wheat crop, with a short spring yield, showed a gain. The farm value was estimated at \$624,000,000, more than \$100,000,000 above the 1935 crop.

The short crop of potatoes showed a wider increase. It was valued at \$367,000,000 against \$281,000,000 the previous year.

Bride Beaten to Death By Negro

The badly beaten body of Mrs. Mary R. Case (above), 25-year-old bride of a year, was found by her husband, Frank Case (inset), in the bathtub of their apartment in the Jackson Heights section of New York. Details of the killing were reminiscent of the slaying of Mrs. Nancy Titterton at New York several months previously. A negro confessed the killing. (Associated Press photo.)

ACT TO SAVE AMERICANS IN SIANFU

NANKING, (AP)—Willis R. Peck, counselor of the United States embassy, resorted to direct action today after diplomatic efforts had failed to rescue 21 Americans trapped in Sianfu.

United States Ambassador Nelson T. Johnson said he had been informed that Peck, traveling purely in a personal capacity but with his sanction, had reached the walled capital of Shensi province, stronghold of Marshal Chang Hsueh-Liang's Communist-inclined armies.

He hoped, when he left here, to ferry all women and children in Sianfu by plane to Loyang. If unable to do this, he intended to go to Loyang and work there to liberate the Americans from their dangerous plight in the embattled area.

Peck left at a moment's notice when he learned a government airplane was going to Sianfu with Nanking emissaries hoping to negotiate a settlement of the crisis. Peck's departure followed a report from Assistant Military Attache David Bennett from Loyang that all efforts had failed to win release of the detained Americans.

Cat Rides Four Days on Chassis

GREENFIELD, Ind. (AP)—During four days, in which he drove 500 miles, Dr. L. B. Riden was bothered by a peculiar squeak in his automobile.

He took the car to a garage where Kelly Coffin, mechanic, extricated a live cat from the chassis.

Wife Slayer Due for Death

EUREKA, (AP)—The death sentence, made mandatory by a jury verdict convicting Frank Estrada, 43, mill worker, of murdering his wife Nov. 13, will be pronounced by Judge Harry W. Falk Monday.

Bakersfield Vet To Guard F. D. R.

BOSTON, (AP)—The Rev. William C. Patrick, Bakersfield, Calif., will be one of eight guards of honor for President Roosevelt at inaugural ceremonies on Jan. 20. Each guard was decorated during American wars.

TO FETE STATE BAR CHIEFS

Alfred Bartlett of Los Angeles, president of the state bar association, will address attorneys of Orange, Riverside and San Bernardino counties tonight at a special session of the Orange County Bar association.

Fifteen members of the state board of governors, headed by H. L. Thompson of Riverside, governor for this district, will also be present at the session, to which all attorneys of the three counties have been invited, according to George A. Parker of Santa Ana, in charge of arrangements.

The meeting will begin at 7 p. m. at the Santa Ana Country club. Professional entertainment is planned, Parker said.

Dean Speaks His Mind About Neurotic Teacher

IOWA CITY, Ia. (AP)—Tight-lipped and tense school teachers, commanding a quiet and well-disciplined classroom, may seem efficient but Dean George D. Stoddard of the University of Iowa graduate school says such a teacher actually teaches children the least.

"A teacher who is frustrated, overcritical or underdeveloped emotionally is likely to go toward the neurotic escape," says the professor.

"Some of the things she teaches should never be taught any child. Her chief lesson is that you must not be yourself, that you must not express yourself and that you must postpone present gaiety in the vague promise of a happier future."

Dean Stoddard recommends three rules for improvement of teachers' mental personality: face reality; develop some legal or unique usefulness; and get some sort of change at intervals such as a new job or summer study in a different locality.

Water District Has \$49,483 Balance

The Orange County Water district ended the year with a cash balance of \$49,483.45 on hand, a report by Secretary C. A. Palmer showed today.

During the year total receipts from tax assessments amounted to \$68,841.91, Palmer reported. Disbursements amounted to \$9358.46. Salaries and expenses of directors amounted to \$1147.31; legal expense, \$1404.40; engineering expense, \$1300; water spreading, \$2685.33; election of directors, \$82.50; secretary's salary, \$255, and postage and supplies, \$34.27.

Recovery Plant Job to Pay \$1860

Knowing how to operate an electro-metallurgical recovery plant for the government is worth \$1860 a year to the right people, according to announcement today by the U. S. civil service commission.

The job's classified as senior machinery operator, at Boulder City, Nev., and will be filled by civil service examinations. Forms and information are available from Frank Cannon at the postoffice here.

Buick Agency Has New Used Car Lot

A new used car lot has been opened by Reid Motor company, Buick dealers of this city. The new lot is located at 109 South Main street.

The lot at Sixth and Spurgeon will remain in use and give the added convenience to customers. The two lots will be in charge of C. L. Weaver and R. McKinney.

NEW YORK, (AP)—With the threatening cries of screaming women still ringing in his ears, Major Greene, 33-year-old negro, was behind bars today awaiting trial Feb. 1 for the bathtub slaying of Mrs. Mary Robinson Case.

The wiry porter, who, authorities said, had signed a complete confession, was sullen and seemingly unmoved last night as detectives led him from Queens county court, where he pleaded innocent before Judge John S. Golden.

Outside, a noisy crowd of spectators, most of them women, surged toward the negro when he appeared under heavy police guard. "Lynch him!" the crowd cried. "He's no good! He ought to be hung!" The chair's too good for you!"

Greene threw up his unmanacled hands to shield himself. They attempted to pummel him with umbrellas, sticks and pocket-books, but most of the blows fell on the shoulders of detectives who swarmed around to elbow him, unharmed, to the Queens county jail, 200 yards away.

Old Windjammer Doomed as Relic

SAN PEDRO, (AP)—The Star of Finland, last survivor of the 18 windjammers once operated by the Alaska Packers' Association, sailed yesterday for San Francisco bay to be preserved as a reminder of a romantic era in ocean transportation.

The voyage is being made in tow. Three months ago the windjammer came south for use in a motion picture.

Group to Hear Report on Taxes

STOCKTON, (AP)—The Central Valley council of the California state chamber of commerce met today to hear committee reports of new legislation on taxes, agriculture, business and labor. Proposal to pay a part of the cost of the San Francisco-Oakland bridge from gasoline taxes will be considered.

SEAT REALTY OFFICERS TODAY

Seven-Point 'Platform' Is Outlined at Noon Meet by President

Santa Ana Realty board members launched their activities for the new year today after newly elected officers had been installed and President Earl B. Hawks had outlined a seven-point program for the board to follow during the year.

At a meeting this noon in the Green Cat cafe, officers of the Santa Ana board were installed. Arrangements completed only yesterday resulted in the installation of officers of the Newport Beach board at the same time.

Featured speaker on the program was John Weston, prominent Los Angeles realtor and former district official of the Home Owners' Loan corporation.

Tells Policies
Officers of the Santa Ana board installed were Hawks as president to succeed C. W. Hill; Marie J. Gothard, first vice president; Arthur H. Walsh, second vice; Oliver Lindemeyer, secretary. Members of the board of directors seated, besides the officers and Hill, are Ed Hensley, Carl Mock, J. Homer Anderson.

In his responding speech President Hawks outlined his program for the year. He said: "The citizens of Santa Ana and vicinity look to the Santa Ana Realty board for constructive leadership in matters which pertain to real estate. To exercise efficient leadership there must be explicit faith in the future of local real property."

"We of Southern California can be proud of the fact that we reside in a land toward which all eyes are turned—a land rich in agriculture, delightful of climate, unsurpassed in church and educational advantages, noted for business aggressiveness, in short, the mecca not only for the rising generation but the dream of those with earned rest and recreation for their golden years."

Have Responsibility
"We believe richly in our land of sunshine. We believe it the best and soundest long-term investment available to the thirty. We believe there is placed upon us the responsibility of doing all in our power to nurture and protect the inherent rights of the owner of real property and to encourage the realization of the day when every man will be the proud owner of his own home."

"We are proud of the record of this board throughout the depression. If we are worthy successors we will march steadily forward in our accomplishments. We hope this year that we will have a large share in."

"First, a determined opposition by the California Real Estate association of all attempts to impose unfair and confiscatory taxation upon real property."

"Second, promoting more equitable laws relative to real estate and more just methods of taxation."

"Third, steadily raising the standards of the profession and increasing the value of our services to the buying and selling public."

Educational Program
"Fourth, conducting an educational program for the benefit of all persons who wish to attend the courses offered."

"Fifth, continuing to make our weekly meetings interesting and instructive in addition to the usual inspirational fellowship."

"Sixth, encouraging the news agencies to publish such items as are of general interest to the public and especially to property owners."

"Seventh, giving our full cooperation to city and county officials and to all other organizations to make this city and Southern California famous for 'friendly people and home appeal.'"

"With this brief program, your newly-elected president enters 1937 with a feeling of assurance that our splendid membership will translate this 'platform promise' into a 'record of performance.'"

LOVE CO-ED
BATON ROUGE, La. (AP)—Polly Whitehead of Gulfport is the only co-ed of 2000 at Louisiana State university enrolled in aeronautics.

COSTS MONEY TO DRIVE FAST

AMES, Iowa. (AP)—If you are in such a hurry that you drive your automobile at 70 miles an hour or faster, then your time should be worth at least \$1.40 an hour or you are losing money.

Prof. R. A. Meyer, Iowa State university highway engineer, has figured out from a series of tests that gasoline expense increases about one cent per mile between the speeds of 35 to 70 miles an hour, while increased oil consumption and wear and tear on tires and motor adds another cent.

"If you drive a 70-mile trip at 70 miles an hour instead of at the 35-mile gait," the professor says, "you may save an hour's time but your expense cost for the trip goes up an extra \$1.40—to say nothing of increased danger to life and limb."

WPA WORKER IN CHARITY MOVE

EVANSVILLE, Ind. (AP)—John Schwalm, 50, has retired as a WPA worker so that "somebody else can get a job."

"Shuck," he said, "winter's here and there's lots of fellows with families and they need a job. 'The government was good to me. I worked for a whole year. I don't spend much money and so I could save some, enough to last through the winter.'"

John K. Jennings, district WPA director, nearly swallowed his cigar when a foreman reported Schwalm's act.

Schwalm said it wasn't because he didn't want work that he quit, that he already was looking for another job. He is a bachelor and lives in a trailer on ground he rents for \$5 a year.

More than half a million dollars changed hands in horse trading at Texas race tracks this year, according to Mrs. E. H. Thweatt, secretary of the state racing commission.

Faces Mirror War's Tragedies

After 16 Fascist planes bombed Madrid's working-class suburb of Tetuan, killing 12 and injuring more than 30, relatives of those trapped in ruined houses appealed for news of their loved ones. Faces of these Spaniards reflect the horror non-combatants are suffering in the Spanish civil war. (Associated Press photo.)

PLANE FIRMS WAY BEHIND ON ORDERS

Nearly 100 Million in
Unfilled Contracts Are
Reported

NEW YORK (AP)—Aircraft
makers, swept by a world rush to
acquire war and transport wings,
have warmed up an improved pro-
duction machine to handle a big
accumulation of orders.

An authoritative trade source
estimated today that American
manufacturers of airplanes and en-
gines entered the new year with a
record total of nearly \$100,000,000
in unfilled orders.

Much of this backlog was traced
to awards in recent months for
equipment to modernize and build
up the United States air forces.

Exports to Expand
With European aircraft fac-
tories crowded for deliveries on
military orders, domestic manu-
facturers also looked forward to
an expanding export market
among foreign commercial trans-
port lines.

Moreover, many air men expect
additional appropriations in this
session of congress for the army
and navy to provide more orders.

Leading companies have spent
or set aside millions of dollars for
new factory and transportation
equipment. Growth of air trans-
port in the United States has com-
bined with the military program
to revive activity in aircraft plants
after slack depression years.

Traffic Increases
Expansion in domestic passen-
ger air traffic from about 5,000 to
more than 1,000,000 yearly in the
last decade has been accompanied
by a tense fight for business
among the big air lines, resulting
in heavy orders last year for larger
and swifter transport planes,
some costing as much as \$10,000
each. Many of these remain to be
delivered this year or later.

Unfilled orders of three com-
panies, according to latest available
figures, approximated \$58,000,000.
They are the Douglas Aircraft
Co., Santa Monica, Calif.; Consoli-
dated Aircraft Corp., San Diego,
Calif.; and Curtiss-Wright Corp.,
with plants at Buffalo, St. Louis
and Paterson, N. J.

Counterfeit Coin Better Than Real

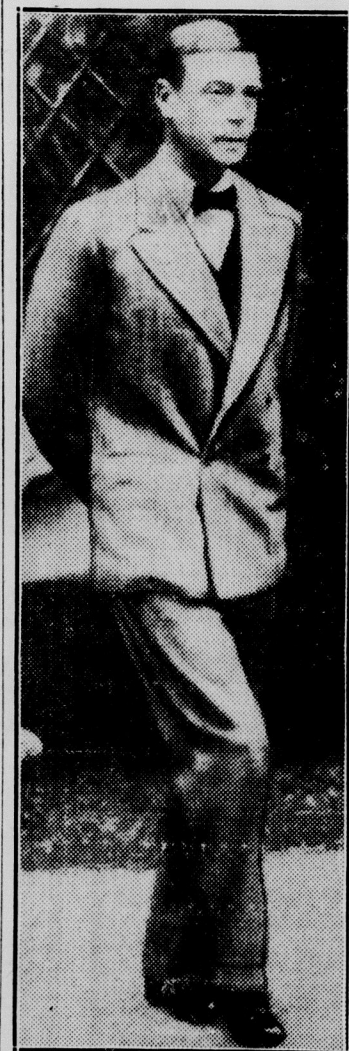

CLARION, Pa. (AP)—Edward
Trunk found a counterfeit silver
dollar which he prizes more than
any genuine dollar he ever owned.
Trunk, owner of a hotel, picked
up the bogus piece when workmen
raised the floor to install a heating
plant. One of the workmen also
found a similar coin. Both are
dated 1884.

They said they believed the
pieces were moulded and circu-
lated by the notorious Ross Buck
gang of the '90's, which operated
near Lucinda, eluding federal au-
thorities for a long time.

NAZIS MUST EAT STEW

All of Germany's 67,000,000 in-
habitants must eat hot-pot stew
one day each month. They will
be unable to obtain anything else.
Hot-Pot Sunday will take place
every month throughout the win-
ter. It is part of Hitler's plan to
collect funds for the poor and
needy. In restaurants the full
price for lunch is charged, and the
difference given to the fund. At
home one is expected to contrib-
ute not less than 12 cents per
head as the difference between
the cost of a normal meal and the
hot-pot, one-course lunch.

An Ex-King Poses

The Duke of Windsor, who gave
up his British throne for romance,
is shown as he followed the direc-
tions of picture takers when he
received cameramen for several
minutes at the Austrian castle of
Baron Eugene de Rothschild, where
he has stayed since his abdication.

Kent Gets His 'Head Chart'

London got a juicy morsel for gossip when the Duke of Kent
visited a phrenologist to have his head "read" in a 15-minute consul-
tation. Accompanied by Mrs. William Allen, the Duke is shown as
he left carrying his "head chart" in his hand. He was told he had a
"very nicely balanced head." (Associated Press Photo)

Jane Leaves New York With Turtle and 24 More Dolls

College Funds Reach New High

WASHINGTON (AP)—Dr. Robert
L. Kelly, of New York, re-
ported permanent funds of the na-
tion's colleges and universities to-
tal \$1,600,000,000.

The told the Association of
American Colleges that this repre-
sented a 1,000 per cent increase
since 1900.

Proposes Change In Judges' Trial

WASHINGTON (AP)—Chairman
Sumners (Dem., Tex.) of the house
judiciary committee proposed to-
day that federal judges accused of
misconduct be tried by a special
tribunal of U. S. circuit court
judges instead of by the senate.

NEW YORK (AP)—Jane Withers,
10-year-old screen star, took her
tiny new turtle, "China Boy," out
of the ash tray where she had been
keeping it in water, and bade
Gotham a polite farewell yester-
day.

She told a Fifth Avenue police-
man, "This is a city of superb op-
portunities."

In a benign mood, in the part-
ing hours of her first New York
visit, the young film hoyden used
her longest words, newly acquired
in the sixth grade.

"New York is stupendous," she
said, "but a bit like a madhouse."

The turtle, the gift of some
Gotham fan, had red roses painted
on its shell. She didn't need it—
she has 10 turtles. Nor did she
need the 24 dolls presented her by
admirers in the East, to add to
her 323.

What actors did Jane admire?
asked a reporter.
"Well, Robert Taylor," replied
the young actress. "I think he has

EDISON SERVICE SETS RECORD

Service records of the Southern
California Edison company reached
all-time highs during 1936, accord-
ing to R. E. Bacon, division man-
ager for the company, who attend-
ed the recent annual meeting of
Edison officers, department heads
and managers in Los Angeles.
Harry J. Bauer, president; W. C.
Mullendore, executive vice presi-
dent, and Fred B. Lewis, vice presi-
dent and general manager, ad-
dressed the meeting.

Plans for increased company ac-
tivities in 1937, calling for the ex-
penditure of a capital budget of
\$6,500,000 were announced by
Lewis. A large portion of the
budget, which is \$4,000,000 great-
er than that of the previous year,
will be expended for the construc-
tion of a transmission line to bring
the Edison company's share of
Boulder dam power into Edison
territory.

"The number of active meters on
the Edison system marks a
new high record," Bacon said.
"The total at the close of the
year was 489,000, a gain of 16,500
for 1936. The average annual kilo-
watt hour consumption in Edison
territory is now 805 kilowatt
hours, one of the highest in the
nation."

"With rate reductions effected
voluntarily by the company dur-
ing 1936 and the automatic lower-
ing of rates due to greater use of
current, a saving to consumers of
\$846,000 was recorded during the
year."

"There has been, however, no
reduction in taxes, but on the con-
trary, the company's 1936 tax bill
exceeds by almost \$2,000,000 that
of last year. The current tax bill,
totaling approximately \$6,250,000,
is the largest single item of the
company's expense."

Invalid Active After 20 Years

TISKILWA, Ill. (AP)—Seventy-
two-year-old Mrs. Henry Gingery
is up and about after 20 years
a-bed, looking for time to finish 28
quilts on which she worked—be-
side a number of other enter-
prises.

In 1916 Mrs. Gingery fell down
her cellar steps, injured her back
and was sent to bed. Then she had
a stroke of paralysis.

But she decided she couldn't
just lie there. So she sold maga-
zines, painted greeting cards and
calendars, made more than 1000
artificial flowers, pieced 15 quilts
and cut material for the 28 others.
Then, in the middle of 1936,
medical skill worked a miracle for
her. The first thing she wants to
finish is those quilts.

something, 'though I don't know
what.
"Do I want to play parts like
Malene Dietrich some day? Ugh,
no!" she shuddered. "I want to
be like Patsy Kelly!"

GOOD SENATE JOBS GO TO DEMOCRATS

Bourbons Named to All 15 Chairmanships by Hatfield

SACRAMENTO, (AP)—Lieutenant-Governor Hatfield yesterday named the senate committees, and although the upper house of the legislature is predominantly Republican, he placed each of the 15 Democrats as chairman of committees.

Bradford S. Crittenden, Stockton, was retained as chairman of the agriculture committee, but Ralph E. Swing, San Bernardino, was switched from judiciary to finance, and Ray W. Hays, Fresno, was named chairman of the judiciary committee.

Senator William F. Knowland, Alameda, former chairman of building and loan associations, went to the important revenue and taxation committee.

James B. Holahan, Santa Cruz, was named chairman of the committee on prisons and reformatories, because for many years he was warden of San Quentin prison.

To Wed 'Enemy'

Another union of families with opposing views on the New Deal loomed when it was announced Eleanor Roosevelt (above), daughter of Mrs. Henry Latrobe Roosevelt, will marry Reverdy Wadsworth, son of Republican Representative James W. Wadsworth of New York. Mrs. Roosevelt is a distant kin of the President. (Associated Press photo.)

TEACHERS HEAR DISCUSSION ON 'READING'

Three hundred kindergarten-primary teachers and administrators enjoyed an interesting and instructive panel discussion on "Primary Reading," when they gathered Tuesday in the auditorium at Newport Beach.

Speaker of the afternoon was Mrs. Lillian A. Lamoreaux of the Santa Barbara city schools, who emphasized her belief that little children should have a definite program of reading, and that much can be done in kindergarten to prepare children for it.

First reading experiences of children, she stated, should grow out of their own activity and be comprised of stories they have composed cooperatively.

Miss Hubertine Kuenaman of Santa Ana presided as chairman of the panel, directing the discussion in which various members participated. Mrs. A. Eckels of Diamond school displayed a reading chart which the first grade children had made and illustrated.

Miss Juanita Pico of Lowell school Santa Ana, explained a compilation of data from reading aptitude tests made at the close of the kindergarten year, and told how helpful it had been to her in understanding and planning for group and individual activity of her first graders.

Tea was served by the Newport Beach Parent-Teacher association members before the meeting.

HOSTESS HONORS MOTHER AT CLUB MEETING

When Miss Robbie Jones was hostess to her needlework club this afternoon at her home, 201 South Broadway, it seemed really a birthday party for her mother, Mrs. N. J. Jones, for the latter's anniversary was on January seventh.

Her eightieth milestone had brought forth many beautiful flower tributes, among them numerous potted cyclamen and primroses, which, still blooming, were more than sufficient decorations for her daughter's entertaining, and her presence was, as always, an additional pleasure for the members as they enjoyed their afternoon of sewing and chat.

The only incident that marred the occasion was knowledge of the painful accident that recently befell Mrs. Charles Baird, when she fell and broke her knee-cap.

Ice-cream and the angel food cake Miss Jones is famous for were served late in the day at a table centered with pink cyclamen.

Members present included Mrs. E. B. Sprague, Mrs. Frank Preston, Mrs. J. F. Hill, Mrs. J. C. Whane, Mrs. John Daneri, Mrs. George Lewis, Mrs. John Talbert, Miss Leslie Smith, and the hostess.

P-T. A. PLAY PROMISES ENTERTAINMENT

Entertainment and importance of subject matter are combined in the play, "It Might Happen to You," which Santa Ana Council of Parents and Teachers is bringing to Santa Ana next Tuesday and Wednesday evenings for presentation in the high school auditorium.

Based on a theme of automobile accidents and attending crimes, the play has molded the vital story into a splendid entertainment with appeal for all, old and young.

It was this unusual combination of interest and valuable lesson that attracted Mrs. John J. Mills, president of the P-T. A. council, and later the members of the council and the other civic leaders who are backing the local performances.

The attraction enjoyed a six-weeks run in Los Angeles, where it was forced to close only by previous contracts for another show in the same theater. The same cast will appear on the local stage next week.

JEFFERSON P-T. A. TUESDAY

Jefferson Parent-Teacher association will have as its speaker next Tuesday afternoon Mrs. R. W. Marvin of Anaheim, state P-T. A. chairman of radio, who will talk on "The Radio and Our Children."

Many Attend Affair For Pastor

Indicative of the great popularity among congregation and outside friends of the Rev. and Mrs. Harry Evan Owings were the several score of callers who paid their respects last night at the annual reception sponsored by the church members for their pastor.

Hold in the parsonage at 1018 Spurgeon street, the reception proved to be really a delightful musicale, after visitors had been greeted by the Rev. and Mrs. Owings, Miss Lula Minter, who is president of the Woman's society, and Mr. and Mrs. H. T. Phelps. Mrs. Phelps is young people's director of the church.

The program, which began shortly after 7 o'clock, had been arranged by Mrs. J. Leslie Steffensen, and consisted of the duets "Lassie of Mine" and "In the Garden of My Heart," sung by Miss Beulah Parker and Russell Crouse, incidental piano music by Miss Mame Havens, a group of readings and poems by Mrs. John Swarthout, solo groups by Miss Mary Nalle and Miss Laura Joiner, accompanied by Miss Beulah Parker; cello solos, including Bartlett's "A Dream," and Herbert's "Kiss Me Again," by Richard Robbins, accompanied by Mrs. Robbins, and solos by Miss Parker and Mr. Crouse, accompanied by Mrs. Steffensen.

Delicious refreshments were served in the dining room, which was decorated all in white, with sweet alyssum and maidenhair fern arranged as a centerpiece against a mirror background, and white tapers and white pottery set on the beautiful lace cloth that covered the table. White chrysanthemums and a crystal flower lamp further decorated the room, many other bouquets throughout the house had been sent by the deacons and other friends.

Tea hostesses alternated during the evening, with those pouring consisting of Mrs. Fanny Reeves, Mrs. W. E. Dennis, Mrs. J. P. Greene, Mrs. Leslie Pearson, Mrs. Rolla Hays, Mrs. Hugh Wiley, Mrs. George Lippincott, Miss Ella Vezie, Mrs. Jessie White, Mrs. R. E. Coulter and Mrs. Cassius Paul.

Others assisting throughout the room were the Mesdames E. A. Bell, David Meyer, M. M. Holmes, W. H. Harrison, L. E. Coffman, Clyde Cave, Max Robbins, J. J. Vernon, C. W. Brakeman, K. A. King, H. S. Harlow, L. C. Fairbanks, Mr. and Mrs. L. E. Robinson, Mr. and Mrs. F. W. Loose, Mr. and Mrs. Dick Martin, Mr. and Mrs. Franklin West, Mr. and Mrs. Ben Brubaker, and the Mesdames Gertrude Minor, Gracia Frederick, Evelyn Richards, Mary Coffman, Doris Cave, Lenore Marchant, Elaine Owings, Barbara Rowell, and Mr. John James.

The special events committee of the Woman's society, which had charge of the entire affair, was composed of Mrs. W. A. Atkinson, Mrs. K. A. King, Mrs. L. E. Coffman, Mrs. Fanny Reeves, Mrs. P. H. Norton, Mrs. J. L. Steffensen, Mrs. J. E. Swanke, and Miss May Rose Borum, while the kitchen committee consisted of Mrs. R. E. McBurney, Mrs. J. A. Newcomer, Mrs. R. C. Crouse, Mrs. R. L. Talley, and Mrs. Vivian Nicholls.

WILL COMPLETE CABIN LATER

Work on the mountain cabin of the Santa Ana Job's Daughters organization cannot be completed until spring, they were told at their meeting Wednesday evening by William Dean, who recently investigated the situation at Forest Home.

The meeting was conducted by Charlotte McCausland, newly installed honored queen. She appointed Eloise Hiskey chairman of refreshment committee for the next session on January 27th, and the latter named Marjorie Ball and Jean Thwaite as her assistants.

There will be initiation practice at 7 p. m., Jan. 18, with the deputy grand guardian of the organization in attendance, it was announced.

Special music is also being arranged by Mrs. Malcolm Macurda, and a program will be presented by the children. Fourth grade mothers will serve tea at the close, with Mrs. H. R. Brinkerhoff as chairman.

AIR SAFETY RULES TO BE SET

Commerce Department Is Preparing Drastic Regulations

WASHINGTON, (AP)—J. Monroe Johnson, assistant secretary of commerce, announced the commerce department is preparing to issue "more drastic" air safety regulations.

Johnson added, however, that the regulations had been under consideration several months and were not "emergency" rules being issued in the wake of recent air crashes.

At Secretary Roper's press conference, Johnson said the new rules have been sent to airline operators for "their comment" and later would be reviewed and promulgated formally by the department.

No Great Change

Roper reported that the entire structure of air regulation now is being re-studied with a view to increasing safety. Numerous proposals will be discussed at a February air safety conference between federal technicians and airline operators.

The regulations now tentatively drafted, Johnson explained, will effect "no great change," but "in general, will be more drastic."

Among other things, he said, the department was considering raising the "ceiling" at which scheduled air lines could approach certain airports.

Recent Accidents

Roper said that the department now is "considering the facts of every recent air accidents with a view toward setting up a new cooperative endeavor for increased safety."

Letters have been sent every air line and all its field inspectors urging "utmost caution" in flying under present weather conditions. Roper said "we have received assurances that this caution will be exercised."

To Mark Hessian Soldier's Grave

CORNING, N. Y. (AP)—The grave of a Hessian soldier—a German subject paid to fight American troops during the Revolutionary war—soon will be marked by a monument honoring his memory as a "pioneer settler."

Unmarked for 120 years, the grave was recently located by Frank F. Pierce, on whose property the Coopers Plains cemetery is situated. Pierce says the grave, for which he will furnish the monument, is that of John Williams, who was captured by Burgoyne's army in 1777. After the war Williams settled in Coopers Plains.

The largest livestock market in the world is the Union stockyards in Chicago.

What's This? Snow in Nation's Hot Spot!

A freak Southern California storm left snow in Death Valley, more noted for its terrific summer heat. It was the first there in three years. Here's Jean Clausen, a guest at the castle of Death Valley Scotty, making a snow man at Bonnie Claire dry lake at the head of Grapevine Canyon. Associated Press Photo

Lathrop Junior High News

Choral speech is the activity in which great interest is being shown in Mrs. Marguerite Hill's low-seven literature class. At present, the class is working on Browning's "How They Brought the Good News From Ghent to Aix." This group is reading about various races as they appear in literature. The Archery match from Sir Walter Scott's "Ivanhoe," "The Steeplechase" by Louise de la Raine, and "A Matter of Loyalty" are being used in the study.

Seventh and eighth grade art classes are doing figure drawing and using a member of the class as a model. Colored animal drawings will also be a part of the work.

On Jan. 22, a puppet show will be presented to Lathrop students by art classes under Miss Tummond's and Mrs. Crumrine's instruction. The show will consist of four short plays of one and two acts, and will be given in room 33, which has a small stage.

Southland Indians are being studied in Miss Pearl Nicholson's section. Duplicates of Nativity dolls, the good luck omen of these people, will be made from balsa wood, and placed on exhibit. Two members of the class, Alfred Culver and Earl Gibson, have offered the use of their wood burning sets to the class. Pieces of "tracery" have been used for the drawing of original designs, and pictures of ships and flowers. These will also be a part of the Indian study.

Seventh grade general science classes under Mr. Scott's direction have started the use of a new textbook this week. Studies of glaciers, fossils, famous inventions

and astronomy will be made by these students.

Low-seven general language classes under Miss Bernice Hart's instruction have been making projects based on the Christmas vocabularies which they were studying before the holidays. A display of the results of these activities will be on exhibit in room 2 next week.

As a special feature of the January Lathrop Lineup, there will be published interviews with those Lathrop boys who were snowbound at Camp Rokili during the recent holidays. Those boys who had this experience were Bill Brown, Carrel Chittosh, Randolph Clark and Bill Jacobs.

Miss Blythe's low-seven literature class has been combining reading with writing recently. Pictures cut from magazines are arranged on colored paper for scrapbooks. Each student has written a short story about the pictures he has chosen. These have been typed and are pasted beneath the picture, then the stories are read aloud to the class as an oral reading activity. The work has proved interesting, and of value to those seventh graders who are interested in improving their reading ability.

Depression Lifts Or Is It Honesty?

RAYMONDVILLE, Tex. (AP)—N. G. Parr, railroad ticket agent, believes honesty is on the increase—or else the depression has lifted.

He received a letter from Lincoln, Neb., asking the railroad fare between two Texas cities.

MACHINE HELPS GIRL WRITE

LOUISVILLE, Ky. (AP)—Charles Lorber went into a new business because his young daughter got bad marks in school.

"Doris didn't like to write," he explains. "She would draw, but writing was out. I figured that if I could combine writing with a game of some kind, she would work at it."

So Lorber got some cardboard and traced grooves in the shape of letters. He laid a sheet of transparent paper over the cardboard and invited Doris to trace. Later he grooved only the start and finish of the letters, leaving the body for Doris to fill in herself. The next month she got "C" in penmanship, instead of an "F."

But before this report came home Lorber had decided that he had something, and applied for patents. The more he worked with his charts the more ideas he had. To letters he added figures, then whole words.

Then he sold out his key case business and prepared to manufacture writing charts.

California inspects all cars entering its border to prevent entry of insect pests.

Harvard Dean

James M. Landis (above), chairman of the federal securities and exchange commission, was appointed dean of the Harvard law school. (Associated Press photo.)

The altitude flight of Squadron Leader F. R. D. Swain, Royal Air Force, September 28, 1936, in England, has been recognized by the Federation Aeronautique Internationale as world height record in heavier-than-air craft. Height recorded was 49,944 feet.

'Cello and He Travel Together

NEW YORK, (AP)—Like Atlas and the Earth, Emanuel Feuermann, the Austrian 'cellist, goes forever burdened with a 'cello too precious to let out of his sight, and too cumbersome to carry conveniently.

So Feuermann always, when on tour in the United States, books two berths. The lower is for himself; the upper is for the 'cello. Feuermann thinks it would be a smart crook who could get a 'cello out of an upper berth without waking him.

The 'cello is, incidentally, famous as the last made by Stradivarius, and is valued at \$30,000.

California canned over a million cases of orange juice in 1936.

Mental Health Also Important

LOUISVILLE, Ky. (AP)—Mental health, says Dr. S. S. Ackery of the University of Louisville, is just as important as any other kind of health.

Ackery, director of psychiatric service in the Louisville city hospital, says:

"Those disposed to pass lightly over the importance of this branch of medicine," declares Dr. Ackery, "should be reminded that over 52 per cent of all hospital beds in the country are occupied by mental cases. And for every one person who is actually insane, there are many more who suffer from ordinary nervousness in one form or another."

OUR TRADE MARK

Customers are no nuisance to us. Unlike some business men, who greet you with a curt "What can I do for you" or "What is it today," we consider our customers and our prospects about the best balance sheet assets we have.

You'll never get the "fishy stare" in our store, or the bored shrug if you leave without making a purchase.

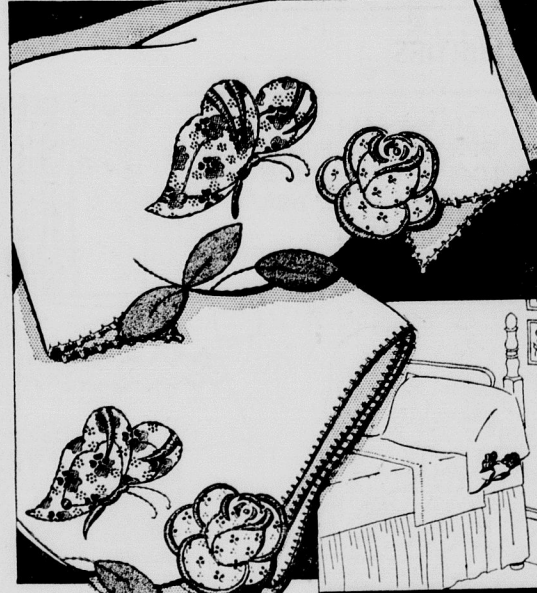

Our trade-mark is a handshake and we have elected to do business on the basis of friendly consideration.

We are glad to have your business and we'll prove it in our actions toward you.

You'll Find It Play!- This Applique

Household Arts by Alice Brooks

Simple Applique Patches Make Charming Linens

PATTERN 5771

Delicate butterflies, hovering gracefully over the curved petals of exquisite roses! Can you think of a more beautiful or appropriate design for scarfs, pillow cases, towels, or tea-cloths? Gay scraps fairly fly beneath the most inexperienced fingers, and before you know it, the simple applique patches have been cut. Then, embroider their dainty form with outline or blanket stitch. In pattern 5771 you will find a transfer pattern of two motifs 5 1/2 x 15 1/2 inches, two motifs 3 x 7 1/2 inches, two motifs 5 x 7 inches and the patterns for the applique patches; material requirements; color suggestions; illustrations of all stitches used.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to The Journal, Household Arts Dept., 117 East Fifth street, Santa Ana, Calif. Be sure to write plainly your Name, Address, and Pattern Number.

The writer said he rode the "blinds" between the cities in January, 1931, and wanted to pay for the transportation.

Parr soon received a second letter containing a money order for the full fare—\$4.80.

★ "Blended to the King's Taste!"

Made from the Juice of Sun-Ripe California Lemons, Sugar, and Sparkling Carbonated Water!

BLEND FOR AND BY APPOINTMENT TO HIS MAJESTY, KING PALATE

Stay on the Alkaline Side with Kings Court

CONSIDER THE LABEL. It is your assurance of being able to buy the beverage you've always wanted. One made from the juice of sun-ripened California lemons. The Kings Court shield is your protection against everything except a surpassing goodness of taste achieved by the sympathetic blending of lemon juice, sparkling carbonated water and sugar. As distinguished as the label is the beverage. It's just good judgment to indulge in a drink with the healthful, zesty qualities of Kings Court. Because you know you'll never suffer from over-indulgence. No unpleasant after-taste. Therefore, may we suggest Kings Court for your refrigerator. Remember—"It's Blended for a King's Palate—Priced for You."

For Your Convenience, ready-packed in CARTONS of 3

Kings Court.. ★ America's Finest Lemon Juice Beverage! ★

New York Stocks

NEW YORK. (AP)—Buying currents swept through the stock market today, lifting selected issues fractions to 3 points to new recovery tops. The trace in the General Motors strike brought a fast upswing in automobiles, steels, rubbers and specialties in the morning. Many extreme gains were later reduced as the volume dwindled, but last-minute support put most of the leaders back to their day's best prices. There was an assortment of losers, however, at the close. Prices follow:

Friendships are fragile things and require as much care in handling as any other fragile and precious thing.—R. S. Bourne.

Vol. 2, No. 220

EDITORIAL PAGE

January 15, 1937

This newspaper stands for a reunited people, for independence in all things political, and for honest journalism in its news and editorial columns.

Santa Ana Journal

Published daily except Sunday by Santa Ana Journal, Inc., at 117 E. Fifth Street, Santa Ana, Calif. E. F. Eftstrom, president and business manager; Braden Finch, vice president and editor.

Subscription rates: By mail, \$6 a year; by carrier, 50 cents a month; from newsboys and news stands, 2 cents a copy. Entered as second-class matter May 1, 1935, at the postoffice at Santa Ana, California, under the Act of March 3, 1879.

MEMBER OF THE ASSOCIATED PRESS

The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not otherwise credited to it in this paper, and also the local news published here.

National advertising representative: West-Holliday-Mogensen Co., Inc., 220 Bush Street, Detroit, 3084 West Grand Boulevard, Los Angeles, 433 S. Spring Street, Seattle, 608 Stewart Street, Portland, 520 S. W. Sixth Avenue, St. Louis, 411 N. Tenth Street. Copies of The Journal may be secured at any of these offices, where full data regarding the Santa Ana market may be had.

Prohibit 'Blind' Flying

THE American public is still badly shocked over those five tragic airliner crashes which have taken a heavy toll of life in the past 30 days.

Its confidence in commercial flying is badly shaken. This confidence will not return easily until far-reaching steps are taken to make air transportation 100 per cent fool-proof.

One essential of fool-proof aviation is that the pilot shall not fly "blind."

A pilot is flying blind, in the strict sense of the word, when snow, fog or other unfavorable weather conditions make it impossible for him to tell the relation of the plane to the ground; or when the radio beam, which is simply a "mechanical eye" for this purpose, fails to function.

Investigation of the two fatal crashes north of San Fernando indicates that the pilots were flying blind in both cases.

Storms made it impossible to see, and apparently there was a failure to contact or stay on the radio beam. No one would dare ride in a speeding automobile behind a blindfolded driver.

It is just as dangerous to travel in a plane whose pilot cannot tell where he is going or how near he is to the ground.

The broken bodies on Oat mountain and near Olive View sanitarium are silent witnesses to that fact.

This useless slaughter must be stopped before it claims more victims.

The surest way to stop it is to forbid commercial planes to carry passengers in stormy weather—until an adequate and safe radio beam has been put into operation over its course—a signal that will flash its warning under any and all conditions.

Commercial aviation has become the world's fastest means of transportation.

It should also be made the safest.

A Wise Decision On a Wise Law

THE SOCIAL SECURITY ACT has just been upheld by Federal Judge Davis of Alabama in a test suit filed by 200 Alabama employers.

Judge Davis ruled that the act is legal under the "general welfare" clause of the constitution.

His decision is good news for millions of working men and women in the United States who in the past have faced old age without sufficient economic protection.

It means that they may continue to pay part of their present earnings to Uncle Sam in return for a pension when they reach the age of 65.

It means that the loss of a lifetime's savings no longer carries the tragedy it once did.

It means that the loss of a job no longer throws them on relatives or public charity.

Judge Davis' decision is also welcome to thousands of employers, who would like to, but who cannot afford themselves to pension faithful old employees.

Through employers' contributions to the fund, the act makes it possible for them now to give substantial help to workers.

The social security act is wise and humanitarian, despite minor defects which can be corrected by congress.

It already has the overwhelming support of the people.

It deserves the support of the courts.

Americanism in the American Way

THE FUTILITY of trying to hush up Communism, Fascism or any other kind of ism by suppression has now been thoroughly demonstrated by the Santa Ana school board.

Last week the board cancelled the lecture series of Professor Lewis Browne of University of California at Los Angeles, after complaint had been made that Browne is a Red.

Instead of silencing Browne, however, the board's action gave him 10 times as much notoriety.

He was held up everywhere as a martyr to the cause of free speech.

A group of liberal-minded local people arranged for him to come here anyhow and speak on the three dates originally scheduled.

The Browne incident proves clearly that free American citizens heartily dislike the idea of trying to gag any speaker—no matter what the color of his shirt.

They know that the constitution guarantees freedom of speech.

They want to see this inalienable right treated with proper respect.

The board will make a much more effective fight for Americanism if it sticks to the educational way by bringing here speakers who can point out the outstanding advantages of living under our form of government.

Remove Profit and Stop Kidnaping

SEEKING to take the profit out of kidnaping, Senator Ashurst of Arizona proposes a bill to prohibit the payment of ransom for the release of a kidnaped person. He says:

"So long as persons pay ransom there will be kidnapers. If kidnapers know they cannot collect ransom there will be no kidnaping."

The senator's reasoning is sound: Remove the profit and the motive is gone.

This has been demonstrated in the Labatt kidnaping case in Canada.

Congress should promptly pass the Ashurst kidnap bill.

Whimsies of O. O. McIntyre

Thoughts while strolling: For oblivion—those careless souls who cannot follow the simplest play

without lighting matches for program peeks. Remember the Iroquois!

A dream walking: Lillian Gish. The Lamb is a sailor. "Stage struck sailor," Bob Hague. Tableau for Esquire: Ernest Hemingway popping away at clay pipes in a Sixth avenue shooting gallery. Abel Green lives up to his first name. Memory: The button book New York down the side of high button shoes.

Sundown scene on the upper East Side: Mayor Walker airing his frisky Irish terriers. When I fly, I'll take Dick Merrill for the con-

ducting radio voice: Nellie Revell's.

Rhyme: Jack Lait is a grand old skate. A word almost every writer misuses: Diction. It is an attribute necessary to authors and not at all necessary to actors. And many

Freudian scholars think the loveliest sounding English word is "cellar-door." A golden ring.

If Doris Duke ever lost her millions she could do all right as one of those tall, slinky mannikins. Shilly name for a warm-hearted

guy: Obie Winters. The cute way Bill Robinson cracks his derbies head, sparrow like New York credo 1937: No matter what happens—let us be gay!

Oozing a heart. Alexander off the ozone was a heart wrench, they say, for the originator of the Good Will Court. He was for many years a hard working announcer with an eye for the step upward. And when his idea jelled, was accepted and furthermore granted the coveted

Sunday hour once reserved for Major Jones. It seemed to the broadcasting world like a new radio rajah had arrived. But as quickly as he rose, the curtain dropped, leaving Alexander bewildered and crushed. Lawyers, who thought his offering invaded their domain, crabbled his act with an injunction.

Nothing tarnishes so quickly as that fame created by headline notoriety. At Reuben's the other night they were crumpling crumplets and recalling names of beautiful show girls in particular—whose names used to be like champagne. One of the

winter sang for her supper in a shattered dream street cafeteria. Then one, who got more headlines than the war in Spain, as a beautiful figure in a celebrated murder. She's now submerged in a cellar cabaret. Another models

dresses that her maid in the old days would have discarded. Still another was wed to a dishwasher with a ready-made family of five.

That was agreeable snooping for the Bibliophile in Rockefeller Center this winter at the Book fair. A panorama of surprises including the J. P. Morgan loaned Gutenberg Bible, first editions and original manuscripts such as those of Tom Sawyer and Huck Finn, Vanity Fair and some Kipling

poems. If anyone believes all authors write like Greely, he would get a surprise in viewing Conan Doyle's mss for the Sherlock Holmes tale, "The Empty House." It is a model of neatness and precision. A masculine version of the clean cut chirography of Kathleen Norris.

One of the best ham-steaked stories concerns the talented Alfred Lunt and Lynn Fontanne in their first film. Alfred, scolding the cinema, declined to see the picture. So Miss Fontanne went alone. When she returned, he

withstood her silence long as possible and then asked about the film. She said: "Oh, Alfred I was terrible. I looked badly. I acted badly. I read badly. I was simply awful."

"And how was I?" he queried. "You were marvelous. Perfect pronunciation and characterization. A little too much make-up on your lips but very great. I, though, was miserable, everything was wrong with me."

"Ah," interrupted Alfred, "too much make-up on my lips, eh?" (Copyright, 1937)

SENATORIAL CRITIC

Sen. Gerald Nye, chairman of the munitions investigating committee and an advocate of drastic neutrality legislation, was belaboring the resolution which embarras

contended it was a sham gesture. The aspirations outraged Senator Key Pittman, chairman of the Foreign Relations committee and sponsor of the resolution. Leaping to his feet, he shouted:

"It is unfortunate that the senator from North Dakota should make such a speech. Great credence is sometimes given to remarks made on the floor of the senate. Many people really think senators know what they are talking about."

PEACE TREATY

The Roosevelt-Hull Pan-American neutrality treaty is slated for

EVERYDAY MOVIES

"We did fine—we only came out three hundred dollars behind."

The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON.—The Townsend organization is going "respectable." That is the inside reason behind Dr. Francis Townsend's announcement of a sweeping change in the administrative and financial set-up of his movement.

Henceforth there will be no more state managers, fancy commissions and big-figure expense accounts.

Practically all the old wheel-horses and one-time big guns in the movement either have been ousted or stripped of their power.

State organizations and managers have been abolished. Instead a system of organization based on congressional districts has been substituted.

In each district the clubs, chartered directly by the national office, will form a unit for political and propaganda action. Each unit will be headed by an "employed" district manager, hired by the clubs.

To pay the salaries of these managers, the national headquarters relinquishes the assessments and donations it has required of the clubs in the past. The national office will be supported by the Townsend National Weekly, which has also undergone a thorough house-cleaning.

Certain types of advertising have been thrown out and the publication put on a strictly business basis. Subscriptions are \$2 a year, and every Townsendite is expected to subscribe. The publication claims a 300,000 paid circulation.

Under the new set-up, \$1.50 of the subscription price goes to the national office and the other 50 cents to the local club. Also, the clubs will pay 50 cents a year as a "charter fee" for each member.

(Note: Rep. John McGroarty, Los Angeles Democrat, who sponsored the original Townsend bill is no longer a member of the movement. The \$100-a-month pension bill he has introduced is not the official Townsend proposal.)

The British have large trade and financial interests in Argentina, and they do not want this country to become too potent in Latin American councils.

State department insiders also say that British foreign office influence, very powerful with Lamas, worked overtime to scuttle the conference.

The Mailbag

This department belongs to The People. Letters to the editor on various subjects are welcomed and will be published, provided they do not contain abusive and personal references. Their publication does not necessarily imply the opinions they express are shared by The Journal. Letters must be signed, although signatures will be omitted upon request.

CIVIL LIBERTIES

To the Editor: May I use your columns to call attention to the words of National Commander Harry W. Colmery of the American Legion regarding true Americanism? Mr. Colmery said:

"Americanism, true Americanism, means acceptance of and adherence to all of the principles and institutions of our American form of government. We cannot accept only those which coincide with our individual point of view and violate those which do not; and we must not resort to force to suppress persons or groups whose opinions differ from our own. This is the very essence of un-Americanism."

"The constitution of the United States guarantees freedom of religion, freedom of speech, freedom of the press, and the right of the people peaceably to assemble, and it declares that congress shall not make any law which shall abridge the free exercise of these sound principles. They are the most American thing in the constitution. Without these wise provisions, we would have no democratic government. Indeed, history tells us we would have had no United States of America."

"It is the sworn obligation of every member of the American Legion to uphold and defend these principles as faithfully, as courageously, and as impartially as every other article of the constitution. We must not deny the right of free speech or peaceable assembly to any person or any group, not even to those whose theories we despise. Our country has enjoyed a greater degree of progress; our people have been blessed by more happiness than any other country or people on earth because this government has maintained the principles of freedom and liberty. We must not do anything to undermine them, however, well intended our motives may be."

"Revolution flourishes only in the shadows where freedom and liberty have been strangled by suppression. We must overcome Communism and other subversive movements. But 'viewing with alarm,' 'red-baiting,' and 'riding professional martyrs on a rail,' are not the best way to do it. Our best weapon is education."

Thank you.

GEORGE A. WARMER, Santa Ana.

Business man with illuminated proboscis has hard time convincing his jolly friends the color was the result of the weather and prevalent epidemics apparently logical thereto. It is about as difficult to explain why you are carrying a lantern on the end of your nose as it is to prove how you got a black eye.

If it is a private ally, why can't private cars use it? That is what a few friends want to know, and I can't tell her, officially. But the fellow who owns the private ally might help some.

Elmer Heidt, who made a reference as to my association with ants, paid me an unintentional compliment, and I say compliment because that is not what he intended. Ants belong to that very large group of highly intellectual insects of the super-family Formicidae of the order Hymenoptera. Having read about what old Hercules did to Antaeus, I've decided to stick close to the ground with the rest of the ants, simply as a matter of safety.

Ever since the creation of the world men have been telling each other how to run it, and they can't agree. So what are we going to do about it? Start a new world or try and get together? I do not know, and judging from what has happened a lot of other people do not know, but with all our disagreements we've made some progress. So let's toddle on and do the best we can.

If it was a brown derby, I would think Al Smith had arrived.

I could call that beast who murdered little Charles Mattson a lot of names and then fall far short of what the world thinks of him. What is more important is that his perverted mind is liable to repeat the crime. Therefore his apprehension and immediate execution would relieve the public mind.

Haberasher offers me a derby hat, and I tell him I'm not in the poultry business, that I'm not an egg—at least not a bad one—and for him to try his skill at placing the sky piece on some other cranium. For me to change from a cap to a derby would be equivalent to losing my identity.

Notice where a Y. M. C. S. professor has just died at the age of 88, so my friend, Ralph Smedley, won't have to worry for a long time. Hope he won't be sorry at 88, and by that I mean I hope he is dead. I do not want to be careful and get this so Ralph won't misunderstand me. He writes, for the Wheelbarrow, and I don't want him to wish me an early transition.

Newspaper heading: "School Board Washes Hands of Browne Squabble." I washed mine, too, but it was on account of the smudge.

Death rode the airways, and Martin Johnson's lecture scheduled for the Santa Ana Elbell club, will only be a memory of what was to be. It seems like an incongruity that after facing death in the wilds of Africa he should come to the end of his career in such a tragic way, especially when but a few minutes from his destination. But death moves in a mysterious way, and the time and the place we know not, which in the scheme of things is a blessing. Johnson had gained international prominence as an African hunter while yet a young man. He brought back not only game but information, which obtained for him places on the lecture platform. It was one of these interesting personal experiences he was to relate to Elbell members and patrons Monday evening. It is the loss of the lecture that brings a poignancy to the incident, as much of that information is available from other sources as well as his own, but the exit in such tragic manner which left his loved ones and friends unprepared for such a sudden closing of the book of life. There is something of a tragedy, with which the world has not yet been reconciled.

Skinny Skribbles

Around and About Town

With C. F. (Skinny) SKRIBBIN

Harold Mathews' favorite song is "Go Away and Let Me Sleep."

Harold hates to get up in the morning, so he makes provision to overcome this tendency by inventing a number of contrivances other than an alarm clock to raise such a disturbance Thursday morning that sleep is an impossibility.

He tried the alarm clock first and became so accustomed to it that he could return to sleep while the bells were ringing. Then he arranged for several friends to call him, and that worked the same way. The alarm clock did. Then he devised a plan to connect the radio with an electrical system which set the music going and so emphatically that he couldn't sleep and neither could the neighbors, so he got up and left to protect himself against their wrath. There is more than one way to get up in the morning.

And that New Year resolution you made. Well, what about it?

Business man with illuminated proboscis has hard time convincing his jolly friends the color was the result of the weather and prevalent epidemics apparently logical thereto. It is about as difficult to explain why you are carrying a lantern on the end of your nose as it is to prove how you got a black eye.

FLOWERS

For the Living

TODAY, a bouquet to:

DIRECTORS William E. Baker, John Henderson, Hale Paxton, John

W. F. Cuddy, Harry Hanson, C. H. Hoiles, John Price and Harold Wright, who recently were elected to the board and who will serve the community through the booster body.

SAN FRANCISCO.—Assemblyman John Mullaly, member of the last legislature, was shot and killed by three robbers at his saloon early today. He reached for his revolver but was shot before he could use it. He died in an hour. His slayers escaped.

MADRID.—The Spanish cabinet, of which Jose Canalejas was premier, resigned yesterday. The cabinet resigned as a result of a divergence of views with King Alfonso.

Charlie Arviso, who has been more or less in the eye of the public for several years on account of his peculiar attitude toward the requirements of the law, was arrested last night on a felony charge and landed in the county jail.

Ernest Von Allmen, Raymond Waite, Bert Winslow, Will and Robert Binkley left yesterday to resume their studies at the University of California, after spending the holidays at home. They made the return trip on the Yale.

Mr. and Mrs. George Young entertained the ladies of the Catholic church Friday afternoon at the home of her sister, Mrs. Olive Lopez, 329 West Fourth street.

The afternoon was spent pleasantly, blocks being out for a fancy quilt which the ladies will dispose of later. Appetizing refreshments were served late in the afternoon, a neat sum being left as a free will offering.

There was a high mountain range to cross.

Airplane pilots on that particular route do not always stop for a little murkiness. They have two big power plants in their planes, and the weather has to be more than slightly messy to keep them on the ground.

In fact, with the ground continuously, the pilot doesn't know exactly where he was and just about exactly where he could effect a reasonably safe landing at all times.

To my friend and other passengers, who were permitted to watch the operation, the exploit of following the beam was a thrilling and interesting experience.

Occasionally, in the murk, the big sky ship would drift to right or left of the radio beam that pointed it precisely to the airport for which it was bound. On such occasion the pilot would zig the plane left or zig it right, until the instrument recording the beam said dead center.

A bit astonishing, isn't it, when you think back just a few years? I yearn to "ride the beam" again—but in an airplane.

"The beam" in that case was the brakebeam, a solid timber running crosswise of the boxcar, just against the wheels, and holding little in the way of comfort or cleanliness for the traveler it accommodated.

"The beam" my friend meant was an entirely different beam. But it took me half a second to catch the meaning of his term. He meant the radio beam that guides airplanes through areas in which visibility is poor or lacking.

My friend was moving from an inland city to the coast. Murky weather blocked almost the entire

route. There was a high mountain range to cross.

Airplane pilots on that particular route do not always stop for a little murkiness. They have two big power plants in their planes, and the weather has to be more than slightly messy to keep them on the ground.

In fact, with the ground continuously, the pilot doesn't know exactly where he was and just about exactly where he could effect a reasonably safe landing at all times.
